

Maple, Concord and Edgeley District News

"The Liberal" is always willing to publish interesting items regarding people and events contributed by its readers in Maple, Concord and Edgeley districts. Our representative in Maple is Mrs. Len Shore, Alpine 7-1150; in Edgeley and Sherwood, Mrs. Raymond Stuart, AV. 5-1934; and in Concord, Mrs. Ruth Keffler, 285-4040.

This Week's Happenings In Maple

Gone Out of Style?

Away, way back, I seem to recall the luxury of sleeping in on a Saturday morning but for a long period it has been just a pleasant memory.

For the last two Saturdays I've gallantly set about to enjoy same again but reluctantly have given it up as it seems no one else in town indulges.

With the phone getting the busy treatment from 7.30 on I've marked Saturday morning sleep-ins as old fashioned and quite obviously "out of style".

Pot Luck Anniversary Supper
The 1st Maple Boy Scout Ladies Auxiliary celebrated its 8th anniversary in the form of a pot luck supper and games night May 22 in the Lions' Den at the Community Centre.

Members and guests were greeted by President Berit Plunkett. Among the guests present were group committee chairman Lowell House and his wife, Mary; president of the sponsoring group, the Maple Lions' Club, Andy Snider and Dorothy Snider; members of the group committee, Kirby Brock, Al Moore, Louise Plunkett, Frank Robson and his wife Marjorie; Akela Russ Locke of "B" Cub pack and his assistant Greg Shore; assistant cub leaders of "A" pack, Dixie Sinclair and Mr. MacDonald; troop leader Noel Gillins.

The festive hour was spread with many varieties of hot casseroles and cool crisp salads, cold ham, pies and cakes and coffee.

Aileen Birch received a prize for having attended the meetings most regularly all year.

Games were conducted by programme conveners, Aileen Birch and Brigitta Weidenfelder.

This is the final meeting of the auxiliary until the fall.

Sports-wise at R.H.H.S.
In the Richmond Hill intramural track and field event, held recently, Lester Downing tied for the intermediate championships.

Lester won 3 events by topping all contestants in discus, shot put and javelin events.

Congratulations to R.H.H.S. athletes in winning the Eckhardt Trophy, emblematic of North York Secondary Schools Association track and field supremacy for the 6th successive year, at Aurora. There were more than 400 athletes from 10 schools participating and R.H.H.S. won with 190 total points.

Maple's former "Liberal" paper boy, Larry Licastro set a new junior mile record by covering the distance in a time of 5 minutes, 23 1/2 seconds.

At the R.H. Fair, holiday weekend, Donald Vance of Maple took 3rd place in the open lightweight hunter class, on "Roy's Freedom" during the judging of the horses.

Here's a Bonus, Bake Sale!
All you 'green thumbs' from round and about have been alerted for the Plant Sale this Saturday and now because of an added bonus - more time may be spent in your gardens this weekend.

The W.A. of St. Stephens are holding a "Bake Sale" along with the sale of plants and snippings from favorite perennials and shrubs, at 11 a.m. June 1 in the Rectory Gardens, next door to St. Stephen's Church.

Come and buy to give your larder and your garden a lift, thereby supporting the W.A. who are taking such a keen interest in the construction work now in progress behind their church, their long hoped for and eagerly awaited "Parish Hall".

Co-Reporters
While in Rochester, recently, I noticed the books on Gardening by John Bradshaw, in a super market.

In a very flip manner I said, "Oh yes! We write for the same paper!" However, my companion was most sincere in her praise of the assistance gardening-wise, she had received from her books and interested in the fact that a Canadian's books were so widely distributed for sale in the American stores. Isn't it more usually the reverse?

Re Rochester Visit
I'm finding it easier these days to accept, more graciously the fact that our sons are so rapidly growing up (beyond the fact that 2 of them are over 6 feet tall). Just a few days ago very little pain was noticeable when our oldest, Peter, offered me the use of his newest pride and joy - his white Volkswagon - for a trip to Rochester, N.Y.

For "educational purposes" Steve, our youngest, came along as navigator and official scenic and historic note taker!

In our original purpose of the trip, taking my Mom and Dad, Mr. and Mrs. Binson Smith, Newmarket, to visit relatives, we were able to catch up on the doings of my long time friends, Dave and Ruth Barton, Sandra, Doug and Dwight, who live in Rochester. We arrived during the Roch-

ester Lilac Festival that has been held for 73 years in Highland Park and what a beautiful sight, and smell, with 535 varieties of lilacs.

