Mark Golden Anniversary

Mr. and Mrs. Harry Mizzen, 77 Sprucewood Drive, Doncaster, are pictured above as they cut a decorated cake March 27 when they celebrated the fiftieth anniversary of their wedding by entertaining relatives and friends at an open house.

The fourth family to move into the Doncaster area, the Mizens have lived on Sprucewood Drive since 1923 and have the longest residence of any family in the subdivision.

Mr. Mizzen was born in Essex, England, and came to Canada in 1906. Mrs. Mizzen is a native of Dorset, England, who emigrated to Canada in 1910. Five years later the Mizens were married in Toronto where they lived for eight years.

They have five children living, Charles, James, David, Heather (Mrs. A. Morrison) and Ada (Mrs. A. Rowe) and sixteen grandchildren. During the celebration of their golden wedding anniversary, Mr. and Mrs. Mizzen received cablegrams of good wishes from England, 50 yellow roses from their family, 50 red roses from Thornhill Presbyterian Church, a yellow rose bush from Doncaster Ladies' Club, and gifts from the Thornhill Senior Citizens, couples club, WMS, horticultural society, St. George's Bowling League and the Edgeley Club.

About People

The members of the Thornhill WI surprised Mr. and Mrs. H. Mizzen, Doncaster, with a party on March 25 to help them celebrate their golden wedding anniversary day March 27. In the old fashioned way of knocking on the door, the members truly surprised the Mizens. The guests were welcomed by Mrs. Ada Rowe, daughter of Mr. and Mrs. Mizzen. A pleasant evening was spent with contests and a game of cards.

In a few well chosen words, Mrs. Percy Bone, on behalf of the WI, expressed good wishes to Mr. and Mrs. Mizzen, wishing them joy and gladness on their special day. A tribute was extended to Mrs. Mizzen, president of the WI, expressing that all the members agreed she most certainly lived the institute creed and had not forgotten to be kind over the many years the members had known her. Their sincere wish and prayer was that Mr. and Mrs. Mizzen would be spared many more years, blessed with good health to enjoy their family, church and friends. Mrs. C. Sinclair presented them with two cups and saucers, one gold and one with the WI crest.

Mrs. Mizzen thanked the ladies for the lovely evening and most appreciative gifts. Delicious refreshments were served, after which Mrs. Rowe thanked the guests for their kindness to her parents. Mr. and Mrs. H. Mizzen had an open house on March 27 from 7-9 for all their many friends. A family dinner party was held with their three sons, Charles, James and David with their wives, and their daughters Mrs. A. Morrison and her husband and Mrs. Ada Rowe at the Summit View Gardens Restaurant to celebrate the occasion of Mr. and Mrs. Mizzen's 50th wedding day.

Jim Jarrell, Elizabeth Laycock and Malcolm Yule are three students home for spring vacation from private schools. The new motion picture "A Letter to Nancy", a touching and highly relevant story of modern life, will have a special showing open to the public on April 11 at Thornhill United Church at 7 p.m. Produced in Hollywood, this picture promises a profitable viewing treat for the entire family. Both entertainment and serious drama, this full colour film takes an honest look at 20th century values and problems through the heart warming story of a little girl.

It was interesting to note in a Toronto daily that Mrs. H. R. Howden, a lawyer, and Vincent DeMarco, a homebuilder, both from the Thornhill area, recently visited slum houses in Toronto and expressed shock at what they termed the loose wording of housing by-laws and the lack of housing inspection. Mrs. Howden was most concerned with the problems of heating and sickness which she felt was the two greatest difficulties. Mr. DeMarco was

shocked at the fire and safety regulations. The team visited several houses including two on Angus Place in the Bathurst-Front area.

John Terence Townsend, John St., had an operation in the Toronto General Hospital last week and will require further heart surgery in the near future.

Sixteen ladies from the Gormley approved home had permanent at the home of Mrs. V. Johnson, 43 Woodward Ave., on March 29. Former hair stylists donated their time in giving permanents to the patients. They were Mrs. Vera Moore, Mrs. Hazel Cox, Mrs. Jean Hopson and Mrs. Johnson. Assisting these ladies were Mrs. M. Slauenwhite, Mrs. Marg. Henderson, Mrs. Marg Ross and Mrs. Mary Dobson. Refreshments were served and provided by the UCW of the United Church.

FACT:

Of all North American cars today, Rambler is your best used car buy. Why Rambler?

- BETTER CONSTRUCTION**
Exclusive Single Unit Construction with Uniside makes every Rambler body a strong, safe, all-welded, single unit. A rugged Rambler body stands up to punishment a lot longer, a lot better. It's built to take years and miles in its stride.
- NO RATTLES**
Rattles and squeaks in other cars are caused by nuts-and-bolts construction. But Rambler's unique Uniside body is free of rattles and squeaks because it's different from conventional body-frame construction.
- BETTER RUSTPROOFING**
Exclusive Deep-Dip Rustproofing, continually improved since its introduction nine years ago, is the world's best rustproofing method. The body of every Rambler is dipped to its roofline seven separate times in rustproofing to seal off every nook and cranny from the ravages of rust.
- BETTER PAINT**
Rambler's exclusive three coats of Lustre-Gard Enamel resist wear and tear, season after season.
- BETTER WEATHER INSULATION**
We introduced exclusive Fibreglass Roofliners in 1961. Durable, washable vinyl covering stays attractive years longer than traditional cloth lining.
- BETTER WINTER INSULATION**
Rambler's Weather-Eye Heater and exclusive Double Door Seals give year-in, year-out protection against wind and weather, cold and drafts.
- BETTER BRAKES**
Exclusive Double Safety Brakes, a Rambler feature introduced in 1962, are gradually being copied by other manufacturers. Front and rear brakes work independently to provide superior stopping protection. If one set is damaged, the other still operates.
- BETTER SEATING**
Rambler offers the industry's widest choice of comfort and seating options. Exclusive reclining seats and adjustable headrests are sturdily-built to give you maximum seating comfort year after year.
- BETTER MUFFLER**
Rambler's exclusive Ceramic-Armored Muffler, Tailpipe and Exhaust System is made of tough galvanized metal bonded with a long-lasting ceramic shield to resist rust and corrosion.
- BETTER VALUE**
With so many built-in exclusive features, Rambler holds its new car value much longer. Rambler is built with all possible owners in mind—not just the first. In the beginning, when it counts, Rambler is built far better to last far longer.
- HIGH DEMAND**
Rambler owners are loyal owners. That's why today's used car lots aren't crowded with used Ramblers. Rambler owners like the cars they drive. They take good care of them. When you spot a used Rambler, you know it's in top condition.

The new 1965 Rambler is a top-quality car, too. It offers exclusive construction features, it's packed with solid value for your money, and it will deliver thousands of miles of trouble-free performance—now when it's new and later when it becomes a used car.
