Thornhill S.S. Prizewinners Are Announced

Prizewinners at Thornhill Secondary School in 1963 were announced this week by A. E. Elson, principal.

Winners of board awards were Geoffrey Coleman grade 9, with a 92.5%; honourable mention was made of Scott Tremaine with 92.2%.

Proficiency awards were made to Wendy Mitchinson, 90.5%, grade 10 with honourable mention, Ian Rankin, 89.4%, in grade 11, Ian Calvert and Allan Reoch tied with 81.37% and in grade 12, Terry Lazar, 87.4%.

The Buttonville Women's Institute award won by Geoffrey Coleman reverted to Scott Tremaine, grade 9.

The Lions Club scholarship was won by Terry Lazar who also won the Bank of Nova Scotia award which went by reversion to Judith Stewart who averaged 85% over two years in grade 11 and 12. The Gordon Lake Memorial Prize also won by Terry Lazar reverted to Miss Stewart for language.

The Board of Student Senators prizes went to Wendy Mitchinson by reversion to Ian Rankin, grade 10; Ian Calvert and Allan Reoch in grade 11; Terry Lazar to Jeanette Obney, grade 12.

Three students whose names were left off the list of honour students published last week were Lorraine Aho, Joan Every and Suzanne Wilson.

Rev. E. Burn Inducted St. Matthew's United

Induction of Rev. E. James Bruce Curtis, the church choir sang two anthems.

Following the service members of the congregation had an opportunity to meet and greet their new minister and his wife at a reception and social hour.

Mr. Burn came to St. Matthew's at the first of the month from St. Paul's United Church at Bancroft where he had been stationed since 1959. He also served as minister in Sharbot Lake for three years.

A native of Janetville, he is a graduate of Lindsay Collegiate. He received his B.A. degree from McMaster University in 1953 and his B.D. degree from Emmanuel College in 1956. During his college years he served in the summer in mission fields in Saskatchewan and Ontario. In 1956 he was ordained into the ministry of the United Church of Canada in the Bay of Quinte Conference.

Mr. Burn comes to Richmond Hill with much experience in work with young people in church and community. For two years he served on the committee of 10, a Christian education committee of the five central conferences.

Mr. and Mrs. Burn have four children, Eleanor 7, Margaret 5, Nancy 2 and Kevin 5 months.

Mr. Burn succeeds Rev. W. W. Patterson who assumed the duties of associate minister of Trinity United Church in Smith's Falls earlier this year. Mr. Patterson has been minister at St. Matthew's for five years.

NORTH YORK: Council approved installation of safety belts in all township owned passenger cars. The safety devices will be installed in both front seats of the vehicles. Belts will be installed in the township ambulance and in two of the fire trucks, also.

Large-Type Flora Grows On Fauna Street

A giant size flora is growing on Fauna Street.

Mrs. Jacqueline Dawson, 4 Fauna St., Richmond Hill, who claims she has only an "occasional" green thumb proudly reported a 30 inch spike of Black Knight delphinium in her garden. Average height for the summer bloom is about 12 inches.

The bloom, one of a clump of smaller ones, is 19 inches across the base she said and according to horticulturists is an excellent size specimen. It is second year growth.

"My mother-in-law has been gardening for 30 years and said she has never seen anything like it," Mrs. Dawson said. She hopes to preserve the bloom if she can find the right process.

Hydro Tours Informative Sidetrips Visited By 250,000 Last Year

Even if you don't know a kilowatt from an ampere, visitors will find a tour of one of Ontario Hydro's power developments an interesting and informative sidetrip during an Ontario vacation tour this summer.

Strategically placed throughout the province, generating stations on the Niagara, St. Lawrence and Ottawa Rivers, and on Lake Huron, are currently open to visitors.

Last year over 250,000 people inspected the plants and Ontario Hydro expects a greater influx this year than ever before. Extra guides are posted for July and August and visiting hours are extended. Power stations open to visitors are close to main population centres and are easily accessible from provincial highways.