Two days later, Steve and I set off for home via Queen's Heights. The last time I climbed those 235 steps of Brock's Monument, I was about the age Steve is now - and somehow I sure felt the difference! Everything was so beautifully green and well kept lawns and flower beds were a treat to see.

An interesting stop-over at the Hydro floral clock which is comprised of approximately 24,000 colorful plants making up the design of the clock face which covers 1,130 square feet. The 12 letters that make up "Ontario Hydro", replace the usual hour numerals. The hour hand weighs 500 lbs. and is 14'6" long and the minute hand is also 500 lbs. and 17'6" long while the sweep second hand is 250 lbs. and measures 21 feet.

We wished we were able to stay around until dark to see this illuminated as well as the landscape with its trees and shrubs of 40 acres all lighted

Concord Socials

Graduate As Teachers
Congratulations are in order this week to two recent graduates of Toronto Teachers' College. Wendy Simmons has completed the two-year course and will teach in Richmond Hill.

After many years of being a hombody like the rest of us, Lois Nordin decided last fall to take the plunge and go back to school.

She has successfully completed her year at teachers college and will teach in Vaughan Township.

Those Finals
It seems no time since we were telling the high school crowd to start burning the midnight oil for Easter exams, and lo and behold, it's time for finals. Good luck kids, on all your propositions, conjugations, and declensions. For that last word, surely there are still some Latin students around to whom it will mean something! And for chemistry students, it's always better to go by the book's experiments and not those charred, smelly test tubes that you ended up with!

Train Trip
On the elementary school level, several grades at Concord are looking forward to a train excursion from Toronto to Hamilton by steam locomotive. The grades who studied transportation methods in their social studies courses are being given the opportunity to make this trip. Guess what? Some parents are looking forward to it too!

We heard of one senior student who is a little miffed at the whole thing - here's a chance to get away from it all with your classmates and who has to come along but Mother, to keep an eye on young brother in grade 2. There just aint no justice!

At last report the girls baseball team with Miss Freeman coaching were on a winning streak. Hope that luck holds for the series girls.

Socials
Congratulations to Garth and Marg Rudge who welcomed a baby boy last Wednesday, a brother for Gillian and Kimberley.

I hate to say it, but Mrs. Bert Witte has hurt her arm again. This time it was a bad scald on her forearm, and fortunately it has healed nicely.

Belated (I don't seem to have any other kind) birthday greetings to Tori McClymont, May 24. After rummaging through several coat pockets, I came across the paper (borrowed) on which I had made notes one day at the P.O. Here as far as I can make out is the information. (Go ahead, say it - some correspondent).

Mr. and Mrs. Albert Lapping celebrated their thirtieth wedding anniversary on Mothers' Day, May 12. Several relatives "just happened" to drop in that day. Mrs. Lapping's father, Mr. Wm. Murray, Uxbridge, her sister and family, Mr. and Mrs. Ross Phoenix, Orono were among the visitors.

Ed Bowes and daughter Susan, and Nancy (Bowes) Bisson and boys also dropped in to wish their mother a happy Mother's Day and anniversary combined.

Bob and Doris Sherring took along a real working crew one

and then of course the twenty "36" searchlights illuminating the falls.

We stopped off at the whirlpool basin where the Spanish Aero car, one of the longest passenger carrying cable railways in the world, swings over the circling waters. On then to the Great Gorge where the river channel is 300 ft. wide, the current about 27 miles an hour, and the water from 150 to 200 feet deep me

Newest tourist attraction at Niagara Falls, is the Seagram Tower just opened last June. This is a must and well worth the tab. It is the first concrete and steel structure of its kind on the North American continent and is a "crown" equal to a 7 storey building, 70 feet diameter, atop a 195 ft. shaft - a total of 325 ft. high and weighing 19,000,000 lbs. It is 500 ft. above the falls, over 660 above the Niagara gorge and a 5,000 square mile view can be seen - more than twice the area is in your view. If you can re-

cognize it - in the distance, the skyline of Toronto!

The cars, as Steve said, look like tinted glass for perfect exposure for photographers, with exposure, focus and framing instructions by a camera company. On the very top is the "Top-of-the-Crown" - a summit deck with the flag atop an even higher pole.

