

### Vaughan Election

(Continued from Page 1)

school board (five elected), Lorne Wells of Maple swept into top spot with 2,388 votes with incumbents Warren Baillie of Concord at 2,294 and Ross Jolliffe of Langstaff at 2,188 respectively and Terry Goodwin of Thornhill at 2,122 to take the fourth spot with incumbent Mrs. Dorothy Robertson of Pine Grove clinching the last spot with 1,855. Murray Morrison of Pine Grove made a creditable showing with 1,322, giving Mrs. Robertson a run for her money.

There were 10,131 eligible to vote this year for council and 9,250 for school board. A great deal of credit has been given to Alan Crawford of Thornhill who spearheaded a "get-out-the-vote" campaign and whose success showed up in the terrific response from the Yonge Street voters, an area lamentably lackadaisical in past elections, according to some sources.

#### Election Sidelines

The smoothly-run election returns operation at Maple had copies of final vote counts in electors' hands within minutes of the final tally.

The township rented a flat slide projector listing electoral districts, numbers eligible, votes cast, and interment totals, added to as each polling captain phoned in results.

At the council table, Norman Savoy and Gerry Vanderfleet, members of Vaughan's planning staff had two phones in constant use informing ratepayers of up-to-the-minute results.

Most of the candidates eventually wound up at the municipal office with their supporters and friends and later adjourned to home celebrations.

### "Trap" Tables In Kindergarten

Members of the public present at last Thursday's meeting of Vaughan Township School Area Board began to wonder if a new subject had been added to the schools' curriculum. Trustee Lorne Wells, during consideration of accounts for payment, asked, "What are trap tables?"

For a few moments, the audience thought he was asking about "trap" tables.

Peter Kurita, principal of Kleinburg Public School for whose kindergarten the tables had been purchased, explained the tables were named for their shape. "Trap is the short form of trapezoid," he explained. "This shape enables them to be assembled in various shapes for use in the classroom." The dictionary defines trapezoid as a quadrilateral no two of whose sides are parallel.

### Police Report Minor Thefts Over Weekend

A series of petty thefts and break-ins plagued Richmond Hill Police over the weekend.

On December 12, Bogdan Plachecki was away from his Elmwood Avenue apartment shopping and when he returned found a youth inside who had apparently entered through a second-storey unlocked balcony door. The youth fled, police said, but nothing was reported stolen.

There was an attempted theft reported at Dan's Esso Service Station Friday on Bayview Avenue, police said, when a hammer head was thrown through a side window but nothing was taken.

Sometime between Saturday and Sunday, the Tom Hughes Shell Service Station on Bayview Avenue was entered and a tool box, several cartons of soft drinks and about \$40 in silver stolen after a window was smashed.

A coin box containing about \$5 in silver was pried open at Pete's Laundry at the Allencourt Plaza over the weekend, police said and there was a reported theft of a flashlight and tools from a car parked in a private driveway on Rockport Crescent.

Chief R. P. Robbins also said there was a noticeable increase in the number of Christmas light thefts reported to the department.

### MUTUAL LIFE OF CANADA APPOINTMENT

J. H. Panabaker, M.A. The Mutual Life of Canada announces the appointment of John H. Panabaker, M.A., as Vice-President and Treasurer. Mr. Panabaker has served as Treasurer since January 1, 1964.
