JUNE 9, WEDNESDAY — St. Andrew's Presbyterian Church Strawberry Festival at the Community Centre, Maple, 5-8 pm. Adults \$1.50 children .75c. c3w47 *****

Ambulance Men To Meet With Mkhm. Township

Markham Township Council will hold a meeting this week to discuss a proposed ambulance service in the township with two separate operators.

Appearing before council Monday afternoon was John Vance, who presented a brief for his service, which he said was already in existence in the Village of Markham.

Mr. Vance said he had 10 men, who were trained in St. John Ambulance first aid, and who could provide a 24-hour service.

The ambulance was also fully equipped, he said with first aid needs, and Sunday night had answered an accident call to Highway 48 and the 14th Road within three minutes.

Mr. Vance asked council for a subsidy of \$400 a year to help defray expenses.

When asked by Deputy-reeve Stewart Rumble why he was asking for \$100 more than he did in his letter of application in March, Mr. Vance said his insurance and other costs had gone up since.

Councillor Cleary Palmer said he thought Mr. Vance and Dave Holt, who has also proposed an ambulance service to cover the area, were to present their cases together in committee. He said he didn't think it was fair for either Mr. Vance or council to discuss any service at that time and suggested a meeting later in the week.

Council agreed and will see Mr. Vance first, followed by Mr. Holt 30 minutes later.

Baby Bonus Winner

Mrs. Peter Donkers, CFRB Sideroad, received triple the amount of her April baby bonus cheque when she cashed it at a store in the Richmond Heights Centre and her name was drawn as the lucky winner.

March winner was Mrs. C. A. Van Velzen of 127 Roseville Avenue, Richmond Hill.

Any mother who cashes her baby bonus cheque in a member store at the centre becomes eligible for the monthly draw and can triple her cheque.

Everyone's Assistance For Improved Appearance

Everyone can help improve the appearance of Richmond Hill, OUR town, states Douglas H. Hitchens, chairman of the civic improvement committee. He lists a number of ways in which all of us can cooperate in this important work.

First spread enthusiasm about YOUR town. You have a stake in it and what happens for good or bad affects you personally.

Do not drop litter on the streets. It needs so little effort to carry it to a litter basket.

Become improvement conscious.

Improve your own property, keep it in good repair, keep the grass cut, plant your garden with flowers, repaint your house when it needs it. All these things do not require too great an outlay in money or time but will result in a general overall and very noticeable improvement to the whole town. See what YOU can do for Richmond Hill.

Mr. Hitchens points out that members of his committee give freely of their limited spare time and of their talents to help improve our town but feels much greater results would be achieved if every resident does what he can to help and encourage others to do the same.

The committee will do all they can to improve the appearance of the public parts of the town and with your help will be most pleasantly surprised with the transformation brought about by all citizens working together.

To illustrate such operation, Mr. Hitchens quotes a recent news story in a Toronto daily paper: "Windsor is working hard at its rose city project. Five large rose beds have been planted on the grounds of the new Essex County Courthouse, industries are planting roses on their grounds and the parks board, board of education and other civic organizations are following suit. The greater Windsor Foundation is prompting the rose scheme."

Kleinburg Ratepayers Complain To York County Health Board

(Continued From Page 1)

definite answer to Mr. Freeman's question.

Jesse Bryson, former deputy-reeve of Vaughan Township and appointed this year to the board of health stated that it was quite obvious that there was a need for a change in handling sewage disposal in the subdivision. "But where do you get the money?" he asked.

Mr. Freeman stated that the subdivider had offered to build a sewage treatment plant and also add four classrooms into the local school if he were permitted to subdivide an additional 80 lots over which to spread the cost. He agreed that this would require re-zoning of the immediate area.

Mr. Bryson listed three ways in which the situation could be corrected; by the method outlined by Mr. Freeman and proposed by the subdivider; by having the subdivider build the plant without the subdivision of any additional lots, which he admitted would mean a further loss of money for the subdivider; or by having the cost of a sewage plant spread over the whole township.

Health Board Chairman E. J. Norris queried whether it could not be paid for on a local improvement basis. Mr. Bryson replied however that with heavy mortgages the people couldn't carry any more charges than they are at present.

