

Stone, Frost To Retire

'65 Budget To Include \$40 Monthly, Trustees

Vice-chairman John MacKay reported at the November 10 meeting of TSA No. 1 Markham that N. Bennett-Alder, director of French for the Ontario Department of Education visited the area's schools November 3 to observe the Oral French classes. At the conclusion of his visits to the schools, he met with David Shapiro, the York Central High School Board's master teacher of French and Joseph A. Turko, head of the French department at Thornhill Secondary School to discuss the integration of the Oral French course in the secondary school system.

TSA No. 1 now gives Oral French to students in grades 6, 7 and 8. They have one full time teacher, Mrs. A. France, and a half-time teacher, Miss S. Lalot.

Oral French is now taught at seven schools in the York 3 inspectorates, the four in TSA No. 1, at Unionville, Markham Village and S.S. 4.

Mr. MacKay also reported that the area's audio visual library now has on hand 325 film strips and 125 taped radio programs for classroom use.

Chairman of the property committee Lionel Frost reported that four windows were broken at Woodland School the weekend of October 24, but that no vandalism had occurred at any of the schools on Halloween.

Health, safety and recreation committee chairman B. Leonard submitted to the board a report from the physical education supervisor A. J. Moorby. This included copies of an eight page brochure which Mr. Moorby had prepared for the use of the area teachers on the subject of basketball skills, final results of the soccer league in which all schools competed, with 16th Avenue ending up as champions; and a report of Mr. Moorby's attendance at the convention of the Association for Supervisors of Physical and

Candidate Suggests Commuter Station At Leslie And Sheppard

A candidate for election in North York's Ward II, Bob Watson has suggested that council purchase ten acres of land on Leslie Street north of Sheppard Avenue for a railway commuter station.

Mr. Watson suggested that a TTC-run commuter service on the CNR lines would be an excellent test for future operations. He felt also that it would solve a lot of traffic problems over the next two years when most of Ward II's roads are slated for reconstruction. Leasing trackage from the railway and tying commuter routes into planning for subway operations was more economical than building more subways, Mr. Watson stated. He pointed out that the railway had said that when its marshalling yard was in operation, the Metro Toronto rail lines would be freed for commuter use.

Uxbridge Police Chief Refuses To Resign Post

Uxbridge Police Chief Lawrence A. Ellenberger, asked to resign his post by the local council, has apparently refused. No details of the altercation between chief and council are available except that the chief was recently released from hospital following a heart attack and had been granted a leave of absence.

Christmas Gifts Needed Mental Health Patients

Support for the annual Christmas gift project is again being sought in this district by the York County Branch, Canadian Mental Health Association. This is one of many services to the mentally ill that this branch has been providing for the past four years.

Last year York County Branch provided every mental patient in the county with a gift and surplus gifts were sent to the Ontario Division, CMHA, to help provide for patients across the province. A total of 1400 gifts was received and the branch is hoping for the same success this year.

Mrs. J. A. Long, 40 Starlight Crescent and Mrs. K. Laidman, Gamble Sideroad, are in charge of the campaign in the Richmond Hill area and Mrs. Vera Martin, 40 Proctor Avenue, is in charge in Thornhill.

Suggestions for gifts not to exceed \$2. include: caps, ear muffs, hair tonic, socks, shaving cream and lotions, tobacco, aprons, cosmetics, decorative doll for bed, purses, hose, knitting bags, jewellery, small photograph cases, plastic make-up kit case for purse, sewing boxes and materials, slippers, bathrobes, bed jackets, belts, suspenders, books, candy, cards, comb and brush sets, deodorants, facial tissue, gloves, jigsaw puzzles, magazine subscriptions, painting or drawing sets, parlor games, ball point pens, powder, scarves and stoles, scrapbooks, shirts and blouses, shorts, T-shirts, lingerie, slacks or jeans (with and without), stationery, sweaters, tooth paste, towels, wash cloths.

HEADFORD NEWS
CORRESPONDENT: MRS. LOREN GUILD
R.R. 2, Gormley Phone 884-3040

Congratulations to Sharon Rumble who, at Thornhill Secondary School commencement received the D. Foley prize for the highest mark in history. This came as a complete surprise to Sharon. She also won a gold pin for consistently rating more than 75% each year of the five year course. Sharon is now attending University of Toronto.

Gloria and Gordon Lee accompanied by their mother had a fine view of the Santa parade in Toronto on the fourteenth of this month. Mr. and Mrs. C. Lee spent Sunday with Mr. and Mrs. A. Ridley and family, Newmarket. Sunday guests at the home of Mr. and Mrs. D. C. Calder were Mr. and Mrs. Alistair Calder and Lois, Kitchener.

Measles attacked Michael Young this week and chicken pox is keeping Matthew Watford in the house. Bob Clarkson is home from Northern Alberta and Saskatchewan with a deer all cut, wrapped and frozen, but he shot it. Mrs. R. Clarkson's uncle, Dr. S. Maynard, is a geologist with the Department of Natural Resources and he has a wide field in which to hunt. They travelled north to within 200 miles of Dewline.

Murray Clarkson too is having good hunting on Vancouver Island. Albert Leek attended the opening of the Royal Winter Fair.

