The program for the evening was a variety concert by many children of both Joseph A. Gibson and George Bailey public schools. This proved to be a most enjoyable evening and the children who participated are to be complimented on the talent they displayed, and the entertainment they provided.

**Maple Scouts**  
The Maple Scouts were hosts to Sutton Scouts on the weekend of April 10, at the Maple Scout camp. There were about 15 boys each from Sutton and Maple, as well as their leaders, who slept at the campsite Friday and Saturday nights. Maple Scout Master is Ian Ferguson and Assistant Scout Master is Graham Pust.

Saturday was a busy day for all the boys with many activities planned such as tapping trees, lessons on how to fell trees and also how to cut wood with the safety aspects of both being stressed. Saturday night there was a gathering around a bonfire with singing to an accordion. Many of the boys' fathers were present for the bonfire and they challenged their sons to a log sawing contest.

There was a ceremony for Peter Stein as he went up from Cubs to Scouts and was welcomed into the Scouts.

It had been planned that the boys would make their own maple syrup from the sap they gathered that day, but the weather would not co-operate as the sap was not running.

Shop, Humber Valet Cleaners, John's Garage, Maple Seed Mill, Johnson's Meat Market, Annie Lawrie's Hardware, Maple Motors and Wilcox Appliances.

This league has grown from 50 boys to a present total of 200 boys. Much of the credit for conceiving a hockey league for local boys goes to Mrs. Larry Stevenson who together with Past President Dalton McArthur got it started just three years ago. The coaches give their time and services voluntarily, and this is no mean task when it may mean being down at the Doublerink arena as early as seven o'clock every Saturday morning all winter long.

The mothers, who catered for this year end party were Norma Baker, convener, Eva Watson, Freda Bourke, Joan Free, Ann Parrott, Mary Allen, Sadie Allen, Florence Beauvais and Ada Watson.

## No Music Nights In '65, Vaughan

There will not be a music night for all schools in Vaughan Township School Area in 1965, it was learned Thursday night at the April board meeting when Trustee Ross Jolliffe presented the management committee's report.

Hugh Martin, supervisor of music for the area, had been asked to investigate the feasibility of holding such a night or nights prior to June. His report indicated he had discussed the topic with the principals and all concerned agreed to forego the 1965 music night.

Mr. Jolliffe reported that the only accommodation large enough to house such a program was the Woodbridge Arena which was not available during the months when ice was in use for skating and hockey. By the time it becomes available in the spring, the schools are well into preparation for final examinations. To make use of the arena in the fall before the ice is laid does not allow enough time for preparation, it was felt.

It was suggested that plans be implemented as soon as possible for staging a music night during the coming school year. Announcement of these plans will be made at the earliest possible date.

## Concord News

**Hospital News**  
Penny, Sherry and Brad Barrett are all home at last, having spent some time in York Central Hospital. All went in for tonsillectomies. Brad and Sherry followed through with theirs, but sister Penny decided to postpone hers for a while until she recovered from pneumonia. She is home now too, taking a breather until April 29 when at long last the tonsils will come out.

With fifteen grade ones away last week, measles are obviously on the rampage this spring. Those I know of who have the spots are Kelly Limebeer, Douglas Reesor, Lois Templeton, Robbie Syme, Paul Marzieack and Patricia Keffer. Our Irish decided that measles just wasn't enough and developed pneumonia right along with them. Luckily for us the one isolation room at York Central available to children was empty so we filled it up. At least she is in the same place as her Grandpa Orr so we can do all our visiting at once.

Since Mark Medensky had measles last year, he decided to have strep throat instead this week. We wish Mark and all the other "victims" whatever they have, a speedy recovery. After all kids, Easter vacation is coming up and you don't want to be sick then!

**School News**  
Three classes at Concord School visited Baker's sugar bush recently. For Mrs. Taylor's class the weather wasn't the best and it was difficult to see all they wished to see. Miss Freeman and Miss Gall had an excellent day on April fifth however, so their little excursion was a success. Transportation was provided by Bert Witty and Bob Dean, who with horses, wagons and hay, made the journey to and from the bush as exciting as the bush itself.

Only drawback as far as I could see was that a couple of parents (Harry Medensky and myself) were disappointed at not being needed as chauffeurs for the occasion. Having talked to other adults, some of whom have been around longer than I, I think what we need is an adult excursion to the sugar bush. Sometimes we fail to see what is right under our noses, and it takes our teachers to point it out to us. Actually I think we're all procrastinators at heart, waiting for "next year when we have more time".

**Brownie and Guide News**  
Brown Owl Audrey Boron and Captain Karen Wood were guests at a dinner sponsored by Thornhill Lions' Club last week. Each received a cheque for her pack or company as did the other Thornhill District Guides present. Those who didn't have their new Canadian flag also received these at the dinner.

Two Brownies who passed their toy-maker's badge tests recently are Lorraine Sherman and Kathy Burlington. Congratulations, girls.

**Socials**  
Recent guests at the home of Mr. and Mrs. R. M. McLean, King High Drive, were Mr. and Mrs. Allan Solomon of Ottawa whose daughter Linda is to marry Brian McLean, July 24.

Brian is completing his year at the Ontario College of Education and following his summer stint as manager of the Thornhill Swimming Pool will teach at North Toronto Collegiate next fall.

His friends and neighbors will be glad to know that Joe Turner of 21 King High is up on his feet again — although with his activity still restricted — after eight weeks on his back following a mild heart attack. Mr. Turner expects to be back at work in a couple of weeks.

A new and welcome guest at the home of John and Carol Cole, 17 King High Drive, is three-week-old Kelly-Anne, a ward of the Catholic Children's Aid Society to whom the Coles are giving a home — as
