Business Administrator Resigns

TSA 2 Markham Hires W. Morley As Successor

Donald Beer of Brougham, named business administrator of Township School Area 2 Markham, in March, has been forced to resign because of ill health, effective June 30. Prior to his appointment, Inspector Maynard Hallman's secretary, Mrs. Jean Brown, acted as secretary for the board which came into existence in accordance with provincial legislation at the first of the year.

The new business administrator will be Wilfred Morley, a teacher at Orchard Park School in Stouffville. He will assume his duties part time during July since he will be taking a summer course. In August he will begin full time work.

At its June 1 meeting the board agreed to contact commercial departments of secondary schools in the township and ask graduating students to apply for this position with interviews to be held this month.

Salary schedule for the business administrator is a minimum of \$6,300 with increases to \$7,500; preliminary salary for a secretary will be \$50 per week. Both will receive certain staff benefits. Wages for caretakers have also been set at \$600 for the first room and \$400 for each additional room, with special allowance for basements, corridors, etc.

Unionville Addition Plans for the 4-room addition to Unionville Public School have been completed by Hicks and Associates, architects, and tenders will be received until 4 pm June 21.

Tenders will be called also for completion of classrooms at Marklee School.

Committees Named To give each board member an opportunity to become familiar with all schools in the area, all worked as a committee of the whole during the first few months of office. Now special committees have been named.

(First name is chairman): property - Arnold Mortson, Eldred King, Stuart Watson, personnel and public relations - Mrs. M. Toogood, S. Watson, E. King, finance - E. King, A. Mortson, M. Toogood; transportation - S. Watson, A. Mortson, M. Toogood. The board chairman, Elson Miles, is ex-officio on all committees.

Board Briefs A bill for Whitechurch Township students in area schools from September 1964 to June 1965 in the amount of \$609.48, has been sent to that township's school board, it was reported, but no reply had been received by June 1.

Chairman Miles read a letter from Markham Planning Director Ian Keith suggesting he meet with the board regarding new population growth. Mr. Keith has been invited to attend the June meeting of the board.

The transportation committee is considering traffic routes for the fall. Trustee Watson reported the committee has not yet set school boundaries so no definite plans can be made yet. Chairman Miles told the board he had met with Norman Reid, bus proprietor, who had estimated three buses would be required for the 250 students in the northwest sector. There will be further investigation into this question before a decision is reached, it was agreed.

At a board meeting May 11 it was agreed that the contract for insurance be given to Jack Carson of the Alex D. MacLeod Agency at Markham, at a pre-
