

# Hughes Lose 2 Straight

(Continued from Page 1) Hughes scored two more in the fourth on a walk and single by DeGeer and Reid. At this time, with the score 4-1, Hughes appeared on the way to victory. Sudbury kept chipping away, scoring single runs in the fourth, sixth and seventh.

Entering the bottom of the ninth Hughes led 5-4 and normally Reno would have held this lead. Pitcher Ed Blanchard led off with a single and then Reno hit the next two batters to load the bases with none out. Gord Maxwell, Sudbury's swift Negro centre fielder, hit a ball to Mufgord, who juggled the ball and all hands were safe with the tying run scoring. The game ended on a bitter note as a ground ball hit to Staughton forced one runner at the plate and on the throw to first base for a double play. The ball hit the runner who bowled over Dick Moulton and the winning run scored from second base. Hughes coaches and players argued interference at first base and also claimed that the runner did not run in the three

feet area down first base line but their protest fell on deaf ears. During the ensuing arguments by DeGeer and Reid. At this time, with the score 4-1, Hughes appeared on the way to victory. Sudbury kept chipping away, scoring single runs in the fourth, sixth and seventh.

Entering the bottom of the ninth Hughes led 5-4 and normally Reno would have held this lead. Pitcher Ed Blanchard led off with a single and then Reno hit the next two batters to load the bases with none out. Gord Maxwell, Sudbury's swift Negro centre fielder, hit a ball to Mufgord, who juggled the ball and all hands were safe with the tying run scoring. The game ended on a bitter note as a ground ball hit to Staughton forced one runner at the plate and on the throw to first base for a double play. The ball hit the runner who bowled over Dick Moulton and the winning run scored from second base. # Nielsen Blasts Pearson On Scandals

(Continued from Page 1) "This is the calibre of these leaders who are asking you to re-elect them on November 8. Arrogance, nothing but arrogance," he said.

Former Tory Agriculture Minister Alvin Hamilton was in Richmond Hill last week to officially open the campaign headquarters for the York North Conservatives.

The newly opened committee rooms are located in the Richmond Hill Centre. Greeting Mr. Hamilton was York PC candidate in the November 8 election Donald R. Martyn and K. J. McGregor, chairman of the local Tory organization. Also greeting the former minister was Reeve Charles Hooper of Markham Township. Mr. Hooper was the Tory candidate in the 1963 general election.

December 6 has been chosen by Markham Township Council as the date for its civic election. Council announced the date at its regular meeting Tuesday night and also set November 26 from 7 pm to 8 pm for nominations.

One of the issues which the electorate will be asked to decide this year is whether council should be named for a two-year term.

All the members of this year's council are expected to again seek office.

In Memoriam Verses A booklet containing In Memoriam verses may be procured without charge at the Advertising Counter of "The Liberal", 63 Yonge St. S., Richmond Hill, or will be pleased to mail one on request. Telephone 884-1105.

Works Commissioner Otto Whalen reports work progressing in the regrading and sodding of ditches in Beverley Acres despite bad weather during the past few weeks.

Work on the first of a five-year program in Beverley Acres is expected to be finished in about a week. Council has allocated \$30,000 for the project which is also being subsidized by the Department of Highways spread over the five-year period.

The works department is also busy doing patching jobs on various sections of town as the roads start their annual "cracking up" during the fall.

Some sidewalk construction is underway on the east side of Yonge Street from Markham Road south with work expected to be completed in a couple of weeks.

The town is also making improvements on the bus stop on the southwest of Vaughan Road and Yonge.

"We're digging out the bank," said Commissioner Whalen, "and laying an asphalt sidewalk up to it in order to make it more convenient for people waiting for the buses."

Other guests are lined up for the evening which will be held in the Richmond Inn with the reception at 5:30 pm and the dinner at 6:30.

Councillor Hancey said a "Trillium" award would be presented to an industry considered the best designed or most improved and best looked after. The award is the type given to industries in Hamilton.

This award, which will take the place of a rose bowl which was first considered, will be a metal type of sign bearing the Richmond Hill code of arms which can be placed on a stake in front of the respective industry.

"We're hoping we'll be able to expand in the future to take in a lot of commercial businesses," said Councillor Hancey.

Other guests are lined up for the evening which will be held in the Richmond Inn with the reception at 5:30 pm and the dinner at 6:30.

# Steeles Ave. Dump Site Already Gives Rise To Fire Complaints

Two readings were given by Vaughan Township Council Tuesday night to an amendment to the township's official plan which will permit a garbage dump to be operated on Steeles Avenue (east part Lot 1, Concession 8.)

Owned by the CNR, the land contains a "borrow pit" from which the CN excavated material for an embankment elsewhere. The by-law will permit the township of Etobicoke to fill the pit with garbage under township regulations respecting the operation of garbage dumps.

Councillor Warren Bryce stated that council did not expect any trouble over the operation of the dump as it was to be operated by another municipality. However, Deputy-reeve Garnet Williams advised that he had already had two phone calls that night complaining that something was being burned in the pit, causing oily black smoke in the area.

It was stated however, that Etobicoke was not yet using the site as a dump. The refuse is to be entirely industrial garbage.

