uncertain novice. Equipment can be rented at some ski resorts but sometimes after making the trip it's

all rented or your size just isn't in stock. It's far safer to rent first and then go.

So there it is-a bit of the ski story for the beginner. Try it by all means but try to get expert advice. Tell them just what your top budget is and they'll take it from there. A good reliable dealer wants you as a customer for a long time to come and he is prepared to treat you right. And here's a little tip for all skiers-experienced or not-passed on by a dealer. If you should be unlucky enough to break a ski tip off, don't despair and don't throw the ski or separated tip away. Take them into the dealer and he has the tools and the ability to put them back in one piece as good and as strong as new at a very reasonable price. Have fun but take it easy!

CONGRATULATIONS TO KENTS

The biggest bow of the week goes to Kent Clothes junior softball team. In their first year of operation in the North York Junior Softball League the Kent whiz kids succeeded in grabbing off the league championship.

They did it the hard way at that. In a two out of three final series with Fairbank the Kent kids won the first game, lost the second and then came from behind in the third game for their victory. This would tend to prove that they don't quit when they're behind a couple of runs. Any team, be it softball or tiddleywinks, that can fight back to win, is a team, a real team!

Coach Joe Cornack and sponsor "Happy" Mary, are justly proud of their young team. Despite setbacks all along the line Mr. Cornack never quit trying and the sponsor was behind the team one hundred and ten percent of the way. Yes, they are proud of the kids but, by the same token the players should be grateful to their coach and to their sponsor.

When they first announced their entry into the highly rated North York League, they did so with their tongues in their cheeks. It was to be more or less a year of learning and experience, a preparation for the future. Instead of the year going as they thought, it turns out that they pick up the lions' share of the spoils! You could say it's a turning of the tables but what a nice move and such a sweet turn-

TOWN SWIMMING POOL

We'd like to say a heartfelt thank you to the Richmond Hill Lions Club for volunteering to spearhead the drive for swimming pool funds. The help of a strong, public spirited organization has long been needed to put over a pool promotion. Some people were apparently disappointed that the pool is not to the people were apparently disappointed that the pool is not to the people were apparently disappointed that the pool is not to the people were apparently disappointed that the pool is not to the people were apparently disappointed that the pool is not to the people were apparently disappointed that the people w were apparently disappointed that the pool is not to be gotten out of public funds. We couldn't care less how the pool comes—just as long as it gets here!

If everyone in this area supports the Lions to the fullest extent we have no doubts that they can successfully complete the campaign. Someone once said that when the going gets tough, the tough get going. It is our sincere belief that the Lions are tough enough, eager enough and ingenious enough to pull this project off. Thanks, Lions, and away we go!

Kent Clothes Whiz Kids won the North York Major Softball League junior championship on Wednesday of last week at Keelesdale Park. This was the third and deciding game of the series, with each team having won one game each.
