After her TCA flight had been grounded because of fog, Miss Barbara Southwell of Port Arthur caught a later flight which brought her to Malton Christmas Eve, so that she was able to spend Christmas with her parents, Mr. and Mrs. F. Drawing comment at both ends of the telephone line was the unseasonable weather—heavy snowfall on the west coast and no snow and much above average temperature in Ontario.

Next Sunday evening at St. Mary's Anglican Church the "Festival of Lights" will usher in the Epiphany season. This is a dramatic presentation of the manifestation of Christ to the world and representatives of the various youth groups of the parish will participate.

At one time, finding cures or preventing various diseases seemed as staggering as any space problems we might have. But science comes through, as with new vaccines to immunize children against diseases that formerly crippled or killed. For us, filling your doctor's prescription is no problem at all, thanks to science, your doctor's wisdom and our own knowledge and skill.
