SPORT SPOTS

BY RON CRAINE

ANOTHER SKIING SEASON WILL SOON BE HERE

The recent cold weather we have been enjoying? ? ? seems to have some people thinking about the fastest growing Canadian winter sport—skiing. Maybe there isn't any snow right now but there will be—perish the thought! So it's quite possible that it is not too early to mention a little bit about skiing from the point of view of the beginner. Here goes.

If you have been contemplating taking up skiing the first thing you will be faced with is a bewildering assortment of equipment. Skis come in many lengths, many widths, assorted materials from wood through various plastics and into fine metals. They are all colours of the rainbow and some of them bear exotic designs embossed on their upper surfaces. Pricewise they range from a very few dollars to close to two hundred dollars. And that's only the bare beginning!

Boots range in price anywhere from twenty to one hundred and ten dollars. They also come in many models and colours of leather. Most of the better boots, or rather the more expensive ones are made in Europe, but Canadian manufacturers are starting to come up with a good competitive boot. The same story can be told for poles, harnesses and ski clothing. You can be absolutely baffled by a tremendous variety of choices.

The best bet for anyone who is considering taking to the hills during the coming season is to consult a reputable ski outfitter. There are lots of them around. If you want to ski for a fairly modest outlay—an outlay which will include skis, safety harness, poles, boots, stretch ski slacks, a good jacket, ski mitts, cap and goggles, then you'll be spending close to one hundred and ten dollars. This will assure you of good equipment and get you off to a fine start. A little care and it will last for years.

Maybe you'd like to try skiing but don't want to lay out too much money in the event that you discover it's not the sport for you. Then don't buy equipment—rent it! There are a goodly number of ski dealers who will rent you boots, skis, harnesses and poles, for about eight dollars and fifty cents from Friday to Monday. This is all good equipment because they want you to enjoy yourself and they don't want you to get hurt through any fault of their equipment. For about ten dollars they will rent you the same outfit but the skis will be Head skis. These skis are the Cadillac of the trade and carry a price tag well above the hundred dollar figure. All in all the rental idea seems to be the best bet for the undecided and

Indians Superb - Shut Out Northwestern Ghosts 22-0

If ever a football team was "up" for a game the Indians were for the Metro Rugby Football Union clash in Richmond Hill last Saturday. Playing against Northwestern Ghosts, their arch rivals, the Indians were superb in all departments and were full value for their 22-0 shut-out victory.

They achieved victory despite a patched-up, make-shift offensive and defensive team with the majority having to play both ways. They proved the truth of the adage that a team that won't be beaten can't be beaten!

For the first few minutes of the opening quarter both teams played tight defensive ball as they probed for some weakness in the defence. It was the running of Jan McIntosh that finally shook Northwestern defenses and then Levi Snook was able to smash over for the opening score at the 12 minute mark of the quarter. With possession on the Ghost 20 yard line Snook came bursting around right end behind some great blocking by Jeff Orr and Mike Dowling. He was able to cross the line standing up. The conversion attempt by Ron Burns was good as the Indians took a 7-0 lead.

The early lead lent inspiration to the Indians as they controlled the ball almost at will. In the second quarter some fierce tackling by the Indians caused a Ghost fumble at their own 25 yard line with the Indians recovering. Ghost defenses stiffened to hold the attack and the Indians were forced to punt. McIntosh kicked deep to the end zone and Levi Snook picked off the receiver behind the line for a single point.

Late in the quarter the Ghosts started a downfield march that was nipped in the last play of the half as Bill Dunn intercepted a pass in his own end zone. The half ended with the Indians leading 8-0.

The Indians kept pressure on

Northwestern in the third quarter and were finally rewarded for their efforts. Northwestern dropped back into punt formation deep in their own territory. A bad snap and a blocked kick gave Indians possession on the Ghost 20 yard line. McIntosh smashed through centre for 12 yards and on the next play went eight more yards right end for the T.D. The convert was blocked and the Indians led 14-0.

After kicking to Northwestern the Indians again stalled the Ghost attack and marched steadily downfield. McIntosh hoisted a kick into the end zone and the ball was carried back to the Northwestern one yard line. Norm Sutcliffe broke in on the first play from scrimmage to rouse the ball carrier behind the line for two more points and gave the Indians a 16-0 lead.

