Twp., Taxpayers In Tangle Over Nursery Project

(Continued From Page 1)
She told the delegation council felt it had put enough restrictions on Mr. Schuster "that would be justifiable and right".
Mr. Stroud said he challenged the conception land that was used as agricultural can be turned into a retail outlet. Representing Mr. Stroud, Mr. Smith of Wahn, McAlpine, Mayer, Smith and Company, said his client had understated the case 1,000% "I have never seen a bylaw like it and predict this case will go further."
Councillor McConkey traced the project through the zoning bylaw and what uses are allowed on the land.
Among them were goat farms or dog kennels.
Residents wondered what would stop the nursery from importing plants or machinery for sale at the nursery centre. Council indicated there are certain accessories natural to such an operation.
Councillor McConkey indicated there were many fine legal points that municipalities had great difficulty in proving in the courts if a bylaw is violated.
At present, Vaughan has several cases of bylaw violation (from the same area) before magistrate's court for decision. Thornridge Drive resident Terry Goodwin said the maximum fine for bylaw violation is \$300. "Anyone of the residents will suffer far more than that if this operation is allowed," he said.
"That's \$300 a day, Terry," replied Councillor McConkey. Deputy-reeve Jesse Bryson who said he felt the municipality has done what it can to protect the residents, said, "If you go further, I think you're being too restrictive."
Reeve Albert Rutherford said the whole matter may have to be determined by the OMB.
Council gave final reading to the amended bylaw.
Next step is to notify residents within 300 feet of the proposed centre, give them 14 days to register their objections and then lay the bylaw in the laps of the OMB.

JOAN ALLEN AND DAVID LYONS WITH MAGISTRATE JAMES BUTLER. — Richmond Hill Magistrate Butler performed first civil marriage ceremony in Scarborough history

First Civil Wedding In Scarborough

Magistrate James Butler, Richmond Hill, had the honour of performing the first civil marriage in Scarborough Township, last Friday.
Lawyer David Conrad Lyons, who represented clients many times before Magistrate Butler, was married to Joan Louise Allen in this ceremony. Mr. Lyons is now with the legal department of the City of Toronto.
Neither he nor his bride came from Scarborough but they wanted the marriage performed by Magistrate Butler. On return from their honeymoon they will reside in Toronto.
A resident of Richmond Hill for 40 years, James Butler has been a magistrate for nine years, following seven years as justice of the peace. He is an elder in Richmond Hill Presbyterian Church where he also served for many years as Sunday school superintendent. He is a member of the board of governors of Ewart College, and of the social action committee of the

Presbyterian Church in Canada.
A director of the Scarborough Youth Club, Magistrate Butler spends all his spare time speaking to parents' groups and service clubs on the problems of young people. His intense interest in youth was reflected last year by the air cadets naming him citizen of the year. An earlier recognition of his work in the community was made in 1937 when he received the Coronation Medal.
In 1934, at the request of Reeve John Greene, James Butler organized the Richmond Hill Trumpet Band, which won a cup at the Canadian National Exhibition. Former members of this band are still actively interested in this community. Others joined Toronto regiments as bandmen and some of these young men lost their lives at Dieppe. This band, formed in the midst of the depression gave the young men of Richmond Hill a purpose in life which otherwise would have been lacking.

New Staff Members For Town Works Dept.

Robert Jordan will be hired as assistant mechanic for the town's works department, Richmond Hill Town Council decided Monday evening. He will be paid \$2.20 per hour for a three month probationary period and \$2.25 after that with no other salary adjustment for 1964.
Councillor Mrs. Lois Hancey, replying to a question by the mayor, reported there had been no salary category for this position and the rate of pay had been arrived at by mutual agreement.
The position of driver-operator will be filled by Robert Watson, his rate of pay will be according to the established schedule of \$1.75 per hour during the probationary period.
Thirty-five applications were received for the two positions, and six men were interviewed.

All Member Committees Not Acceptable, Council

Richmond Hill Town Council Monday night did not accept recommendation of the procedure, personnel and welfare committee that council committees hereafter be comprised of all members of council.
Also recommended was that such meetings take place at a regular time each week, preferably on a Tuesday or Wednesday evening or, if necessary, both; and that the chairman of a committee could call a special meeting at another time provided he had the approval of the mayor and other members of council were given reasonable notice.
In presenting the recommendation for re-organization of the council-committee system, Councillor Robert Saunders, said "It is generally recognized one of the major weaknesses in a municipal administration is a lack of co-ordination between council committees and the various departments."
He felt that the committee's proposal would produce the ultimate in effective co-ordination. By participating in every council committee each councillor would gain a broader knowledge of the complete municipal organization, he maintained. It was suggested that the committee chairmen and vice-chairmen assume responsibility of directing the affairs of their departments.
In practice, he pointed out, this would mean that every councillor would attend meetings of all council committees and also act as chairman of one committee and vice-chairman of another. Because the membership of all committees will be the same, it will be possible for meetings of three, four, or even all committees to be held at one continuous sitting, he maintained.
Mayor Thomas Broadhurst said he felt that adequate time had not elapsed for new members to assess how the present system works and has worked. "I'm not sure all factors have been taken into account," he stated. The mayor also indicated that meetings of planning board county council and other boards on which the council