Everything looks so miniature down below.

The cars, as Steve said, look like tinted glass for perfect exposure for photographers, with exposure, focus and framing instructions by a camera company. On the very top is the "Top-of-the-Crown" - a summit deck with the flag atop an even higher pole.

It was a most satisfying unexpected three-day holiday in an area I hadn't really taken time out to re-discover for many a moon, recommended to all and especially school aged children, as Steve would verify.

It Will Be Missed
The most common reaction from folk in this area, re the decision of the area school board to cancel Vaughan Music Night for this year, is one of disappointment.

It is one event eagerly looked forward to by parents and relatives of our community, as well as the school children. The usual "full house" turnout as witnessed each year seems indicative enough that it is a highlight of the school

St. Paul's Cemetery Dedication Service
A new addition to St. Paul's Cemetery, Vaughan, will be dedicated on June 9. The new land, acquired from Mr. Grant Glasco will add about two acres to the existing cemetery.

A wrought iron fence that will surround the new addition has been donated by Mrs. William Craib.

The consecration ceremony that will commence at 2.30 p.m. will be conducted by the Rev. B. F. Andrew and the Gordon McGillveray Male Choir will assist in the service of praise.

The Hon. J. Keiller MacKay, former Lieutenant Governor of Ontario, who will be the guest speaker at the service will be introduced by Mr. Glasco and thanked by Major A. A. MacKenzie, M.L.A. York North. Mr. Archie Cameron will be in charge of the overall arrangements at the ceremony.

Each group of bowlers had its prize winners of course, too numerous to mention. (Well, really I forgot who got what), and the girls on the Spotlight league (Tuesdays) executive deserve special mention for operating on a very limited budget. Everyone ended up with a prize for some outstanding feat, either a team or an individual prize, and anyone not satisfied should be drummed out of the corps. For next seasons bowling get in touch with Donnie Warwick, 285-3417, if you'd like a pleasant morning or afternoon out.

Note of Sympathy
The community extends its sympathy to Mr. and Mrs. Ed Clarke and family on the recent passing of Mrs. Clarke's mother, Mrs. Vanderburg. In her 81st year, Mrs. Vanderburg had been in failing health for some time.

year. With the cost in 1962 being \$500, it has been suggested that a nominal admittance charge would perhaps help out expenses and in hearing from many parents, they have indicated their willingness for such a suggestion if that would assist in getting Vaughan Music Night back on the road.

The varied age groups from the one-roomed schools up to the larger schools with their own special styles and choice of music was thoroughly enjoyed to the full by all.

Final H & S Meeting
The final meeting for this season of the George Bailey Home and School Association, will be held in the school June 5, at 8 p.m.

A half hour film entitled "The Test" with actress Frances Hyland will be shown dealing with "What values do we unconsciously teach our children by our own example?" A group discussion will follow.

All members and parents are urged to attend.

In Hospital
Mrs. Fred Cooper is steadily improving following her operation last Thursday at York County Hospital, Newmarket. She enjoys her cards and messages from neighbours and friends.

Third and final reading was given to a bylaw authorizing the borrowing of \$199,795 upon debentures for construction of a waterworks system in the Edgeley water area. Township Solicitor T. O. Fraser said he had been advised by the Ontario Municipal Board that the proposed bylaw was in order and had been approved.

The township's police committee recommended to council that a review of tenders for the demolition of the hall be deferred until June 3.

The committee recommended to council that a review of tenders for the demolition of the hall be deferred until June 3.

Fire gutted a house and forced its occupants to flee when flames burst through the roof in Elder Mills last Tuesday. The house owned by D. McCallum was near Highway 27. Mr. McCallum and his family managed to save most of their furnishings and personal belongings before the fire destroyed the house.

Vaughan Township Fire Chief James Davidson said firemen used 2,300 feet of hose and pumped water on the flames from the Humber River.

An investigation into the cause of the fire is being carried on.

Former Maple Residents Mark Golden Wedding
Mr. and Mrs. Alex Forrest of Lindsay, formerly residents in Maple will hold a family dinner June 1 to mark their golden wedding anniversary.

The anniversary will be celebrated at Eden, Mariposa. Mrs. Forrest's old home where she and her husband were married and where her brother Mr. Etley Greenaway and family still live.