As the fourth quarter opened a desperation Ghost aerial attack was squelched by the determined and fired up Indians. Northwestern kicked on third down from their own 25 yard line and Bill Dunn picked off the ball on the dead run at the Ghost 40. He went streaking through a bewildered and demoralized Northwestern team - a team which almost stood aside to admire his footwork as he went all the way for the major score. With a 22-0 lead going for them the Indians smothered the Ghost attack which fizzled out on the Indian

Bus, Carloads Of Fans See Team Take St. Kitts

Vern Dynes' Jewellers ball club won the Southern Ontario Intermediate "A" O.A.S.A. softball title in St. Catharines last Saturday night, by a 1-0 count. The game was won on the strong right arm of pitcher Ray Judd, the hitting of Skip DeGeer and the dervish-like antics of Gary Smith on the base paths. Combine all these elements and you end up with a tight 1-0 win for the Jewellers in their third and final game of the series.

Judd was solidly effective as he sent 22 down via the strike-out route and allowed one lone single. De Geer hit St. Catharines pitching ace Ken Rhora for two solid smashes, a single and a double as Sil Steffan and Brent Selvage added the third and fourth singles for the Jewellers.

Until the sixth inning got under way the game had all the makings of a real marathon contest. De Geer blasted Rhora's first pitch in the opening frame for a double and got to third as the next three men went down swinging. Bren Selvage singled in the second inning with two out but died on first as Bill Robson lined to first base. The only action for St. Catharines came in the fourth inning as left fielder Buddy Yates got to first as a third strike eluded Jeweller catcher Ken Coult.

The St. Catharines team were tough opponents and were dangerous at all times. They forced the series to the three game limit by winning the opener 2-0 to score the only two runs off the Jewellers in O.A.S.A. competition. This final game was the kind that brings up the old cliché "a tough one to lose, but a great one to win". And it really was!

Hockey Begins October 19

President Earl Methe of the Richmond Hill Minor Hockey Association has announced that house league action is scheduled to commence on October 19th. (Sponsors have been obtained for all teams under the R.H.M.H.A. banner and league executive members are looking forward to a busy season.) Red Garner will once again be coaching the mid-level entry while C.F.G.M. squirts will be guided and mentored by Ray Brooks, Bill Points and Marsh Amos will guide juvenile destinies as Jim Wison and Reg Acomb pilot the bantam North End Cleaners. Gord Pilper will be coaching the Lions Club Hornets.

R. H. Hunter Sports Beard, 1200 Lb. Moose

Richmond Hill hunter Ernie Rutan of Elmwood Avenue came home last Wednesday with a beard and a 1,200 pound moose.

Mr. Rutan told "The Liberal" he with his nephew E. Bigelow of Hamilton and Ralph Kay of Toronto in the hunting party bagged the huge eight pointer about six hours after the moose season officially opened Tuesday. A .30-30 rifle was used.

The party, who left here September 27, hunted about 900 miles north in the Long Lac and Marathon district.

Mr. Rutan said there were dozens of hunters around for the season start.

When they drove into the Hill late Wednesday afternoon, the horns were spread Texas-steer style across the car grill. The partly skinned carcass on ground sheets in the back seat lured a few dozen fascinated McConaghy School students.

Looks like a lot of moose for the Rutans' winter menu.

The Automobile Industry

It was recently estimated the average motorist spends \$36 per week on his car. This includes the financed purchase price, annual depreciation, insurance, licence, and of course oil and gas.

The fact this represents more money than many families spend on

their homes indicates how important the automobile has become to all of us. Its importance has made the car industry the largest single business in the country by far. Is it possible for the average motorist to get more value out of his motoring dollar than he now does? We think so. So we're planning to devote this space each week to some plain talk about the automobile business.

How can a motorist deal most wisely who is trading in his old car on a new one. Or make the even more difficult decision of what used car to buy? And how can he get the most performance satisfaction out of the car he now has?

This industry is changing rapidly, even for our changing world. Being on the inside looking out we'd like to share some of our knowledge of this business with you. We're sure a lot of light can be shed on a problem by discussing it honestly.

We hope, as we go along, we will make a friend of many of you. And perhaps you'll see fit to deal with us. But whether you do or not, we know you'll find most of what we have to say both interesting and helpful. See you next week.

This Saturday

Kapuskasing Vs. Aurora Ontario Softball Title

It will be the "moment of truth" this Saturday for the O.A.S.A. Intermediate "B" champion Aurora squad as it locks horns with Kapuskasing in the opening game for the All-Ontario softball championship.

