Reeve Shows Reluctance To Have Propane Tanks In Markham Twp.

An application by Independent Gas Ltd., to operate in Markham Township, was put over until next year for consideration, with a tacit recommendation by Reeve Charles Hooper at a meeting Monday morning that council turn it down.

The reeve, who was defeated in this year's civic election, said he hoped council would not approve the application by the company to install a 60,000-gallon storage tank for propane gas, plus an office building, north of 14th Avenue.

"I think it's a dangerous situation, for what we get out of it," said Mr. Hooper. Council agreed to have a representative of the company meet with it January 10 to discuss the application.

Council also: Gave third reading to amendments to three by-laws increasing the interest rate on separate debentures from 5 1/2 per cent to 6 1/4 per cent.

Township Treasurer F. Barton said the amendments were necessary because of increased borrowing rates in the country. In order to obtain close to par for its debentures, the township had to increase its interest rates.

Approved the following appointments and re-appointments to the High School Board for Markham Stouffville and York Central District: John D. Honsberger, Nelson Smith, R. W. Perkins, Bruce Davidson, Harry

RH North End Cleaners Lose In Second Round

North End Cleaners Bantams lost the second round of the Riverdale tournament Wednesday morning by the score of 4-2. Wallaceburg got two easy goals and one of the Richmond Hill players deflected the puck into his own net.

However, Coach Pete Artemchuk who made the long drive back to Riverside Tuesday night, reports the boys played good hockey and he is still proud of the effort they put forth.

memo to advertisers

"Guestimating"
an audience for
your advertising?

Not if your ad is in "The Liberal"

Guesswork just isn't good enough when your advertising must build sales. Whether yours is a budget in hundreds or thousands of dollars, it's important to you and it should be thoughtfully and efficiently spent.

No one would think of taking just anybody's word for the condition of a bank's books. No sir! Special examiners must audit the books and detail the condition to a mathematical certainty.

It's the same with "The Liberal's" audience of readers. The advertiser-controlled A.B.C. audits our books every year so that advertisers may know exactly the size of the audience, where it is, and a lot more.

If you agree that facts about your advertising medium should be exchanged for your dollars, then ask for a copy of our latest A.B.C. report.

It'll be an eye-opener.
