Long Term Debt - Ontario Water Resources Commission, \$1,387,372 698,517 Water system 688,855 \$1,387,372

The Municipality has signed agreements with the Ontario Water Resources Commission to provide a Deep Well System in Water Area No. 1. The liability at December 31st 1966 of \$698,517 represents the total cost of the projects less the Municipality's equity in the system at December 31st 1966.

The Municipality has agreed to pay to the O.W.R.C. amounts of principal each year for thirty years after date of completion of project, so as to provide a fund sufficient to retire this liability.

The Municipality has also signed agreements with the Ontario Water Resources Commission for the construction of sewers. The liability at December 31st 1966 of \$688,855 represents the total cost of the projects to date less the Municipality's equity in the projects at December 31st 1966.

The Municipality has agreed to pay the O.W.R.C. amounts of principal each year for thirty years from the completion date of projects, so as to provide a fund sufficient to retire this liability.

Notices showing the balance of arrears of taxes owing at December 1st 1966 and requesting that any differences be reported directly to us were mailed to all taxpayers in arrears. We also made a similar test of the unpaid current taxes on that date. All discrepancies reported to us were reconciled to our satisfaction with the Township records.

Deposits for Specific Purposes, \$82,200

This account represents funds received under subdivision agreements to cover future engineering and supervising costs pertaining to the subdivisions.

TRUST FUNDS Lot Fee Fund

The balance on hand in this account at December 31st 1966 is \$404,397. This fund increased during the year by \$137,642.

The fund is committed to an expenditure up to \$341,180 as approved by By-Law 2257. The lot fee monies as described in the By-Law are to be used for a portion of the cost of Park land and building, Township library site and building, and Municipal office building addition. The Fund at December 31st 1966 has advanced \$70,821 towards the cost of these projects and on completion of the projects the Lot Fee Fund is to be charged with a portion of the final costs up to the amount of \$341,180.

The Township has expropriated a parcel of land for a park site in addition to the one noted above. The final cost of the site is not known as settlement is subject to arbitration. The original appraisal of this property was \$5,000, however, it is indicated that further appraisal, which is forthcoming, may be substantially higher. A resolution of Council directs that the purchase price of the property is to be paid out of the Lot Fee Fund if sufficient funds are not available in the Planning Act fund.

Planning Act Section 28

The balance on hand in this account at December 31st 1966 is \$219. The fund decreased after purchasing land at a cost of \$36,770. The net reduction in the year after investment income is \$33,760.

We report on sundry local boards as follows: CROSBY MEMORIAL COMMUNITY CENTRE

The operations for 1966 show a surplus of \$4.038.

The balance on hand in the surplus account at December 31st 1966 is \$18,641 as compared to \$14,603 at December 31st 1965.

VICTORIA SQUARE COMMUNITY CENTRE

The operations for the year show a surplus of \$1,599. The deficit account at December 31st 1966 is \$2,405 as compared to \$4,004 at December 31st 1965.

The deficit on operations is being financed by a temporary loan to the extent of \$3,000. We have seen no approval from the Ontario Municipal Board authorizing the Centre to borrow in this manner and to repay the loan out of the revenue of future years. The Community Centre reduced the loan in 1966 by \$1,350.

Subject to (a) the lack of authority for the Victoria Square Community Centre loan

we hereby report that in our opinion (1) The financial transactions which have come under our notice have been in the powers

of the Municipality (2) The audit has been conducted in accordance with the instructions of the Department of Municipal Affairs

(3) The financial statements present fairly the financial position of the Municipality as at December 31st 1966 and the results of its operations for the year ended that date.