Game-time is set for 8 p.m. at the Aurora Town Park and a large crowd is expected to be on hand. The second game will be held Sunday at 2 p.m. at the park and the third, if necessary, on Sunday night.

Sponsored by Glenville Dairy, the Aurora team has fought its way through 11 O.A.S.A. play-off games sparked by the pitching arm of hurler Norm Roberts and hustling play by his team mates.

The Glenville crew brought Aurora its first Ontario Amateur Softball Association (southern group) championship when it defeated Dunnville Legionnaires 3-0.

Aurora won despite being held to one hit by Legion hurler Carson Little. Winning

Local Bowlers Finish Season

Richmond Hill Lawn Bowling Club ended the 1963 season with a barbecue dinner at the greens last week.

Winners of the Stephens Trophy were Mrs. Beth Rice and Frank Pearson, with Mrs. Rena White and Eric Scott capturing second prize.

Mrs. Rice conducted a draw for an oil painting she had painted and donated. Winner was Mrs. Andy Lynett, president of the lady bowlers. A blanket was won by Mrs. Ted Mansbridge, wife of the president of the bowlers.

At a meeting of club members, the present executive was returned to office for another year. Ted Mansbridge will continue as president, Morley Hall as vice-president, Russell Lynett as secretary and Alec Clarke as treasurer.

Dynes Players Bringing Bouquets To The Hill

By RON CRAINE

In the last few weeks Dynes Jewellers softball club has brought a lot of fame and kudos to the Town of Richmond Hill.

Wherever they have appeared in the O.A.S.A. play-downs they have been ambassadors worthy of the name. We would like to take this opportunity to salute each and every one of them.

Sponsor Vern Dynes is a sporting enthusiast in general and a softball bug in particular. Largely through his efforts, softball has become one of the biggest attractions in the area and the end is not yet in sight. Ask any of his players. As a sponsor he rates at the top of the heap.

Coach Russ "Casey" Cripps needs no introduction and no one to speak for him. He is quite definitely articulate in his own right. Casey is a colourful character who does his level best to live up to his nickname. He breathes, eats and sleeps softball from St. Swithin's Day through Christmas and beyond. One of the really colourful ones!

Playing Coach Jim Gregory is a catcher of no mean ability. So far he has not been called upon to take part in a game but he stands ready at all times.

Local Badminton Club Aims For Membership Rise

A drive to stimulate membership interest in the Richmond Hill Badminton Club is currently in progress.

Circulars have been mailed out by club officials who invite anyone desiring to become a member to contact either Lorne Leavens at 884-3808 or Tom Johnson at 884-7594.

The local club has officially opened its season at Bayview Secondary School and if enough new members are obtained play will be extended to two evenings a week from 7:30 to 11:30.

The North York Badminton League will be in operation this year with the local club as one of the competing teams. A suggested possibility is to select top players from the teams in the North York league and enter the Toronto and District Badminton League.

He works hand in glove with Russ Cripps and is definitely not a "yes" man for the "enfant terrible" of softball.

Catcher Ken Coult has been a tower of strength to the team through the season and particularly through the O.A.S.A. play-downs. Ken is a solid, steady receiver with a good aim and lots of softball moxie. He is not overly heavy with the bat but his ability to handle the bombs thrown by Ray Judd make him a very valuable asset to the Jeweller team.

Frank Hughes, a fugitive from the Beach League, came out of retirement to play the initial sack position for the Jewellers. He has acquired a slow, unhurried style through his years of experience and is a steady glove man. He gets his licks swinging from the port side and is capable of belting the long ball. That isn't a cud of licorice he chews, either. It's the real article!

Bren Selvage is a pitcher with lots of ability. He was called upon to play second base and has proved to be as good a second sacker as he is a hurler. He would be the first to admit that he is no speed merchant but he does have the knack of being in the right place, in the right position, more often than not. A real solid member of the Jeweller infield!

Shortstop Neb Gayman looks anything but a slugger. His slight build is deceptive and he swings as heavy a club as a man twice his size. He not only swings it but he has broken up more ball games with booming home run shots than anyone can remember. He is a good defensive shortstop with a keen eye, a great turn of speed and a strong, accurate throwing arm.

Mrs. De Geer calls her son Bill, but to everyone else he is Skip De Geer. He plays third base as if he owned it and ranges in on bunts like a man possessed. Blessed with a quick, alert mind, he can make split-second decisions that result in key plays. He gets more than his share of hits and is un-
