Mrs. S. J. English is reported making good progress, and expects to be moved to St. John's Convalescent Home at Newtonbrook this week.

Last week when at the Ontario Municipal Board hearing on pits and quarrels in the township, there was a large deputation from the Don Mills Road, No. 7 Highway district, and Mrs. John Wilkins and Mr. Dick Jones spoke up for the neighbors. They supported the township's new by-law No. 2113 to restrict pits and quarries.

Specifically, these local residents have been concerned about the establishment of a pit operation at the rear of their properties in lot 9, concession 4, where Sabistons began excavating last spring. According to official information work has February meeting.

"Chevy-Vans are far superior" says W. M. Browne, Toronto Caretakers Co., Ltd.

A GENERAL MOTORS VALUE

Multi-stop city driving calls for CHEVROLET

workpower

Says W. M. Browne, Toronto Caretakers, Toronto, Ontario. "We have used panel trucks of various makes for the past 15 years. Nine months ago we put six Chevy-Vans into service and, from our experience with these, we have purchased six more."

"Accurate comparative analysis of our vehicle operation proves Chevy-Vans to be most economical. The six-cylinder engine is really lively with plenty of power. Gas mileage is very good and has given us a substantial saving per unit."

"Manoeuvrability in city traffic is excellent, resulting in reduced time between calls. Mechanically, Chevy-Vans have proved to be first-class—we have had no failures."

"In summary, I would say that Chevy-Vans are far superior to any units we have previously operated."

Every operation can profit from Chevrolet Workpower—including yours! See your Chevrolet Truck Dealer today.
