The Sinners

The local club has a number of major bonspiels during the course of the season with out-of-town Sexton and Ranieri one each. Atoms dropped a couple of curlers playing but carries out its own inter-club league schedules during the week. One of the leagues is the Sinner's League which is aptly named because its members venture onto the ice on Sunday.

Curling History

The game was originally introduced into North America nearly two centuries ago by Scottish Regiments stationed at Quebec City. That's when the 3-2 for the local lads. average house broom started to look ahead in life with expectation.

Curling was played only to a small extent in some regions of Canada then but during the last 50 years grew rapidly and is a popular sport now in Steve Sexton carried the puck decision to Brampton, a terrific Hal Noseworthy 321, Tim Saul 288 flat with a 328 handicap. J. every part of the continent.

are now more than 200,000 active curlers, 25,000 women, and 35,000 school boys throughout North America.

That, of course, means as many brooms and granite rocks to keep the game going. A curler's broom ought to be light in weight with longer corn than the standard broom and a thicker handle of soft wood. The length should be adjusted to the height of the player by cutting the handle. Several broom manufacturers supply special curling brooms.

And of course curlers have an ultimate aim and that is to play in the Canadian Briar Championships. But even if they don't it's lots of fun along the way. So grab your broom. Sweep.

Ken Hamilton

Bayview Secondary School's ace cross-country runner Ken Hamilton made an impressive showing last weekend in the Canadian Age Class champion- 6-2 ships at Vancouver.

Fifteen-year-old Ken finished just 10 seconds behind Alberta's Dave Atkinson in the two and three-quarter mile juvenile race. This is especially impressive considering he is still eligible for midget ranks and was competing against 16 and 17-year-

Jewellers Tied For First Place

The Richmond Hill Dynes Jewellers are off to an impressive start in the York-Simcoe league and at writing are tied for first place with Thornhill three wins and a loss. Dick Sweeney is also impressing with eight goals and three assists and is just one point behind the leader.

It's hoped the Jewellers can keep up the pace and also draw some much-needed and deserved support from local and area fans. Their next home game is tonight (Thursday) at 8.30 pm. Drop around and see them.

Badminton

The Richmond Hill Badminton Club put up a good struggle against unbeaten Brampton but it was too big a hill to climb. They dropped a 16-8 game -the closest they've managed to get to the league leaders - and surrendered first place to Brampton. The local club plays Downsview December 13 at Downsview.

ELECT MacDIARMID WARD 4 COUNCILLOR

Make sure of strong representation for the next two years, from an experienced Councillor.

Protect your investment in Ward 4 with a strong voice on Council in 1966 and 1967.

PHONE 884-3905

To The Ratepayers Ward 1, Markham Twp.

Some of the residents in Ward 1 may not be aware of who I am or where my business was located. I would like to inform you of same.

My business location was at 9201 Yonge Street in Ward 1 of Markham Township. It consisted of Rose Gardens Supplies and Nursery which I successfully operated for 12 years and I am still associated with L. Rose and Son, Landscape Contractors.

Before coming to Markham Township I was 10 years in the same type of business in North York Township. In my business I maintained many residences and business enterprises in Markham Township. During the 12 years I have lived in the township I have devoted much time to the organization and promotion of recreation work with children and teenagers. As your representative on council, if elected, I shall continue to promote better recreation facilities in Ward 1 and Markham Township as a whole.

MY PLATFORM:

If elected to council in Ward 1, I will:

(1) Favor a township operated hydro commission to help lower hydro rates.

(2) Favor a three instalment tax plan.

(3) Not approve location of high rise apartments on Yonge Street south of Thornhill. For some time I was general superintendent of 600 apartments on approximately 16 acres where I was in charge of all maintenance, garbage disposal, underground garages and the shopping centre, in Flemingdon Park. I believe this type of development would be wonderful for Markham Township, but in the right location and at the right

I believe these three proposals are very important to the voters of Ward 1, particularly because it has the largest voting population in the township (Ward 1, approx. 3,700, Ward 2 - 3,400 and Ward 3 - 2,400).
