Cancel Discount On Garbage Bill

Alert King City residents received a slight surprise as they opened the current two-month bill mailed from the village office for hydro, water and garbage.

Effective July 1, a 10 per cent discount for prompt payment does not apply to the \$2 garbage charge, amounting to \$12 a year.

Before July 1, residents settling accounts early received a benefit of \$1.20 a year as they paid an annual net bill of \$10.80. The 20 per cent discount on the first bi-monthly bill escaped the attention of many.

The amount of hydro power used and the \$4 water rate for two months are still subject to the 10 per cent discount for prompt payment.

At a special meeting dealing with routine business, trustees decided to cancel the garbage discount so that the collection service would not continue to be operated at a slight loss.

Village Manager G. T. Thompson pointed out to "The Liberal" a full explanation was available to any ratepayer contacting the village office.

After driving 6,440 miles with his wife on their first trip all the way to the west coast. They visited cousins, Mr. and Mrs. George Fletcher, at Brandon, Manitoba, and spent a day at the Calgary Stampede.

They had a reunion with friends, Mr. and Mrs. Sam Elliott and Mr. and Mrs. James McCulloch, at Didsbury, Alberta.

At Victoria, B. C. they made a sight-seeing tour of the Burtchart Gardens and Victoria Park, escorted by Mr. Alex Gerrard of Victoria, a brother of Mrs. Aubrey Campbell of King City.

Returning home through the States, Mr. and Mrs. Curtis found they were 5,480 feet above sea level at Glacier Park in Washington. When they stepped out of their car they were in snow, which another couple were packing in a cooler.

Eight rolls of film were completed as they came back through Montana, North Dakota, Minnesota, Idaho and Michigan. With the exception of one day of rain, the weather was excellent for the trip.

For the holiday weekend Mr. Aubrey Campbell drove in his new car, Mrs. Campbell, Mr. and Mrs. Ted Wallis and Mr. and Mrs. Fred Curtis to Huntsville and Algonquin Park. Between Orillia and Gravenhurst traffic moved slowly, so the party decided to avoid the main highways on their way home.

They travelled through Whitney, Halliburton and Kirkfield.

Laymen of St. Andrew's Presbyterian Church, King City, took both services Sunday morning at St. Andrew's, King City, and St. Paul's, Nobleton, while Rev. Gordon K. Agar and his family are on holidays.

Senator From Gormley Pokes At Government

Senator Wallace McCutcheon last Wednesday night severely criticized Liberal accomplishments during the last session of the House of Commons.

Speaking at an executive meeting of 100 York North Conservatives at Summit Golf and Country Club at Oak Ridges, the "Senator from Gormley" called Finance Minister Walter Gordon's budget speech "bitter, sarcastic arrogant and very partisan."

He said that last April it was felt the "clamour" of the press would be satisfied if the Liberal sweep came back with a clean sweep as the national party. He pointed to Liberal slogans of "The Party To Get The Economy Going" and "Sixty Days of Decision".

"In May, the general feeling was the Liberals would proceed with 'bold, imaginative' plans," he said.

"But never has an image deteriorated so rapidly as the party which took office May 22."

Pointing to what was accomplished in the 56-day sitting of the House, he said a department of industry had been formed. "This will merely give the businessman two paths to follow either through it or the trade and commerce department. I don't know where one ends and the other begins."

"At least the unemployment situation will be helped by the additional civil servants hired to staff it!"

On budget proposals designed to discourage foreign control of industry, the senator said the Conservatives had been blamed during the election for being anti-American but the suggested taxes had done much to destroy money markets in London and New York.

"There is no law that can persuade foreign countries to lend us money to develop if they can invest elsewhere for more equitable security for their investments," he said.

On proposed municipal loans, he said Quebec premier John Lesage's adverse reaction was shared by most provincial premiers.

Commenting on pension fund proposals, he said if the plan

goes through he predicted the two per cent payroll tax of today will be nine or 10 per cent by 1975.

No Early Election
The senator, who has a large farm home in Gormley predicted no early federal election.

"Our party hasn't recovered their place federally in the minds of the country but the gap is rapidly closing."

On a provincial election this fall, the senator was confident of a resounding Tory victory.

He praised Premier John Robarts as being "neither too flashy nor flamboyant whose performance has been enhanced by his two years in office."

"He has established himself as a sound administrator, a good leader and an able politician."

Major A.A. "Lex" MacKenzie, who has represented York North in the Ontario Legislature since 1945 thanked the speaker and presented him with a token gift from the association.

Presiding at the meeting was Association President William Curran. Senator McCutcheon was introduced by Aurora Mayor Keith Nisbet.

BELL LINES

by Bill Barnes

GETTING BROWN THIS SUMMER -

OR BROWNED OFF?

BELL CHIME

Don't let an expected phone call keep you indoors this summer if you have the chance to be out on the patio or in the garden. The Bell Chime - a telephone bell you can set to call you in three different tones - has a loud ring you can easily hear from outdoors. (And indoors, too, when those rainy days turn cowboys and Indians loose in the home, or when you're vacuuming up after the varmints). Coming in an attractive ivory or gold housing, Bell Chime also has a soft melodic tone when you want peace and quiet, or when someone's resting; plus a regular telephone ring.

Of course, hearing the telephone ring and then being able to get to it in different things, especially if you have impatient friends. A portable extension with a weather-proof jack for use outdoors can mean a telephone right beside your cool lemonade. Let us enjoy it and keep in touch at the same time without running back and forth. And the same phone can serve as a handy extension inside the home as well - you just bring it in and out as you please. But when calling your friends, remember that they may be out enjoying the summer weather too - without an extension or a Bell Chime. So it's a good idea to let the phone ring even longer than the normal ten times to give them a chance to hear and answer.

Richmond Hill's new telephone directory will be going to press shortly, so please check your listing. Is your name spelled correctly? And what about your address and phone number? Have you thought about additional listings? Or other members of your family and relatives, roomers or boarders would benefit from having their names listed in the telephone book. If you're a businessman, you can use extra listings to show other firm names for your business - to associate your name and residence telephone number with your firm name - or to show after-hour numbers for you and your key employees. Remember, extra listings, at little cost, make it easier for people to find you. For any changes in your listing, or any additions, call our Business Office without delay.
