Vandals Smash Two B.A. Schools

Vandals running amok in the area have resulted in Beverley Acres Public School and our Lady Help of Christians Separate School being turned inside out in the past couple of weeks.

This weekend Beverley Acres Public School was hit by vandals who cut a tornado-like swath through 22 of its classrooms, leaving the contents of both teachers' and students' desks strewn throughout the premises.

Police said the culprits also scrawled obscenities the blackboards and stole several children's wrist watches and a small quantity of cash. Entry was gained by

breaking a window and

reaching through and undoing the latch. At Our Lady Help, vandals used a glass cutter to gain entry to the school for the second week in a row. They were a little more sparing at the Catholic school, however, venting

their spleen on only two rooms, the principal's office and a grade eight room. This week in North York, vandals did such heavy damage at the new Gosford Public School, Jane Street and Finch Avenue, that officials were forced to close

it down. Damage was estimated at \$3,000. The investigation was handled by Cpl. Ted
