can mean greater shopping satisfaction for you

The way to get more satisfaction out of your shopping is to plan it on the basis of the information you get in your ABC weekly newspaper. There is no easier way to save time, energy and money when you go to the stores.

Instead of wishing you knew where to find what you want to buy, you can settle in your own mind the details about prices, colors, quality, sizes and other essentials, just by reading the advertising in "The Liberal". And as you read, you can decide quickly and easily where your shopping trip will take you, even before taking an actual step away from your home.

You get your choice of the largest, most attractive selections when you read the advertising in your ABC weekly newspaper. Retailers place in the ABC weeklies more of their advertising than they place in any other advertising medium. Many stores advertise only in your home town paper.

So, for more satisfying, more enjoyable shopping, read the advertising in "The Liberal" and plan your trips accordingly. Be sure to read the advertising in "The Liberal" this Thursday and every Thursday.

Shopping is more successful and satisfying when you start it in "The Liberal" before you visit the stores.