Guided tours are available at the following stations:

Sir Adam Beck-Niagara generating station—One hour tours daily from 9 a.m. to 4 p.m. Visitors see a 30-minute film and go by elevator to the bottom of the Niagara Gorge where they inspect the control room and view the power house. Tours start at the information centre in Queenston.

Douglas Point nuclear power station—At the information centre, jointly operated by Hydro and Atomic Energy of Canada, a 150-seat auditorium is open daily from 10 a.m. to 5:30 p.m. until September 15. After that date, the centre will be open on Sunday afternoons.

Richmond Hill Horticulturists Enjoy Delphiniums And Strawberries

Visits to the gardens of Dr. H. H. MacKay and R. D. Little, where strawberries, lettuce and cream and coffee were enjoyed featured the July 4 meeting of the Richmond Hill Horticultural Society. Mrs. A. Nelson convened the committee in charge of refreshments.

After admiring the gardens the group returned to the Lions Hall to see the delphinium show and learn the judge's decisions. The judge was Mrs. Ernest Redelmeier, a member of the local society.

Dr. H. H. MacKay and Mrs. Titshall were winners in the specimen class, Miss A. Stong in the new members' class and Miss Gwen Urquhart in the junior division.

Due no doubt to the drought there were fewer exhibits than usual, but the quality of those shown was excellent. Particularly attractive were the arrangements in the wedding supper table class.

Mrs. George Barker and Dr. MacKay were awarded places in the court of honour.

The meeting was convened by Mrs. J. Rumney.

Police Court News

John Robert Hampson, 29, of Gormley was convicted of impaired driving and fined \$100 and costs in Richmond Hill magistrate's court Tuesday. He was charged following an accident in which he was driving a truck checked to see if the second car was all right and then drove off and through a red light. He had no previous record, court was told and was given two weeks to pay his fine.

Patrick Keith Bell, 24, formerly of the Sharon area was convicted on two counts of theft under \$50 and remanded in custody for a pre-sentence report to July 16. He pleaded guilty.

Markham police said Bell was charged after he was found with cigarettes, gum and soft drinks from Don Way Fruit Market, Don Mills Rd., June 28. He admitted to the theft and to a theft of meat, bread and cigarettes on May 20 from the market. Court was told entry was gained by Bell climbing over a seven foot wire enclosure. Cash value of the goods was about \$21. Charges of breaking and entering were withdrawn.

George Green, charged with impaired driving was remanded to a hearing September 2. Charge was laid by Markham Village police.

Fine of \$25 and costs or eight days was handed to Colin Dick, Richmond Hill, charged with illegal possession of alcohol May 27 after he admitted ownership of some beer found in a car on the Markham police station property.

Whether or not a tent is considered a home when it's in a car and not in the ground was considered by Magistrate O.S. Hollinrake Tuesday.

Charged with illegal possession of alcohol was Nicholas George, Toronto, who pleaded guilty to having an unopened case of beer with him in his car. He told court he was going to a Lake Simcoe tent site June 15 but had the tent with him. Fine was \$10 and costs.

Lions Club Formed In Richvale District

An enthusiastic group of men from the Richvale, Carville and Langstaff district attended a meeting June 27 to consider organization of a Lions Club. The meeting was held in the Canadian Legion Hall, Carville Road, and 36 interested residents attended.

At the conclusion of supper District Governor Hugh MacKay gave a talk on Lionism. He introduced Dalton Higgs, executive secretary for district A of Lions International who explained the objects and aims of Lions. He gave a brief history of Lions Clubs and outlined the work of Lions as well as the structure of a club. Although it will not be easy, he said, it will be very gratifying work. Many questions from the audience were answered.

Mr. Higgs called for a motion to form a Lions Club, which was forthcoming, and which carried with a large majority. A nucleus of president, secretary and treasurer was named to arrange for the next meeting on July 16 when nomination of officers will be held. It is hoped that the new club will include representation from each area in the district to be covered by the club. Sufficient members have already signed up so that application may be made for a charter.

Anyone interested in attending the supper meeting on July 16 is asked to phone John Bailey at AV. 5-3820, Ed Bailey at AV. 5-3628 or George Wood at TU. 4-2479.

