FACT:

Of all North American cars today, Rambler is your best used car buy. Why Rambler?

1. BETTER CONSTRUCTION

Exclusive Single Unit Construction with Uniside makes every Rambler body a strong, safe, all-welded, single unit. A rugged Rambler body stands up to punishment a lot longer, a lot better. It's built to take years and miles in its stride.

2. NO RATTLES

Rattles and squeaks in other cars are caused by nuts-and-bolts construction. But Rambler's unique Uniside body is free of rattles and squeaks because it's different from conventional body-frame construction.

3. BETTER RUSTPROOFING

Exclusive Deep-Dip Rustproofing, continually improved since its introduction nine years ago, is the world's best rustproofing method. The body of every Rambler is dipped to its roofline seven separate times in rustproofing to seal off every nook and cranny from the rawages of rust.

4. BETTER PAINT

Rambler's exclusive three coats of Lustre-Gard Enamel resist wear and tear, season after season.

5. BETTER WEATHER INSULATION

We introduced exclusive Fibreglass Roofliners in 1961. Durable, washable vinyl covering stays attractive years longer than traditional cloth lining.

6. BETTER WINTER INSULATION

Rambler's Weather-Eye Heater and exclusive Double Door Seals give year-in, year-out protection against wind and weather, cold and drafts.

7. BETTER BRAKES

Exclusive Double Safety Brakes, a Rambler feature introduced in 1962, are gradually being copied by other manufacturers. Front and rear brakes work independently to provide superior stopping protection. If one set is damaged, the other still operates.

8. BETTER SEATING

Rambler offers the industry's widest choice of comfort and seating options. Exclusive reclining seats and adjustable headrests are sturdily-built to give you maximum seating comfort year after year.

9. BETTER MUFFLER

Rambler's exclusive Ceramic-Armored Muffler, Tailpipe and Exhaust System is made of tough galvanized metal bonded with a long-lasting ceramic shield to resist mest and comosion.

10. BETTER VALUE

With so many built-in exclusive features, Rambler holds its new car value much longer. Rambler is built with all possible owners in mind-not just the first. In the beginning, when it counts, Rambler is built far better to last far longer.

11. HIGH DEMAND

Rambler owners are loyal owners. That's why today's used car lots aren't crowded with used Ramblers. Rambler owners like the cars they drive. They take good care of them. When you spot a used Rambler, you know it's in top condition.

The new 1965 Rambler is a top-quality car, too. It offers exclusive construction features, it's packed with solid value for your money, and it will deliver thousands of miles of trouble-free performance-now when it's new and later when it

becomes a used car. Rambler is your best car buy-new or used. The proof is waiting for you right now at your Rambler Dealer's. You'll find the model, style, colour and features you like at a price you like. See your Rambler Dealer's wide-ranging selection of top-quality cars today.

Quality Rambler parts and superb Rambler service are available from our network of Rambler Dealers throughout Canada
