Senior School Panel Pleasantville Mon.

A chance to learn about senior schools for grades 7 and 8 in Richmond Hill, to ask questions and have them answered honestly and as accurately as possible is being provided all citizens of Richmond Hill on November 30.

Pleasantville Home and School Association has planned a panel discussion for that evening on this aspect of education. At the request of W. R. Hutchinson, vice-chairman of Richmond Hill Public School Board which recently announced its decision to introduce a senior school in this municipality by 1967.

This school will be located at Crosby Heights School and serve only that portion of the town east of the CNR. Senior school facilities for the rest of the town will be provided when increased registration in kindergarten to grade 6 makes additional classroom accommodation necessary.

Mr. Hutchinson was chairman of the board's committee which carried out an eight-month study of such intermediate schools. He will chair the panel at Monday night's meeting and will be joined by Jack Knott chairman of the board's finance committee. Mrs. Joan Rutledge and Dennis Middleton, principal of Pleasantville Public School. All were members of the committee which studied intermediate schools and brought in to the board the recommendation which was accepted.

This meeting will provide all interested parents in Richmond Hill an opportunity to discuss this important subject which will have a direct effect on their children's future and also on their pockets. Interested people from the area will also be welcome.

A physical education display by grade 6 students under the direction of Tom Jean will start at 8 p.m. with the business session getting underway at 8:15 p.m.

JAMES DARLINGTON
Former School Trustee

Runs In Vaughan

A former Vaughan school trustee and well-known in the farming community, James Darlington of 50 Netherford Road, Maple has announced he will run for council this December.

Mr. Darlington who farms a 235-acre property on Jane Street with his son, Jim, was a trustee from 1950-58 before the present board was formed. A resident for 21 years, he was born and raised on the family farm bought in 1903 in the Don Mills-Sheppard Avenue area.

Mr. Darlington is a director of the Toronto Milk Producers' Association District 9, vice-president of York County Federation of Agriculture and president of the Vaughan Federation of Agriculture, a vice-president of the Woodbridge Fair Board, an elder at Maple United Church and a member of the Masonic Lodge.

Married he has three sons, Jim, Bill and Jerry. Asked why he elected to run for Vaughan office, he said he hoped to be able to continue good government in the township.

Maple Trustees

Run Again So Far Unopposed

Maple Village Trustees so far have no opposition to the seats they've held for the past four years, and must be re-elected on December 12.

Trustees are Frank Robson, who's in the transport business, Roland Keffer, a retired farmer and Jim Hodgson, foreman at a Toronto manufacturing plant.

Nomination night for the village is December 1 at Maple Community Hall. Main job for the three-man group is to look after lights, sidewalks and roads in the village. "We're a peaceful family unlike King City," said Mr. Robson. Current projects are planting barberry hedges and a little memorial garden for Maple blast victim Herb Joslin in the vicinity of the railway station, planting trees and installing skating facilities at Normaple Park.

County Briefs

York County Council met last Friday to discuss its hospitals' and financial reports among other things.

Tenders for the sale of \$216,000 worth of 5 1/2% debentures were advertised and awarded to Bankers Bond Corporation with a bid of \$99.85 on each \$100 bond. The debentures are necessary for construction and improvement of highways in the county.

Vaughan Worker Fired Wants To Know Reason

Robert Taylor, a Vaughan Township planning and building department employee wanted to know why he had been handed "his walking papers" two weeks ago, when he appeared Monday night at Council.

Mr. Taylor, a township employee for the past two years, claimed he had not been given a proper reason for the termination of his job.

"My attitude was one of the reasons given but I believe I have been falsely accused of being dishonest and having a bad attitude. When the committee met to discuss my case, they heard only one side, that of Mr. Vanderfleet," he said.

Gerald Vanderfleet is the township's building department chief.

Councillor Ruth McConkey chairman of the meeting concerned, said the council had given Mr. Vanderfleet the responsibility of department head and since he had the authority, council would back him up on any hiring or firing recommendations.

"I prefer not to go into all the reasons you were fired in public because I don't think it's fair to you, she told Mr. Taylor. "But if you want me to list them, I will," she added.

Mr. Taylor said he and his wife would wait until after regular council to discuss the reasons in camera.

Because of an increase in the bank interest rate, several tenders for the purchase of \$175,000 worth of Markham Township debentures were withdrawn before Monday's deadline and there were also several telegraphed bid changes.

Best of the six bids opened was that of J. F. Simard Co. Ltd. of Toronto who offered \$100.06. Council accepted the bid pending confirmation. Second highest bid was \$98,777 from Greenshields Inc.

The debentures are to pay for the purchase of the \$90,000 site for the York Central Board's sixth high school; to finance the Hillsview Drive watermain, costing \$45,000 and for the \$45,000 worth of sanitary sewers on parts of Proctor Avenue, Sprucewood Drive and Clarke Avenue. By-laws for these three undertakings were given third reading at Monday's meeting.

The board also gave approval for a \$113,500 addition to Stouffville High School. The Stouffville High School Board's share of this will amount to \$28,000.

A letter received from the City of Toronto confirmed the city was prepared to bring a trunk sewer line from the north limits of the North Thornhill development up to the jail farm property, to enable them to put this land on the market as serviced land. Cost of the trunk sewer is estimated to be \$150,000.

A sewage plant with sufficient capacity to serve the jail farm industrial area as well as their own development is to be installed at the cost of the sponsors of the North Thornhill development. They will also pay for and install the trunk sewer line from the plant, expected to be on John Street, to the northerly limits of their property.

Council also confirmed a resolution made at last week's committee meeting which gave approval to a one storey addition to the library at Thornhill Secondary to be financed by a \$39,600 loan under the Municipal Works Assistance program.

Council had been scheduled to discuss the appraisal of the property for the proposed sewage disposal site on John Street, but the appraisal, complete with easements was only received during the course of the meeting, too late for it to be discussed. It was to be considered instead at the Wednesday morning committee meeting.

Here's a smile for you

Father and son were having a man to man talk about life in general when the subject got around to marriage.

"But why can't a fellow have more than one wife," the son wanted to know.

"As you grow older, my boy," the father replied, "you'll realize that certain laws were passed to protect those incapable of protecting themselves."

Markham 2-Way Fight

(Continued From Page 1) This year's Ward 2 representative, Cleary Palmer, will run again for the same office. A business consultant and resident of the Bayview Glen Subdivision, Mr. Palmer served five years on the North York Township Planning Board. The father of seven children, he has a BA in economics from McMaster University and a BA in business administration from the University of Western Ontario.

An easy winner in Ward 3 last year, Charles Hoover, former township clerk, has indicated his intention of running

again. Mr. Hoover resides on the outskirts of Unionville.

Up to press time, the only other person who had announced his candidature in Ward 2 was real estate and insurance salesman Geoffrey Walker. Mr. Walker, who stated that he had no particular platform, will contest either Ward 1 or Ward 2. He has been defeated in two previous tries for council.

Nominations will be received at Victoria Square Community Hall Friday evening between the hours of seven and eight o'clock.

THANK YOU

The members of the Cedar Rod and Gun Club wish to express their thanks to the businessmen of Richmond Hill for their generous support which has enabled this organization to progress rapidly.