The junction of 16th Avenue and Third Concession is a hazard to people in a hurry. Three weeks ago two mail boxes were knocked down and the car went into the ditch. The driver managed to get away before the police were informed, leaving the mail box owners a bill of expense. On November 14 another driver applied his brakes too late and crashed a fence, damaging his car.

The home of R. C. Birkenshaw, third concession, was broken into November 13 and household goods stolen. Entry was made by breaking a kitchen window. Beds and rugs were badly muddled; food scattered about and doors left open. Several men who had worked for Mr. Birkenshaw, cutting trees on the property, have been charged.

Headford United Church Women met in the church school room for the November meeting with the president Mrs. G. Barker in the chair. She was assisted in the worship service by Mrs. C. Lee and Mrs. L. Leek.

Mrs. F. A. Binnington conducted the Bible study, God speaking to us in Creation and History, from the third chapter of the study book, "God and His Purpose". As a current event, Mrs. Leek gave a short summary of the campaign for literacy as promoted under Dr. Laubach's plan. She gave the staggering news that for every dollar the west spends on promoting literacy communist Russia spends forty million dollars on spreading their propaganda.

Mrs. L. Guild showed pictures of her western holiday and gave a talk on the north comparing the pioneer life of her youth to the modernized conditions of life today in her former home 125 miles north of North Battleford.

The Sunday morning service was taken by Rev. H. S. Cobble, who spoke for the Bible society. This year marks their sixtieth anniversary though the work

Arthur Burgin Conducts R. Hill Orchestra In Enjoyable Concert

An enjoyable evening of area, some of them highly skilled, some experiencing their first attempts at ensemble playing. It would be unreasonable to expect of such a group the standard of performance attained by professionals. But Richmond Hill has here an organization of which it may be proud. When asked for his comments during the concert intermission, Rex Battle put it thus:

"The orchestra is making remarkable progress. Mr. Burgin is doing a fine job and is being given valuable support by some very good players. Of course, there's lots to be done. But I didn't come here to criticize and find fault. I came to enjoy myself. And I'm enjoying myself." On November 22 the orchestra goes to Aurora for the dress rehearsal of a concert to be presented jointly with the choir of Trinity Anglican Church of which Mrs. I. Harris is conductor. This concert will take place in Aurora on Sunday evening, November 29.

The opening overture "Egmont" by Beethoven revealed that this year's orchestra is improved both in balance and tone. "My Bonnie Boy" from a suite by Vaughan Williams featured some of the fine work of oboist David Sale and there was some very effective soft passage playing by the strings. Grieg's "Triumphal March", in which the brass ensemble showed to advantage, completed the first half of the program.

Opening the second half, the orchestra's concert master, George Moseley, gave an expert rendition of the Romance from Concerto No. 2 for violin and orchestra by Wieniawski. His encore was a brilliant unaccompanied movement from a sonata by J. S. Bach.

In the final five excerpts from "L'Arlesienne Suite" by Bizet the audience heard the excellent flute playing of Harry Standing with harp accompaniment performed on piano by Ray Thompson, the orchestra's assistant conductor. In addition there was some woodwind playing of fine quality and with the colour provided in the "Fandango" by the use of percussion ably handled by Simon Waegemakers the program was brought to a lively conclusion.

Richmond Hill's orchestra is made up of forty players. It includes businessmen, housewives and students from a wide

PICKERING TWP.: A representative of Postmaster General John Nicholson has written council in response to a protest that mail to township residents will be addressed "Ajax, Ontario". Door-to-door delivery will start next week and the mail will emanate from Ajax Post Office. The letter said it is not necessary to use "Ajax" on the address to anyone in Bay Ridges, Pickering Beach, Fairport or Fairport Beach.

CARRVILLE
Correspondent: Mrs. Gordon Read AV. 5-4001
November 28 is the date of the Carrville United Church Women's bazaar, bake sale and tea. See coming events. The specialties of Carrville's good cooks will be on sale plus lots of aprons, towels, knitted goods and all those different articles one does see at a country bazaar. There will be a fish pond for the children and then one can relax with a refreshing cup of tea. The time is from 2 p.m. until 4 p.m. What better way to spend a November Saturday afternoon than at a bazaar at Carrville.
Trip to the Museum
Miss Wendy Purvis along with some school chums and her brother Robbie, braved the busy city on Remembrance Day and found her way to the Royal Ontario Museum. They deserve a lot of credit to start out on their own as some grown-ups shudder at the thought of finding their way in the city, but it is certainly a good thing to know how to get where you are going.
Quilting
Mrs. John Baker, Mrs. Ernie Bone and Mrs. Adam Read spent Wednesday of last week at the home of Mrs. Jack Barton quilting a comforter. They are going to have another quilting bee this week and I have a sneaking idea the folks who attend the bazaar will see the results of this bee. Shower
Several friends and neighbors and co-workers of Mrs. Margaret Broom gathered at the home of Mrs. Jack McEwen to present her with a lovely baby shower for her newly arrived baby daughter Tracy who was born on October 13. She received a lovely cot and chair along with other pretty little things one receives at these occasions. An enjoyable relaxed evening was had by all; following the opening of the gifts, Mrs. Jack McEwen served a delicious lunch. Congratulations to Mr. and Mrs. Ernie Bone who celebrated their thirty-fourth wedding anniversary on November 12. Mrs. Adam Read attended the Richmond Winter Fair with her daughter and family Mr. and Mrs. Grant Dewrey, on Monday of this week.
