## Board Opposes Hiring 'Pig-in-a-Poke' Teachers

Richmond Hill Public School Board is strongly opposed to hiring student teachers before they graduate.

A new ruling in the Ontario School Trustees' Council's code of ethics indicates, it will be considered unethical if school boards advertise for teachers for next September before February 26 or to interview or engage them before February 29.

But the ruling, according to School Superintendent Gordon McIntyre says nothing about the usual practice of hiring teachers' colleges' graduates in early May.

"This indicates boards will be free to engage all new staff members at the end of this month," Mr. McIntyre said in his report to last Thursday's trustees' meeting.

In place of classes at Sunday school Mrs. C. Lee presented an excellent film strip titled, Jerusalem in Jesus Day. The pictures were particularly good depicting clearly the manner of living in that period. The agricultural methods were not so far removed from our own pioneer days. Fig and olive trees were as familiar to the farming economy as apples and potatoes are to us but the method of pressing out the oil would find competition severe today. Fishing was the great industry of the day and the Gallilean fish were salted and pickled and shipped throughout the Roman world.