V. O. N. Service For Vaughan Item For 1964 Budget?

The Victorian Order of Nurses in Richmond Hill is unable to serve Vaughan with nursing service unless the township pays a \$5,000 grant.
The township in turn will consider the request from H.R. Ludlow, branch secretary, that numerous Vaughan calls to the Richmond Hill office will have to go unanswered until council decides to include the service in its welfare projects.
On Monday night, council recommended no action until budget time after Reeve A.H. Rutherford said more information was needed. "The V.O.N. is providing a service which in many cases, you can't get any other way," he said.
The nursing service charges \$2.50 a call where a grant is paid.

UNIONVILLE: Mrs. Peggy Lawrie and her rink won the district curling championship against a rink from Scarborough. In the next round they will meet teams from Peterboro, Lindsay and Barrie.

N. Y. Women's Liberal Assoc. Names New Exec.
Mrs. F. Plaxton was named president for 1964 of the North York Women's Liberal Association at a general meeting in the Legion Hall at Aurora.
Other members of the new executive: Mrs. L. Kirkwood, Aurora; Mrs. J. W. Bowser, 1st vice-president, Sutton; Mrs. Eva Doane, correspondence secretary, Queensville; Mrs. J. Smith, recording secretary, Aurora; Mrs. Guthrie, Thornhill; Mrs. L. Irwin, social, Queensville; Mrs. J. Loneragan, membership, Sutton; Mrs. McGraw, public relations, Aurora; and Mrs. Kirkwood, past president.
Guest speaker was W. S. Cook, managing editor of "The Liberal."
It was convened by Mrs. Bruce Holmes.

Markham Liberals Annual Meeting On February 11th

Markham Township Liberal supporters are making plans for an active year.
First on the list is the annual meeting and roast beef dinner February 11 at Buttonville W.I. Hall. Buttonville Branch of the York Central Hospital Auxiliary will cater for the event.
Donald Deacon of Unionville held a meeting at his home Thursday evening of last week and representatives from the various township polls were present as well as Markham Township Women's Liberal Association members.
Robert Nixon, MLA Brant, will be banquet speaker, and his topic will be on "Education." Musical entertainment is also planned.
Walter Craig of Buttonville is ticket convener and poll captains will have a limited number to sell.

Industrial Comm. Will Be Given \$18 Per Meeting

Members of Markham Township's Advisory Industrial Committee will be paid \$18 a meeting - - - the same rate as councillors - - - as recommended by a committee of council.
Opposed to the rate was Deputy-reeve Stewart Rumble who felt \$10 would be ample payment for the committee members.
"Last year's members," he said, "received no salary and now we want to go from nothing to \$18. I think \$10 a meeting is a reasonable rate." Members will also get gas mileage.
Councillor Cleary Palmer disagreed saying \$10 or even \$18 was most unreasonable for the amount of time consumed in being a committee member.
"Even at \$18," he stated, "they're not overpaid but underpaid."
Council agreed to stick to the \$18.
Comprising the advisory committee are: A. Maynard, S. Gadsby, Councillors Cleary Palmer and Robert Sloane, and Reeve Charles Hooper.
The committee was set up in 1963 to further spark efforts in persuading industry to locate in the township.

Bev. Acres Construction Soon

(Continued From Page 1)
Provision for a lobby with drinking fountains which can be closed off from the school and with access to showers and washrooms has been provided, and outside storage for sports equipment are practical features of the plan.
The steel frame construction with only one corridor will permit flexibility in the future. Corridors may be relocated if necessary.
In the present school, new offices for the principal and secretary will be provided overlooking the main foyer, and heating problems in the six east rooms which have been added to the original building will be corrected. New regulations will require replacement of the present manually operated fire alarm system by an electrically operated and supervised system.
A novel feature is that the new washrooms will have

no windows and no skylights, but the air will be exhausted by fans. Steel chalkboards are specified with hollow metal door frames and hollow metal exterior doors. Interior doors will be finished in arborite to cut down maintenance costs.
The addition will contain a library classroom, a science classroom and six ordinary classrooms. A typical classroom will contain a project counter, shelving, chalkboard, tack board, bookcases, a small teacher's closet and hanging space for children's outer clothing. A unit ventilator will provide heating and ventilation for each room.

Here's a smile for you

Two young fellows on their summer vacation were discussing various ways of teaching girls to swim.
"I use a firm grip on my girl friend," said one. "One arm around her waist and the other around her shoulder and take lots of time."
"But this is my sister," said the second.
"In that case just push her off the dock."
When it comes to cleaning come to us. It doesn't matter whether you're a sister, brother, sweetheart or an old married couple. We treat everybody alike by delivering the finest quality cleaning possible.