Honeypot Tour June 8

On June 8 from 10 a.m. to noon, Maple Branch of the York Central Hospital Auxiliary has planned to catch the mood of a June morning with a nature walk through the magnificent Honeypot Valley, on the northwest corner of Elgin Mills Sideroad and Dufferin.

Behind this much-travelled thoroughfare lies one of the beauty spots of Ontario. Three lovely homes that command a breathtaking view of the valley have loaned their gardens to the auxiliary. The old Oliver homestead, well-known

pioneer landmark with its pine door and 16th century wrought iron knocker is the home of Mrs. H. C. Cruickshank and Mrs. G. Cruickshank. The french provincial style country house of Mrs. H. G. Demorest overlooks the valley and in the valley itself, the Danny Cramptons beautiful country home. From here the gates will be open to allow visitors to wander through the valley below.

There will be an "Under-the-Trees" art display by Madeleine and Harold Howarth, pupils of Otto Grebbe and first small

showing of outstanding sculpture. Outstanding naturalists will help identify wild flowers, trees and birds; they will point out the last stand of majestic pine in this part of the country. A camera expert will help with any photographic problems so that visitors can better capture the beauty of the spring morning. Visitors are also welcome to sit under the trees and sketch.

Come prepared to walk or if you prefer just to sit on the terrace by the pool and enjoy the breathtaking panorama of green valley

over a morning cup of tea or coffee and listen to the music of a wandering troubador. Whether you walk or whether you just bask in the country air, there will be baskets of country fresh bread, bowls of whipped honey, wild strawberry jam and nippy old fashioned ginger preserve. On sale also will be fresh garden flowers and interesting small antiques.

Help your hospital and find just how rare a day in June can be.

Tickets are available at \$1.00 per person by calling Mrs. J. Large TU. 4-5489.

Vaughan Council Notes

A request to delay demolition of the Rivale Community Hall was granted by Vaughan Township Council last week.

At the May 15 meeting of the finance and general purpose committee, Mr. Brian Bailey asked that no decision be made about the hall for at least two weeks. Mr. Bailey stated he hoped to interest members of the community in the idea of repairing and operating the hall originally built a dozen years ago by area residents.

The committee recommended to council that a review of tenders for the demolition of the hall be deferred until June 3.

Dedication Ceremony of ST. PAUL'S CEMETERY, VAUGHAN Sunday, June 9th, 1963 2.30 P.M.

Consecration of newly acquired ground and dedication of ornamental iron fence.

GUEST SPEAKER: The Honourable J. Keiller MacKay D.S.O., V.D., Q.C., D.C.L., LL.D.

TOWNSHIP OF VAUGHAN Notice To DESTROY WEEDS

Notice is hereby given to all property owners and occupants of the Township of Vaughan that in accordance with The Weed Control Act, 1960, Ontario, Section 8, 9, 10, 11, 12 and 13, unless weeds growing on their lands within the Township of Vaughan are cut by Friday, June 14, 1963, and throughout the season, the Weed Inspector of the Township of Vaughan may enter upon the said lands and have the weeds cut, charging the cost against the lands, as set out in the Act. The co-operation of all concerned is earnestly requested.

ERNEST BONE, Weed Inspector, AV. 5-3108

Why now? What's the rush? Well, we just want you to have your Chevy II for the summer - for doing all the picnicking, swimming and travelling you've been looking forward to all winter. Sure, you say, a new car would be nice, but... Well, there are no "buts" about Chevy II. The ride and room are strictly big league. The handling is sure and easy. And when you're on the open road, you'll wonder where all those horses came from. (There's 90 horsepower in The Super-Thrift Four; 120 in The Hi-Thrift Six.) Thinking about the money? So is Chevy II. That's why you get self-adjusting brakes, long-life exhaust system, extensive rust-proofing, water-flushed and air-dried rocker panels and a battery-saving Delcotron generator as standard equipment at Chevy II's remarkably low price. And don't forget, you can also take your pick from a dozen different models - from the snappy Nova 400 Super Sport Convertible to the oh-so-practical 100 Series sedans and station wagon. As we said "Now's the best time to buy the low-price, top-quality Chevy II"... and your local Chevrolet dealer's the one to convince you!

Nova 400 4-Door Sedan A General Motors Value

The thriiftest family car going! CHEVY II

Be sure to see Bonanza on the CBC network. Check your local listing for channel and time. See your local authorized Chevrolet dealer.