Dumping Of Waste Banned In Markham

By-law No. 2021 was read three times and passed by Markham Township Council Monday afternoon.

This by-law prohibits the use of any lands within the limits of the municipality for the dumping or disposing of domestic or industrial waste.

The whole of the township is included in the prohibited area, with the exception of the land on which the township dump is located.

MARKHAM: Plans have been approved for the liquor store. It will have a 42 foot frontage on Main Street and a length of 114 feet. Entrance will be on Ramona Blvd.

AURORA: Choice Cut-Up Chicken Ltd. has announced plans for adding 8,000 square feet to its present 20,000 square foot plant on Old Yonge Street.

The by-law explicitly defines industrial waste, as material from an incinerator or waste, refuse or garbage from an abattoir. Domestic waste disposal is prohibited within the township elsewhere than on the premises on which the waste has been obtained.

Penalty for breach of the by-law will not exceed \$300 exclusive of costs for each infraction.

Copies of the by-law will be published in the local papers. The by-law will curtail the dumping of garbage from Forest Hill Village, and the burning of it on part of lot 9, west side of concession 4. This operation has been the subject of many complaints to council in the past.

Councillor Charles Hooper commented, "After five years we finally have a dumping by-law."

City Board Of Control Considers Jail Farm

Wednesday Toronto Board of Control considered a plan to open the door to a multi-million-dollar industrial development on the 635 acres of the city-owned Langstaff jail farm.

The plan was presented by officials of Markham Township and calls for the city to invest \$225,000 to provide sewage facilities to the southern limit of the now undeveloped land. City officials have considered the idea in numerous private conferences in recent months and it is reported their attitude is favourable. No results of the meeting were available at press time.

The latest proposal for the development of the jail farm, if approved, will throw open for development a site that has laid dormant for years in the middle of a rapidly expanding area. It will provide attractive sites for industrial development which will help to balance the township's ratio of residential to industrial-commercial assessment.

NEWMARKET: Fairy Lake Park was officially opened Wednesday afternoon by the Hon. Kelso Roberts. The project consists of 34 acres and was undertaken by the Upper Holland Valley Conservation Authority. Swimming in the 17-acre lake came to an abrupt halt three days later when signs were posted saying the water was polluted.

Follow These Rules And Keep Cool This Summer

During last week's protracted heat spell the main concern of all residents of this district was on how to keep reasonably cool. The same concern will be felt in other heat waves which are bound to occur as the summer progresses.

July's Reader's Digest offered some new data which may help all of us keep cooler in the next few weeks. It advises: Keep up your normal diet. A high-protein low-bulk diet is best. Meats - cold if you like - are recommended to maintain energy and nutrition. Eggs, fish and cheese are also good sources of protein and, served cold, can be as satisfying psychologically as salads. And if you feel like eating a hot meal of meat and potatoes, go ahead. Wear any color of clothing. Dark colors absorb heat more readily than light colors, but the differences in reflective qualities of clothing are so slight that color won't affect your hot-weather comfort. Wear some clothing. It is not true that you'll be cooler if you strip to the bare essentials. Lightweight clothing - even a single layer of cloth - protects you against heat reflection from objects around you, as well as from the direct rays of the sun.

Alcohol and heat don't mix. Alcohol interferes with the body's heat-control mechanism. A can of beer may feel good going down, but three of them may make you hotter. Drink water when you're sweating. Forget the adage that you shouldn't. Since you lose fluid in the heat, drink plenty of water to avoid dehydration. Keep your undershirt on - except in damp tropical climates. It collects and evaporates perspiration and can prevent irritation of the skin.

Use normal amounts of salt - unless you must perform strenuous work in extreme heat. Once a person adjusts to hot weather, his body tends to sweat out less salt, retaining the amount it needs. Hot or cold showers or baths are no help. Bathe in water of skin temperature or slightly below (80 to 90 degrees). Stay active. Acclimatization to the heat is hastened by light exercise or normal activity. If you do nothing, the heat will bother you longer.
