

Bayview Sports News

Joins Local Library June 1

For the second year in a row, Bayview Secondary School captured the Georgian Bay South Athletic Association gymnastics competition, which was held at the school April 10.

In the grade nine competition, Tesley Nicholls and Diane Hasselfeldt of Bayview scored first and third respectively.

Kathy Goode came third in the uneven bars and second in the grade 11 contest, while Mayirt Karu came third.

Competition in the senior grades was especially intense, but here again Bayview fared well.

Ann Firman came first in the uneven bars and vaulting, and second in the grade 12-13 contest.

Carol Shelton was the grade 12-13 champion with a first in balance beam and a second in free callisthenics.

Colin Robertson, New Librarian

Richmond Hill Public Library Board announced following last Thursday night's meeting that Colin Robertson of Vancouver will assume duties of chief librarian at the local library on June 1.

Mr. Robertson has had 15 years experience as librarian with the Vancouver Public Library system, including five years as a branch head of the Kitsilano branch library. He secured his Bachelor of Arts degree from the University of British Columbia and his Bachelor of Library Science degree from the University of Toronto Library School.

The new librarian is married and has four children.

The local library has been without the services of a qualified librarian since Mr. and Mrs. Fred C. Israel, both of whom held library science degrees, left last fall to work in the St. Catharines library system.

Student Record Loan

It was the unanimous decision of the board that the fees charged students for the loan of records be reduced from 5c per day to 5c for two days. This policy was adopted after a letter from Leonard McHardy, a student at Bayview Secondary School, was read, stating such a policy would be of great assistance to students in that school's music course.

Qualified Speakers

Another letter prompted the board to agree to have a qualified person present on at least one evening of an exhibit, of paintings or other works of art to answer questions and hold informal discussions of the artists' work with interested persons. Such a course was advocated by Mr. William Street, who commended the board on its policy of presenting such exhibitions to the public of Richmond Hill and district.

During the coming winter season the board hopes to sponsor not only exhibitions of art but also collections of sculptures, etc.

Spring Book Buying

It was reported to the meeting that 313 new books were added to the shelves during the months of February and March.

Film Library

The meeting was also told that the film library, started last fall, is proving more and more popular as the weeks pass. It is being well patronized. Mrs. Naida Berry is in charge of this service.

School Classes

School class library services will be continued as long as there is a demand for it, the board also decided.

KAP Kids At Work

Shown above are some of the students of 13B at Bayview Secondary School busy at their "gasathon" at Dan's Esso Station on April 3. Their day's work netted \$50 for KAP, the school's project to adopt a Korean orphan.

The two nattily-attired young ladies are Beverley Bellis, window polishing, and Vivian Ritchie pumping gas. The three busy young men are, left to right, Wayne Everett, Peter Miller and Bruce Mortson.

The many money-raising projects being carried on by the students are meeting with great success and it is expected that the initial goal of \$1,500 will be exceeded.

Morley Kinnee Elected Trustee Group

Morley J. Kinnee of Maple has been elected to the executive of the Ontario and Rural School Trustees Association.

Mr. Kinnee, a member and past chairman of the York Central District High School Board will represent the rural section of the central zone of this association.

Mr. Kinnee has been active in school affairs for some years. He is a past president of the Associated Secondary School Boards of Ontario and has been a member of York Central District High School Board since it was formed in 1949. He was chairman of that board for four years.

This is an opportune time for him to take on this activity as he has just retired after long service with the Bell Telephone Company of Canada.

Abolition Of Death Penalty

The UCW of St. Matthew's United Church has invited the public to attend a meeting at the church at 8.15 p.m. on April 20 to hear a distinguished Toronto trial lawyer discuss the abolition of the death penalty.

Wm. R. McMurtry is on the national executive of the Canadian Society for the Abolition of the Death Penalty. His brother Roy is president of the Toronto branch of the society.

Educated at Upper Canada College in Toronto, Mr. McMurtry attended Royal Military College at Kingston, graduating in 1956. As well as taking an active part in the sports program there he was named the college's top debater for three years and was chosen as its candidate for a Rhodes Scholarship.

Named the year's outstanding graduate when he finished at Osgoode Hall in 1960, Mr. McMurtry has practised law in Toronto since then, doing trial work exclusively.

Increased Industrial Assessment, Vaughan Mill Rates Are Steady

Vaughan Township Council at its April 5 meeting gave approval to budgets presented by Woodbridge, Richmond Hill and Vaughan Township public school boards and by York Central District High School Board.

Vaughan will pay 37.24% of the municipal levy for the high school board, or \$677,888. This will produce a secondary school mill rate of 23.6 for residential and farms and 26.2 for commercial and industry, increases of 1.6 and 1.7 mills respectively.

Vaughan Township School Area Board's budget of \$682,200 will produce a residential and farm mill rate of 25.6 and a commercial rate of 28.4 mills, an increase of only .8 mills over the 1964 rate.

It was noted in the report of the township finance committee that with the more than a million dollars increase in the township's industrial assessment, the public school mill rates would have been 26.8 and 29.8, while the secondary school rates would have been 24.6 for residential and 27.3 for commercial.

Vaughan Township will pay 9.3% of the Woodbridge Public School budget of \$107,000. The residential rate here will be 24.1, an increase of 5.4 mills over last year; and 26.8 for commercial, up 6 mills.

Vaughan also pays 2.34% of the Richmond Hill Public School Board budget of \$605,144. This budget produces a residential mill rate of 26.8, up 3.8 mills; and a commercial rate of 29.8, an increase of 4.2 mills.

THE Challenge OF Cancer

Cancer presents one of the greatest medical challenges of the 20th Century. This challenge is being met by the combined efforts of hundreds of thousands of volunteers in different countries of the world. In Canada the effort is directed through the CANADIAN CANCER SOCIETY. Its function—as stated in its letters patent—"to reduce the mortality from cancer".
