Police Await Autopsy Report On Murdered Girls Found In Vaughan

Vaughan Township Police are still awaiting the results of an autopsy into the death of two young Toronto district girls, whose bullet-riddled bodies were found in one of the dead girl's car near a garbage dump in Vaughan Township last week.

Vaughan Police are investigating the double slaying, along with Metro Toronto Police.

Conducting the autopsy is York County Coroner, Dr. J. Garrook, Woodbridge.

The two girls, Joyce Orlovski, daughter of Mr. and Mrs. John Orlovski, Strathly Avenue, Port Credit, and Wanda McDonald, daughter of Mr. and Mrs. Joseph McDonald, Lake Shore Boulevard West, New Toronto, were shot to death by Phillip Young, 64, who then killed himself with a .22 calibre revolver.

The girls had left the Fich Institute, where they were taking a data-processing course, about 4:30 pm, and had taken a street car to the Palais Royal parking lot on Lake Shore Boulevard, where Joyce had left her car.

It was there that Young is believed to have accosted the girls and forced them to go on their ill-fated journey.

Metro Police had had a bench warrant out for Young, following his failure to appear in court August 24 to answer to a charge of burning his estranged wife with an iron and also threatening to kill her.

Police say the killing of the two girls may be linked with the murder of Julia Wolanski, 16, who was lured from her Wallace Avenue home two years ago by a man posing as a doctor from the Board of Education.

Five days after she left her home, her body was found lying in a ditch in Etobicoke, near Indian Trail and about two-and-a-half miles from the scene of last week's murder.

The Wolanski girl had been raped and shot through the heart with a .32 calibre revolver.

Burton, Terry and Thiessen Lead Victoria Square to Victory
Victoria Square Midgets, half of them from Headford, are happy with their recent wins. After the early discouragement of losses they won, in the quarter finals, two out of three with scores 9-8 and 8-7. Pitchers, first game Richard Burton, second game Dave Terry. The second game was won, to quote his team mates, "by an absolutely fabulous catch by Right Fielder Larry Thiessen."

In the semi-finals they will play the winner of the Newmarket-King City series.

Sunday School
The first Sunday school session since June was held September 12 as an open service, recognizing Rally Sunday. In the absence of Stewart Rumble, Mrs. C. Lee conducted the service. A particularly good film of a courageous Chinese family, refugees from Red China, in Hong Kong and their struggle to educate the family in the face of poverty. The family treasures were wrapped in a scarf and each night the old grandfather brought them out for the family to enjoy, not

heirloom jewels but books. Mrs. D. Calder was narrator.

Neighborhood Notes
Mr. and Mrs. Jim Heutison have bought a farm at Little Britain and settled in this week.

During the week end Mr. and Mrs. Harry Burton had as guests Mr. and Mrs. Jim Mooreley, Mr. and Mrs. J. Fitzsimmons and four children, Toronto and Mr. and Mrs. Bill Preston, Willowdale.

Fall Suppers
The season for church suppers is approaching and among my clippings I found this menu provided by the ladies of Thorold Methodist Church (now Trinity United) dated Thanksgiving 1886; Bill of Fare; Turkey, chicken, goose, duck, tongue, ham, cheese celery, pickles, sauces, bread (and it would be home made) butter pies, fruit, tea and coffee. At the bottom is added etc. etc. That must have meant second helpings and the cost of this feast — it is there in clear print 25c.

Skunks! Skunks!
Skunks have decided that they like my compost pile and each night they dig up and scatter my day's collection of potential humus. Now I have been told that if I circle the pile with moth balls the animals will not disturb it. If it works I shall hasten to send the cure home to Northern Saskatchewan.

My brother has a neighbor who grows wonderful crops of alfalfa and clover. He keeps bees too. His crops are six miles apart, bee flight limit, to keep his honey flavours pure. Bears love honey and skunks love bees and Northern Saskatchewan is rich in bears and skunks. In the evening Pete, carrying his gun patrols his hives near his alfalfa to scare away the bears then at dark he spurs his horse to his clover field for his attack on the skunks. Don't ever believe the fable that if you hit this enemy target with a death shot he can't retaliate. He can. A pungent parting gift.

To catch the bees the wily skunk squats outside the hive and makes a scratching sound and out rush the warrior bees, only to be scooped up as a delicate morsel. Skunks also like hard boiled eggs and Pete was advised to put strychnine in eggs and leave them in front of the hives. It worked. Each morning for a time he found from two to six dead skunks before they became wary and retired in defeat. Pete is still baby sitting bears and makes just an occasional trip to the clover to check for returning marauders. But the cold weather will soon allow him to enjoy his evening at home.

Retarded Children's Association To Purchase \$200,000 Camp Site

The 295-acre site of the old Eaton's Girls' Club camp at Shadow Lake, northwest of Musselman's Lake in Whitchurch Township is to be purchased by the Ontario Association for Retarded Children.

An experiment in camping for retarded children was launched in 1957 at Belwood Lake near Fergus and was so successful that the demand exceeded the facilities.

The provincial association established an over-all plan by regions. Region 8 includes Metro Toronto, South Peel, Brampton, Thornhill and Newmarket.

The Toronto association hopes to obtain large gifts from groups or foundations and each of the Ontario associations will be asked to contribute a large enough down payment to cover a mortgage on the property.

The camp is expected to accommodate 2,000 children each summer. It is to cost slightly over \$200,000 and is equipped with docks, cabins, toilet facilities, recreation hall, craft houses, dining hall, staff houses and play areas.

First major contribution to the project is expected from profits of the September 18 performance of the Royal Marines tattoo at Maple Leaf Gardens. This could net the association \$20,000.

Rev. Q. Everest of South Bend, Indiana, was the guest speaker at the United Missionary Church Sunday morning.

The tent meetings are now in progress at Dickson Hill. Gormley church is one of the participating churches. Rev. Everest is the evangelist.

Harry Kruse spent the weekend at his cottage at Orville near Parry Sound.

Master John Campey spent several days with Mr. and Mrs. Gordon Harmon at Strirling.

Driver Vic Noble of Gormley and navigator Margot Pypher of Willowdale, both members of British Automobile Racing Club, Ontario Centre, competed last weekend in the fifth annual Rally, sponsored by the Oakville Trafalgar Light Car Club.

The 1200 mile trip, done in 30 hours, covered some of the roughest back roads in Ontario, New York, and Pennsylvania states.

The pair, competing against some of the top rally crews in the United States and Canada, finished ninth out of 16 cars. John Bird, winner of the Shell 4000 and Canadian Winter Rally, took first position.

Four year old Vernon Mashinter had the misfortune to fall in the barn and broke his hip. He is in York County Hospital, Newmarket, with both legs in traction for seven weeks.

Mrs. Charles Milsted attended the 40th wedding anniversary of Mr. and Mrs. Milton Kellar of Zephyr Saturday night.

Joseph Jones was entertained at a family dinner Sunday at the home of his son and daughter-in-law, Mr. and Mrs. Albert Jones, in honor of his 80th birthday.
