Softball School Town Park Saturday

A softball clinic for members of the R.H.M.B.A. will be held in Richmond Hill Town Park this Saturday starting at 9 a.m. Several members of the Dynes Jeweller softball team will be on hand to pass on tips and other valuable information to players, coaches and managers.

Russ Cripps, Sil Steffon, Gary Smith and Ray Judd are anticipating a big turn out and a large number of pertinent questions. If any softball player or coach wants any point of the game clarified then this is the place to get first hand information.

Newmarket 1 - 7 Richmond Hill United - 0 Richmond Hill United team suffered its worst defeat of the season, and indeed in its five year history, last Saturday losing 7 goals to nil in Newmarket.

It had promised to be better match, for Richmond Hill has made impressive high scoring wins in recent games and held down second place in league standing. Yet the game was completely one sided, with Newmarket scoring four unanswered goals in the first half, and adding three more in the second,

The United has many fine individual players, but they failed to work coherently in this game. Lack of co-ordination between the offensive and defensive was evident through+ out the game, and Richmond Hill will have to show much improvement if it hopes to stay

with the leaders in the league Next week: R. H. vs Aurora , town park, kickoff 4 p.m.

Forester Reports 8,000 Trees

In his annual report to York County Council, Forester J. A. Simpson said 8,000 young trees have been planted since the spring within the county's forest areas.

School children visiting the area in early May planted 3,200 trees in a sixacre pine tract burned by fire in April, 1962. Plans have been made to plant 2,000 white pine in the Pefferlaw Creek tract next

Total acreage of the county forest is 3.816 acres. Cost of administration for the year's work which includes salaries, travel and office costs was \$2,500. Mr. Simpson said. General maintenance costs were \$4,900.

No new fences were built but a considerable amount of fencing has been scheduled for this summer.

Approximately 68 acres of plantation were crop trees pruned and in the spring of 1962, a 51 acre tract red pine stand in the southern end was thinned and produced 530 cords of pulpwood. In the west tract thinning produced 300 cords of wood. All pulpwood cut in the forest was done by contract and sold the Ontario Paper Company,

Mr. Simpson told couneil, "It is an amazing spot when you think of what the area was like before department of Lands and Forests and the county got together to develop it."

On Friday, Mr. Simpson conducted a tour for county members through the Vivian Forest area by motorcade.