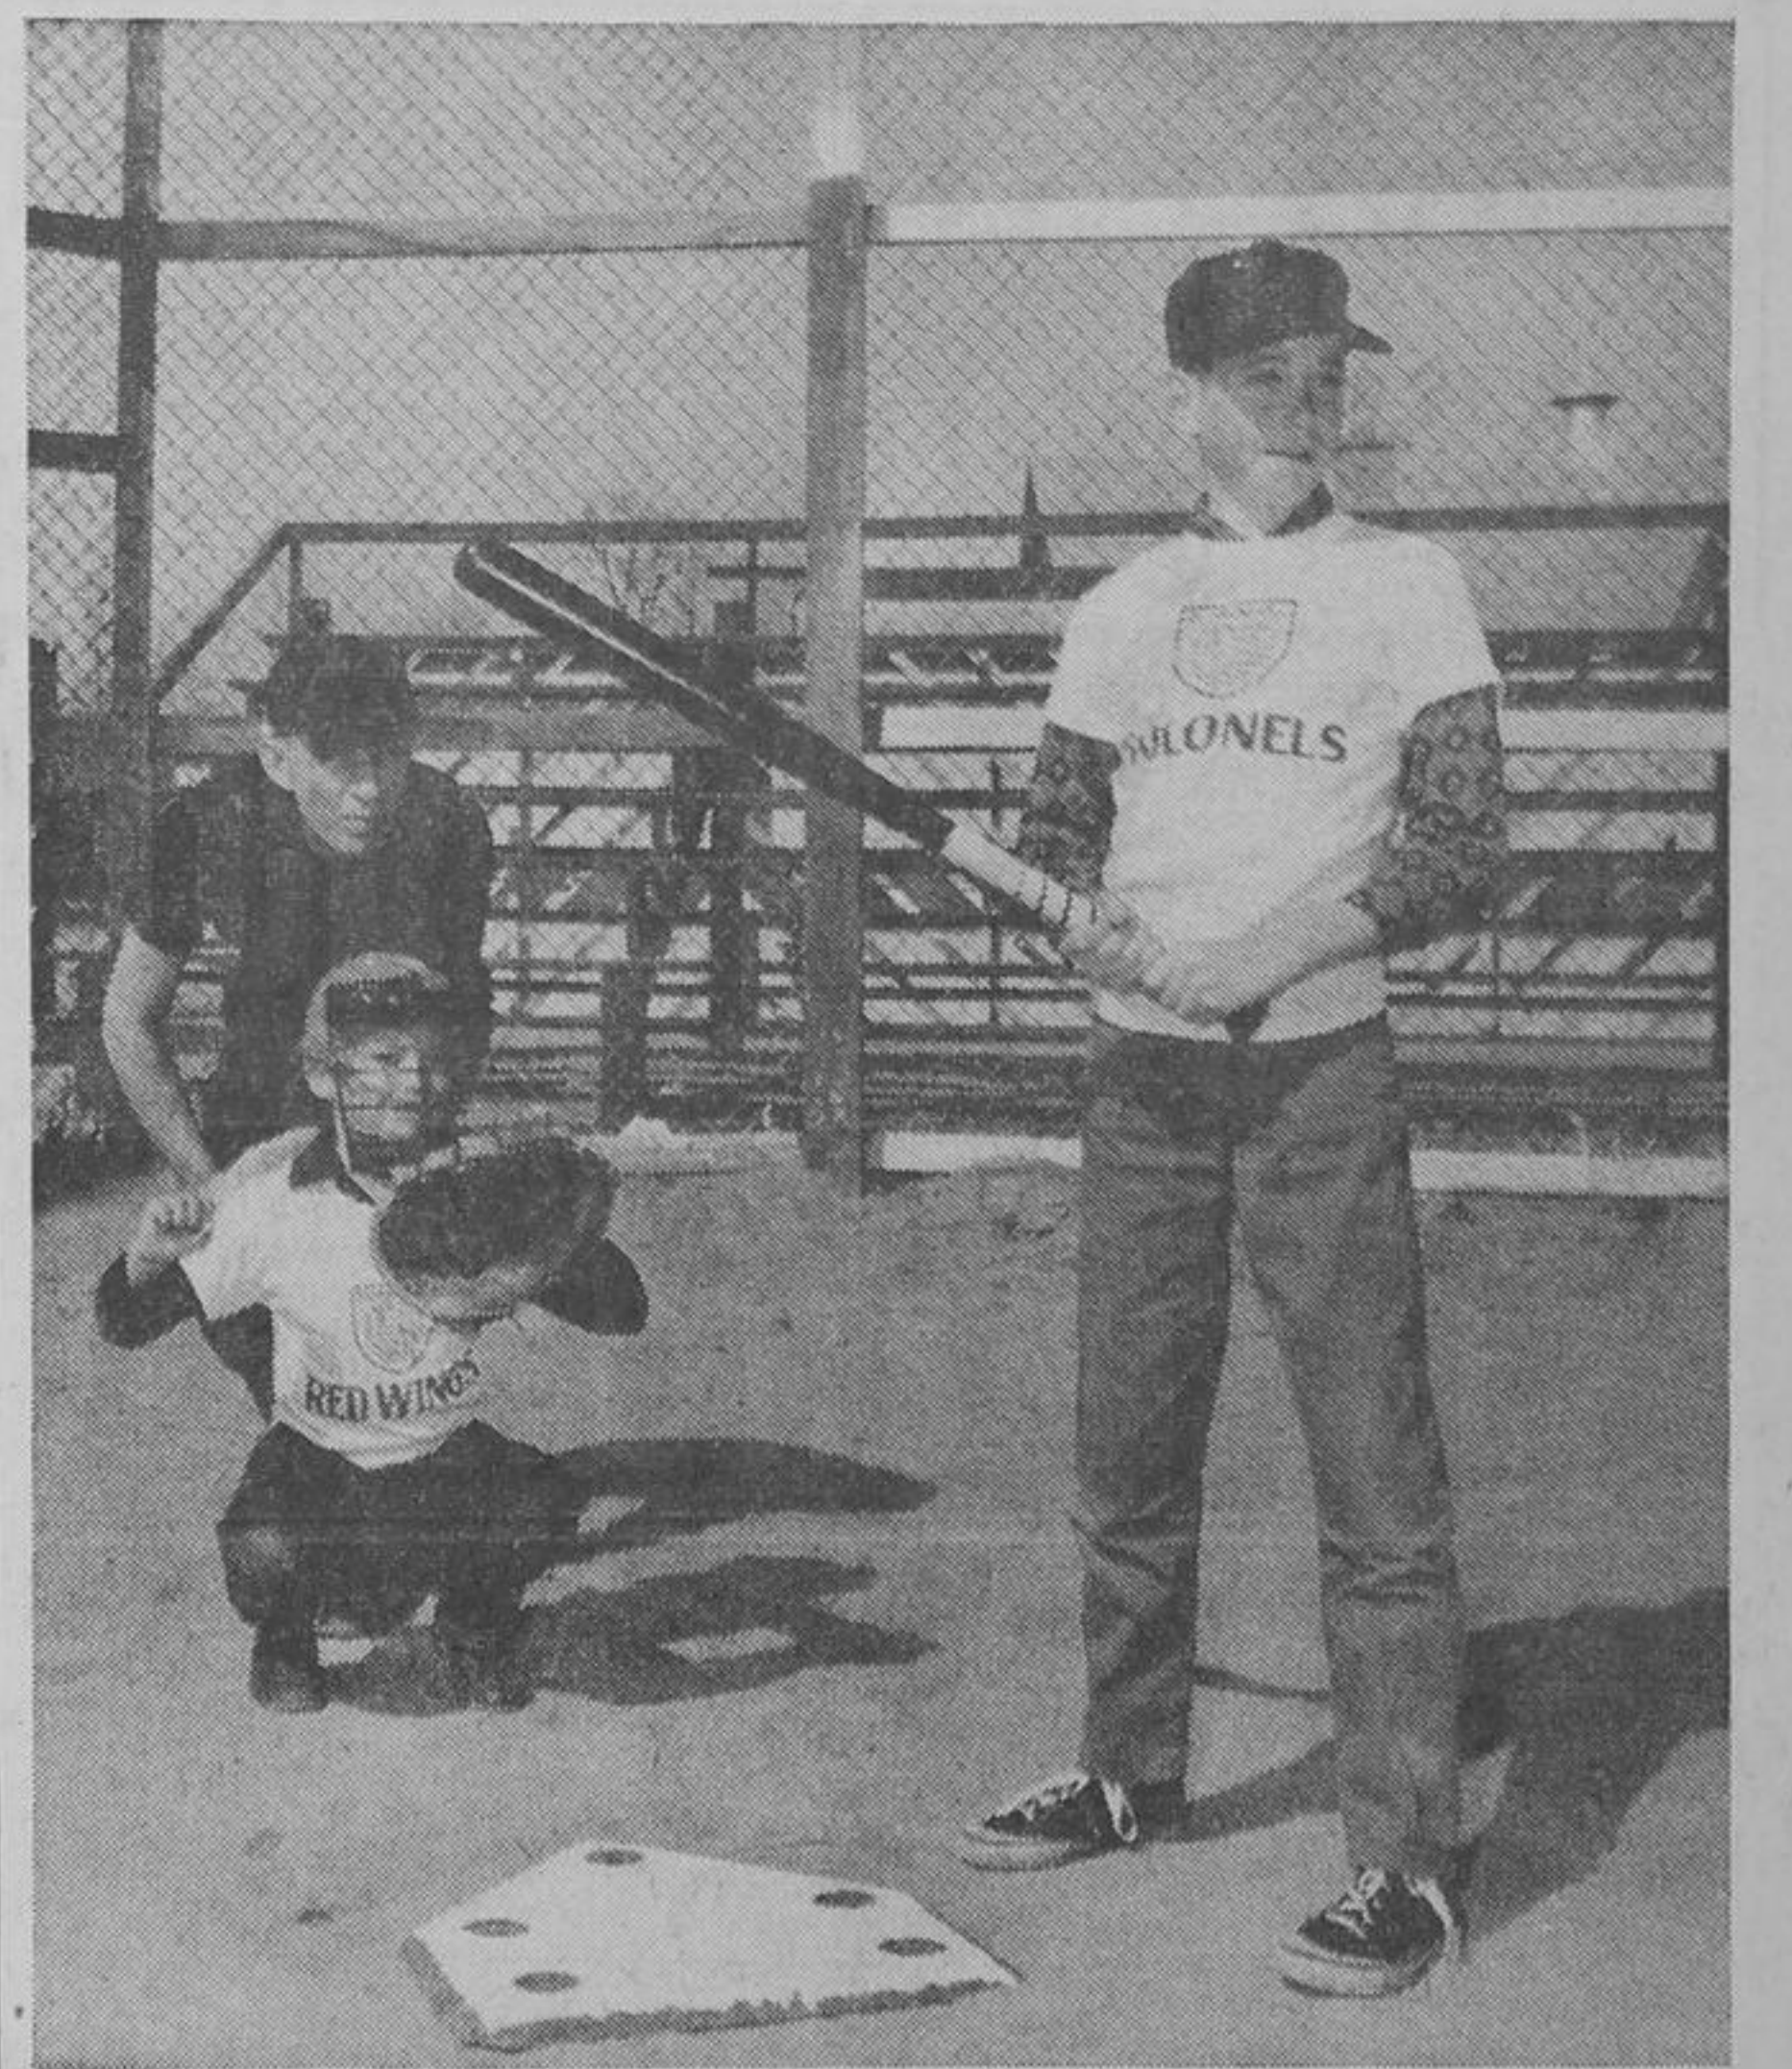

Mr. Freeman thanked the members of the board for their time. "But we won't stop here," he said. "We are prepared to go on to Dr. Dymond, (Minister of Public Health for Ontario) if we have to."

The chairman stated that meetings of the board of health were open to the public and he would like to think that anyone with problems would come to them at any time.

After the delegation had left, the board discussed the problems presented by "mass" septic tank installations.

"What is a 'mass' installation?" asked Mr. Norris. "Would 25 septic tanks be called a mass? Would two?"

Dr. Murray noted that he had a subdivision plan before him with 170 homes, all to have both wells and septic tanks. "Rarely a day goes by that we don't get a call

Late John Leslie Was Former T&Y Member

John A. Leslie, Metropolitan Toronto representative on the Toronto and York Roads Commission for the past seven years, died recently at the age of 68, following a lengthy illness.

During his career, he was elected to public offices on 23 occasions, including three times to the Ontario Legislature where he represented York East as a Progressive Conservative.

He also served three terms as a Scarborough school trustee, five terms as a Scarborough councillor and was elected to the Scarborough Public Utilities Commission in 1936. He also served as an appointee to the Scarborough Collegiate Board and at the time of his death was a member of the Scarborough Planning Board and the Toronto and York Roads Commission.

