The choir had a short social time after practice last Thursday evening. The members appreciate Mrs. Stan DeFoe's kindness in providing dainty Christmas refreshments.

The annual white gift service was held Sunday morning at a combined Sunday school and church service. Superintendent Percy Bennett conducted the service assisted by Rev. Dr. A. F. Binnington.

The girls' intermediate class read the scripture lesson in unison and Mrs. Percy Bennett told the Christmas story. Johnny Hill and Louis Morton took up the offering. Special music was provided by Anne and Gloria Smith of Sandford, who played their accordions. Dr. Binnington gave a short sermonette and many gifts were received.

Following the service a congregational pot-luck luncheon was held in the schoolroom, replacing the annual Christmas concert. After lunch the children received a Christmas treat and Mrs. Binnington showed colored slides of the Holy Land.

TYRC Opposes Advertising On Bus Shelters

Council To Consider Bus Service To Hospital

Possibility of instituting a bus service from Richmond Hill to York Central District Hospital is being investigated by council's transportation and parking committee.

Committee Chairman Ivan Mansbridge said a meeting to discuss the question had been held between the committee and representatives from the hospital and Trailways of Canada.

"There have been no definite decisions," he said, "and there will be further discussions regarding routes, times, fares, and whether the hospital would participate financially."

Mr. Mansbridge stated that the service would be designed primarily for the employees at the hospital "the great majority of whom live in Richmond Hill."

Mayor Thomas Broadhurst wondered aloud if the town could legally subsidize the extension when "the service is out of the municipality. This would have to be looked into," he said.

Reeve Donald Plaxton pointed out that at least 50 percent of the run would be in Richmond Hill.

Mr. Broadhurst inquired as to the specific demand for such a service.

Mr. Mansbridge said the primary concern was the staff and "I was given the understanding there is a definite demand for such a service."

Councillor William Lazenby stated the hospital would guarantee a certain amount of usage.

Deputy-reeve Floyd Perkins observed there had been no decision on whether or not the hospital would make any financial contribution.

Mr. Mansbridge explained that the committee was not asking council for any decision at the present time but was only advising what had taken place to date.

"But I feel," he said, "the need is there and it seems silly to have a bus running in the area and not going to the hospital." The transportation committee

meeting had been attended by Councillors Mansbridge and Lazenby; Gary Chatfield, YCDH administrator; and Larry Neederley and Peter Smith of Trailways.

Councillor Mansbridge and his transportation committee's efforts to provide three more bus shelters for Bayview Avenue have run across a stumbling block.

The stumbling block is the Toronto and York Roads Commission which is opposed to any advertising or messages being painted on the outside walls of the shelters.

"I think this is a very petty and unnecessary bit of red tape," he said.

The shelters in effect will be on property controlled by the Roads Commission and permission for advertising has to be approved by it.

"I can see no reason why the commission would object to a message stating courtesy of Trailways Bus Lines and the Town of Richmond Hill on the

shelters," stated Mr. Mansbridge. "This is not advertising to me. It's just stating a fact. And the TTC does the same with their shelters. They are a public body and so are we."

Mayor Thomas Broadhurst stated bluntly that "if we're paying the way we have a right to it and should do it." Mr. Mansbridge said he would get in touch with the road authority stating "I'm hoping they will reconsider."

Councillor Lois Hancey commented that it "is unfortunate this has come up this late in the year."

Council approved the shelters a few weeks ago at a cost to the municipality of \$983.40.

Remainder of the total cost of the shelters of \$1,966.80 will be paid by Trailways.

The four-foot by eight-foot structures will be located on Bayview Avenue at Bayview Plaza, between Rockport Crescent and Centre Street, and between Elmwood and Palmer Avenue.

Canadian Indians Can Take Place In 20th Century, H & S Is Told

Crosby Heights Home and School Association launched its Centennial project November 23 in the school auditorium. The theme for 1967 is "Tillicum" — an Indian word meaning "Friendship."

This theme was emphasized by the showing of a NFB film entitled "No Longer Vanishing". This color film traced the struggle of the Indian to integrate himself into the 20th century technological society. Case histories of Indians from across Canada who have won leading positions in law, medicine, teaching and the armed forces, were shown. The message of hope for the future of Canada's Indians was well received by the more than 200 adults and grade 7 pupils present.

A Cree Indian, S. Buller, secretary-treasurer of the Indian Eskimo Association of Canada, who serves on the Scarborough Board of Education, brought further information on Canadian Indians. He outlined the many problems facing the Indian in getting an education. Despite these problems — and given understanding by the white community and better educational facilities — Mr. Buller is optimistic that the Indian

will find his place as a partner in building the future of our country.

