**REPORT**  
**OAK RIDGES DETACHMENT**  
 Two men have been charged with careless driving as the result of a four-car rear-end collision at the entrance to the Thornhill Golf Club March 26.

OPP, Oak Ridges, who investigated the accident, said it occurred about 4 pm, when a car driven by Eric Lawton, 23, of Aurora, was struck by a car driven by Michael John Manley, 132 Lucas Avenue, Richmond Hill, driving it into a car driven by Stanley Tikul, Toronto.

A car driven by Frank Andrews Armstrong, Holland Landing, then hit the Manley vehicle, driving it into the Lawton car for the second time. Lawton, his wife, Gwen, and Rosemary Lawton, 10, of Essex, all suffered whiplash.

Damage to the four vehicles was estimated at \$1,000. Manley and Armstrong were charged with careless driving.

In a three-car, rear-end March 31 on Highway 7 in Markham Village, Robert Ellis, 38, of Markham, was charged with careless driving.

Ellis was the driver of a car, which ran into the rear of a vehicle driven by Spence Urquhart, of 387 Allencourt, Richmond Hill, which in turn was driven into the rear of the car of Lawrence Lamonte 78 Elmwood Avenue, Richmond Hill.

Mr. Urquhart suffered lacerations to his right and left legs, while his wife, Ruth, a passenger in the car, suffered whiplash.

**School Taxes Up 17 Mills Since '62**  
**Stouffville Village '67 Taxes Will Be Up \$55 On Average Home**

Public school supporters in Stouffville will be paying a 1967 mill rate of 98.45 on residential property (an increase of 13.56 mills) and 107.45 on commercial and industrial (an increase of 16.05 mills). Separate school supporters will face an increase of 13.36 mills (residential) and 15.83 mills (commercial).

Since 1962, the clerk explained to council by means of a graph, education costs have increased by 17 mills while expenditures for village purposes have gone up only one mill.

The 1967 rates will mean that the owner of an average type home in Stouffville will pay about \$55 more than in 1966.

A breakdown of the rate on a residential public school supporter is: county 15.5 mills (15.9%), elementary schools 25

mills (25.97%), high school 19.3 (19.9%), Welfare 3 (3%), public library 1.05 mills (1%), parks .73 mills (7%), sewers 16.54 mills (16%), general 19.6 mills (19.9%). Rates for public school commercial supporters and for separate residential and commercial properties are slightly higher.

Deputy-reeve Bill Parsons charged, at the rate-setting session of council, that taxation on real estate for education purposes has reached the saturation point. He called for all municipal councils to join in a mass protest to both provincial and federal governments. Reeve Ken Laushway noted that, "School boards are elected, but you never hear of them petitioning the government. Why not?"

"Because we are the tax collectors and are more conscious of tax costs," replied Mr. Parsons. Councillor Tom Lonergan said that from what he could learn the province was opposed to any further subsidization of education.

The reeve pointed out that council is attempting to provide the taxpayer with such services as sewage, police and fire protection, roads and sidewalk construction and maintenance for about 40 cents a day on a \$4,000 assessment. The deputy-reeve warned that in 1967, more than ever, council will have to watch expenditures very closely to keep within its estimated budget.

**March 31 Hut Deadline**  
 The deadline for removal of fish huts from the ice of Lake Simcoe and Lake Couchiching was last Friday night.  
 Last spring it was necessary for the Department of Lands and Forests to seize a number of huts which were left on the ice and charges were laid. Huts left on the ice during breakup are a menace to navigation when the ice goes out.  
 This year an attempt was made by winter anglers to have the deadline extended a week because of the late start of ice fishing. However, no change was made. Warm spring weather was hastening the spring breakup.