He was one of two Metro appointees to the commission, the other being R. E. Bales. William Sellers of Sutton and W. J. Taylor of Richmond Hill are the county representatives on this commission and E. M. Miller, selected by the four appointees, is the fifth member. Mr. Leslie's successor on the commission will be appointed by Metro Council.

Batter Up!!

Minor baseball gets underway for the 1965 season next Tuesday in all divisions and on several diamonds throughout the town.

Getting an early start above are Red Wings Catcher Dwight Wagner, with David Hay of the Colonels at bat and Ralph Davis umpiring.

Almost 800 boys and girls have registered for the summer ball program and the executive is busy lining up coaches and drawing up the schedule.

Vaughan Awards Road Contract To Bidder Despite Errors In Tender

When a tender not a tender, appeared to be the question vexing Vaughan Township Council at Monday's meeting. Eight tenders had been opened for the reconstruction of Elder Mills Sideroad from Highway 27 to County Road 7. Low bid was from Graham Bros. Construction Limited of Brampton in the amount of \$97,986.76. Next closest was from H. M. Davis and Sons for \$114,578.00. High bidder was Miller Paving with \$133,022.34.

The trouble arose when Township Engineer Keith Hopper who had studied the tenders advised that Graham Brothers' submission contained two errors.

In one case, a unit price of 5c had been shown but the figure extended at the rate of one fifth of a cent. This was of little consequence he said, as it was a straight clerical error.

The second mistake was, however more serious. The unit price for the provision of granular "A" gravel had been shown as \$1.30 per ton, but extended at the rate of \$1.55 per ton. Mr. Hopper was of the opinion that the unit price here was incorrectly shown (the \$1.30 is the cost of pit run gravel) and that it should be amended to \$1.55 but leaving the total cost of this item as shown on the tender.

Councillor Dalton McArthur objected to this however. "We're not here to act as caretakers to see that they don't make mistakes," he said and moved that council accept the tender using the \$1.30 unit price with the total corrected to \$94,486.76, or \$3,500 lower than the contractor had shown it.

Mr. Hopper was asked if the contractor could back out of the contract if the total price were so changed. He was of the opinion that the contractor could not do this without forfeiting his bond of \$2,000.

Councillor Warren Bryce was opposed to Mr. McArthur's motion. "It gets everybody into trouble right at the outset," he said, and noted that the contractor might be in trouble even at the higher figure, as it was still \$16,000 lower than the next bid.

For a while it looked as if Mr. McArthur's motion would be lost for lack of a seconder, but after enquiring where the firm was located and being told it was in Brampton, Councillor Sam Kaiser seconded the motion.

Deputy-reeve Garnet Williams who was in the chair in the absence of the reeve, cast the deciding vote when he voted for the motion giving the contract to Graham Bros. Councillor Bryce asked that his negative vote be recorded.

Tenders were also opened for the crushing of gravel for the township roads. The contract was awarded to J. Syvret & Co. Limited at a price of 48c per ton. Other bids were from Jack Schwandt Co. Ltd. 54 1/2c per ton and Gormley Sand and Gravel, 65c per ton.

Three tenders had been opened at the previous council meeting for the supplying of two 4-ton trucks. Council agreed May 17 to accept the highest of the three.

When this decision was questioned by an observer, it was explained that the low bid of \$10,802.39 from the GMC truck retail branch had been discarded because it was felt the International trucks quoted on by the other two bidders would have a longer life in the roads department where they were required.

Kerr's Garage Limited had offered two International trucks for \$12,433.81 and Richvale Auto Supply Limited had offered two exactly similar trucks for \$12,566. Deputy-reeve Williams advised that the Richvale Auto Supply tender, although slightly higher, had been accepted because they were in Vaughan Township and servicing of the trucks would be cheaper and more convenient.

Madam: Our Box Storage Does it Best

We give a special kind of care to your winter things. First, we get them thoroughly fresh and clean with our Sanitone drycleaning process. Next, we check every item, replace missing buttons, make minor repairs.

Then we store them...out of your way...safe, dust-free and mothproof. We return them when you want them, the way you want them...each garment fresh and smart as new, carefully pressed and ready to wear! Meanwhile, you can enjoy that extra closet space. Ask about our Box Storage Plan, today!