Mrs. Gordon Johnston of the Cape Crocker Reserve showed many examples of the silk screen printing process made by the skilled workers of this Ojibwa community. These items, which were on sale, included bridge sets, table linens, hastenotes, Christmas cards, etc.

President Mrs. Ann Hughes was in charge of the meeting. Miss K. Beatty showed the film. Mrs. E. Sandy extended thanks to Mr. Buller and Mrs. D. Payne introduced Mrs. Johnston.

next time you blow a fuse remember these facts before you blow your top

- When a fuse blows it's a signal that you have overloaded part of your electrical system... a circuit.
- If your home's electrical system is not adequate to serve all your needs you'll notice other symptoms: Lights may dim from time to time, your toaster will take longer to toast, and appliances with motors may appear sluggish.
- If your home is more than 10 years old, the chances are your electrical system requires updating to take care of today's requirements. There are now more than twice the number of appliances used in the home than ten years ago.

Have your household wiring examined soon. See how easily your home can be modernized electrically.

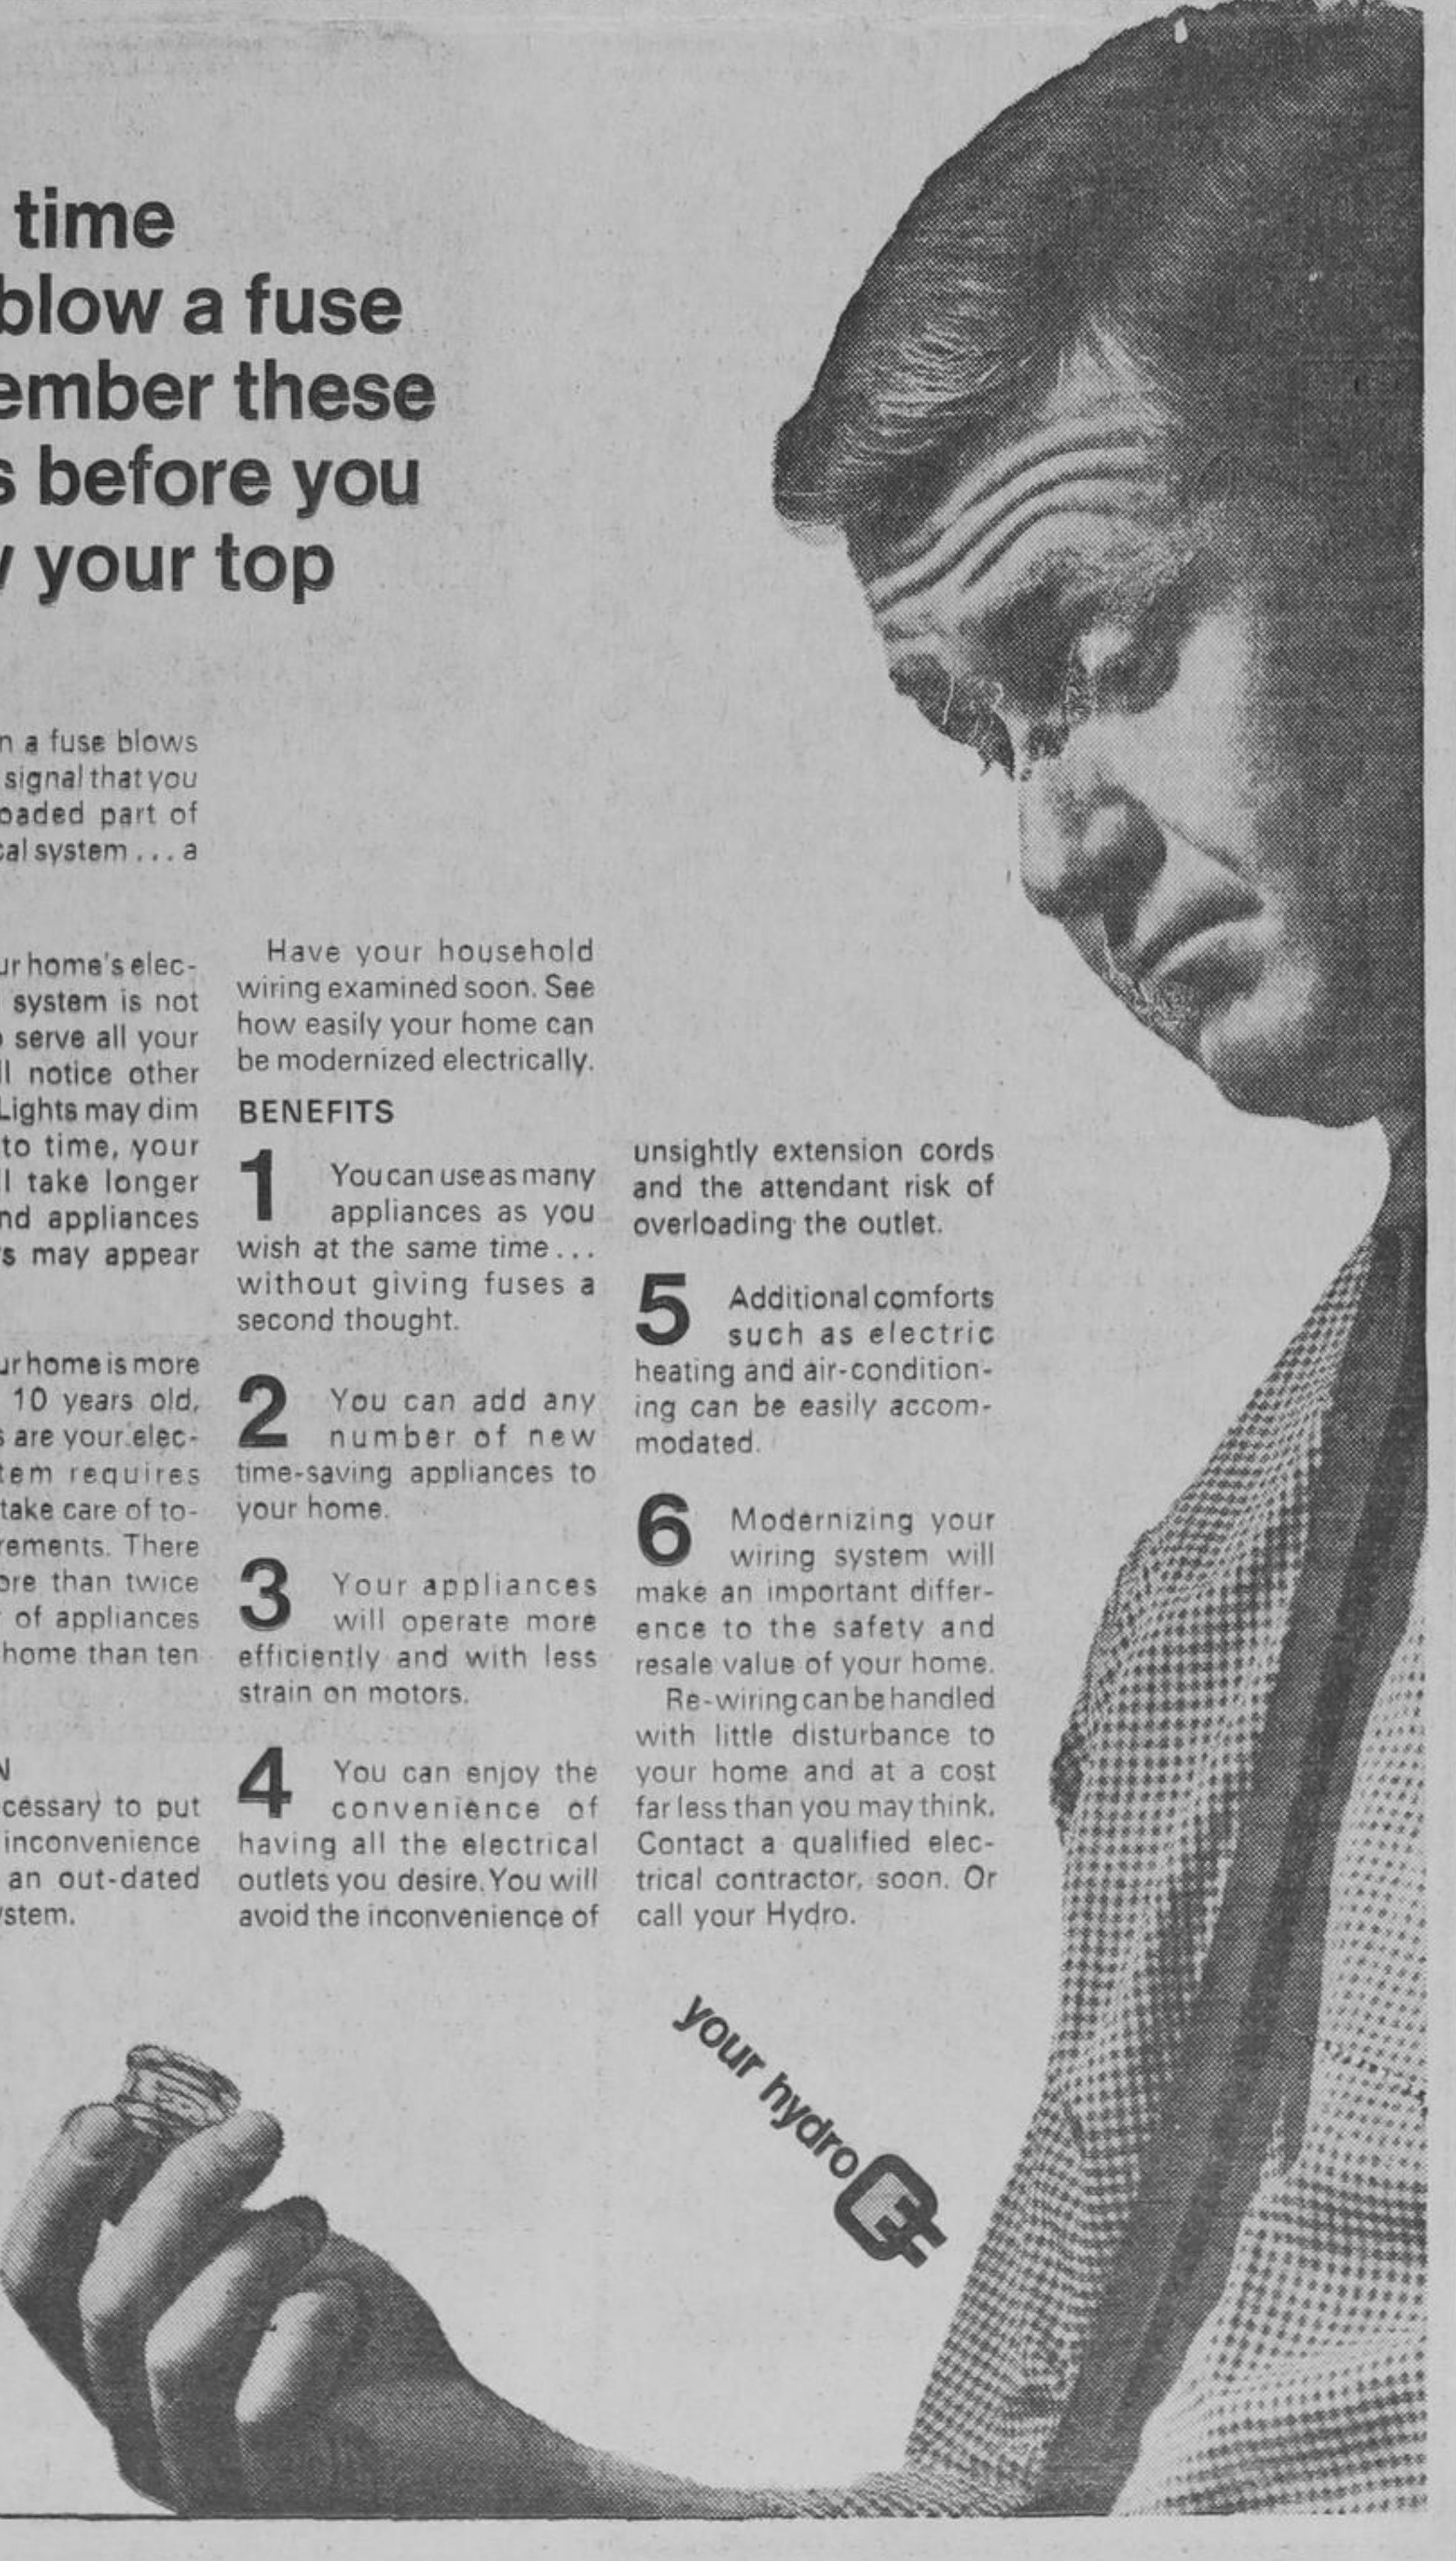

BENEFITS

- You can use as many appliances as you wish at the same time... without giving fuses a second thought.
- You can add any number of new time-saving appliances to your home.
- Your appliances will operate more efficiently and with less strain on motors.
- You can enjoy the convenience of having all the electrical outlets you desire. You will avoid the inconvenience of

unsightly extension cords and the attendant risk of overloading the outlet.

Additional comforts such as electric heating and air-conditioning can be easily accommodated.

Modernizing your wiring system will make an important difference to the safety and resale value of your home. Re-wiring can be handled with little disturbance to your home and at a cost far less than you may think. Contact a qualified electrical contractor, soon. Or call your Hydro.
