"HEY, RUDOLPH! Just look at that holiday traffic. There'd be a lot of disappointed children tomorrow morning if I had to make my rounds through THAT". Don't YOU disappoint the folks who are expecting you this Christmas. The Ontario Department of Transport has this advice for drivers who want to reach their Christmas destinations safely, and on time . . . start out a little earlier so you won't have to rush . . . leave a little more space between cars for an extra cushion of safety . . . don't pile parcels (or passengers) inside the car in such a way as to obscure your vision or hamper your driving. If the weather is stormy, get the feel of the road by testing your brakes as soon as possible . . . if you do have to stop in a hurry, pump your brakes, don't jam them on.