Two readings only were given to the by-law which will now go to the community planning branch for approval. Neighboring ratepayers will be notified and if there are any objections a public hearing will be held.

When questioned as to when third and final reading of the by-law would be given Reeve A. H. Rutherford stated that council did not know when this would be done.

Vaughan Township Planning Board has agreed to the operation of a dump on the site as has the Ontario Water Resources Commission and the Metro Conservation Authority.

Owned by the CNR, the land contains a "borrow pit" from which the CN excavated material for an embankment elsewhere. The by-law will permit the township of Etobicoke to fill the pit with garbage under township regulations respecting the operation of garbage dumps.

# "Trillium" Award To Top Industry

"Better industrial designs and encouragement to improve on existing ones" will be the theme October 20 of the second annual Richmond Hill Industrial Dinner.

Councillor Lois Hancey, chairman of the industrial committee, has a guest speaker list which includes E. R. Wilby, senior partner of John B. Parkin Associates, who supervised the building of the new Toronto City Hall; Len R. Nordby, sales manager, Outdoor Lighting, a division of Canadian General Electric.

Other guests are lined up for the evening which will be held in the Richmond Inn with the reception at 5:30 pm and the dinner at 6:30.

Councillor Hancey said a "Trillium" award would be presented to an industry considered the best designed or most improved and best looked after. The award is the type given to industries in Hamilton.

This award, which will take the place of a rose bowl which was first considered, will be a metal type of sign bearing the Richmond Hill code of arms which can be placed on a stake in front of the respective industry.

# NOTICE OF APPLICATION

By THE CORPORATION OF THE TOWNSHIP OF MARKHAM FOR APPROVAL OF A BY-LAW IMPOSING A WATERWORKS RATE

TAKE NOTICE THAT:

1. The Council of the Corporation of the Township of Markham intends to apply to the Ontario Municipal Board for approval of the construction of a 12 inch diameter watermain on Bayview Avenue from the south limit of Creswick Road northerly to the south limit of Lot 22, Registered Plan 3806, a distance of 4,242 lineal feet, and a ten inch diameter watermain on Yonge Street from the south limit of Lot 4, Registered Plan 3805 northerly to 50 feet north of the south limit of Lot 1, Registered Plan 4342, a distance of approximately 2801 feet at an estimated cost of \$75,684.00 and intends to charge part of the cost of the work as a water works rate for a period of 20 years upon lands that abut on the street or streets on which the watermains have been constructed.

2. It is proposed to raise part of the annual payments by an annual frontage rate of \$0.35 per foot.

3. In addition to the said rates hereinbefore imposed there is hereby imposed upon the owners and occupants of lands described in paragraph 4 of this notice a water works rate sufficient to pay for two and one half per cent of the capital cost of the existing water works authorized under By-laws numbers 1670, 1877, 2008, a mill rate of two mills on the assessed value of the lands described in paragraph 4.

4. The lands in respect of which such owners or occupants are deemed to derive benefit from the project are described as follows, namely:  
All and singular that certain parcel or tract of land and premises lying and being in the Township of Markham in the County of York and being composed of all lots numbers 37 to 42 inclusive in the First Concession of the Township of Markham and all of the west half of lots numbers 12 to 20 inclusive in the Second Concession of the said Township.

5. Any ratepayer may, within twenty-one days after the first publication of this notice, send by prepaid post to the Clerk of the Township of Markham at the address given below, a notice in writing stating his objection to such approval or to the imposition of the special rate.

6. The Ontario Municipal Board may approve the said special rate pursuant to the statute and may approve of the said works, but before doing so it may appoint a time and place for a public hearing when any objections will be considered, but notice of such hearing will be given only to those persons who have given notice of objection as provided for above.

Dated at the Township of Markham, this 12th day of October, 1965.

H. C. T. Crisp,  
Clerk, Township of Markham  
R.R. 2, Gormley, Ontario.

First publication this 14th day of October, 1965

This is the Oldsmobile Toronado and you've never, ever, seen anything, anywhere, nearly as new-honestly!

These are some of the other new Oldsmobiles for 1966 ...they're luxurious, elegant, exciting, powerful, appealing. And all those things.

They're new. You don't know them yet. But they bring you the best possible references. They're all Oldsmobiles. Which is to say that they're extra-special. Extra-powerful, extra-luxurious, extra-smooth. Improved Rocket engines, teamed with smooth Turbo Hydra-Matic transmissions, are available on all full-sized Oldsmobiles. They offer you new interiors, new style seats and carpeting. And you can get familiar Olds luxuries like air conditioning or totally new features like Automatic Level Control that lets you load 550 pounds of load into the trunk and still ride the way you did empty.

Including, and this is a real revolution, if we do say so ourselves, including today's only full-size, front-wheel-drive car. The Toronado. There's never, ever, been one like the Toronado. A 425-cubic-inch Toronado engine pours the power through a re-designed Turbo Hydra-Matic Drive, right to the front wheels. Toronado performs and steers and holds the road like nothing you ever tried before. It's an Oldsmobile. You'll pick out the family likeness right away. We hope you'll take the time to come in and see the new Oldsmobiles, soon.

They're very nice cars and very, very new.
