

For Senior School

TSA 2 Markham Plans Purchase 15-Acre Site

TSA 2 Markham's plans to build a senior public school to be ready for occupancy in September 1968 have advanced another step. York County Consultative Committee has approved the proposal and has agreed to forward to the Ontario Municipal Board an application for purchase of a 15-acre site on the LaRose property. This site is on Concession 7 a short distance north of Highway 7, opposite the Markham Village boundary where there will be easy access to town sewage and water.

The trustees have discussed plans for the school with architects and an offer of purchase has been made to the owners of the property.

Plans are to build a school of 31,710 square feet, including 16 home rooms with possible expansion to 20, with special rooms for science, art, music, library, guidance, home economics, industrial arts and health. There will be a general purpose room and additional space for offices, storage, lunch room and showers.

At the last board meeting Inspector Maynard Hallman told trustees that the type of education to be offered in the school will have to be decided before architectural plans can proceed.

"If the new school is built for a new type of education, a different design will be required," he explained. "It will require movable walls to permit enlarged areas."

The inspector also stressed the necessity for a specially selected staff. "Not everyone is adapted to the new type of education and some may not wish to be involved in it," he said, suggesting that the person chosen as principal be urged to study new education programs in other communities. "The staff for this school should be enthusiastic. You should seek people interested in the new type of education," he advised the board.

Council Asks Meeting With TSA 2

Markham Township Council will ask TSA 2 for a meeting soon to discuss its request for approval of a \$990,000 debenture for a new senior public school.

In a letter to council last week, the board said it was negotiating for a school site on Concession 7, one quarter mile north of Highway 7, on the Markham Village boundary line. Said Councillor Anthony Roman: "It seems strange that they'd be building on the seventh line when the school is being built primarily to accommodate Unionville children."

He said also that there was property available there.

Mr. Roman suggested the joint meeting with TSA 2 and it was agreed to by the rest of council.

At a recent meeting of TSA 2, it was pointed out that the board had investigated the possibility of a campus-type development with Markham District High School Board in the Unionville area, but that the latter wasn't contemplating any new high school construction within the next five years.

The board said municipal water and sewers would be easily accessible in their new site, and also land there was much less expensive than serviced land at Unionville.

Victoria Square Happenings

Girl's Softball

It was a bad week for the girls' softball team of Victoria Square, but it was a good one for the boys.

The girls dropped both their two games, while the boys won their two.

In the girls' action, Newmarket defeated the locals 20-4 at Newmarket in the first game, while Oshawa trounced them 17-2 in their only other encounter at Oshawa.

Neighborhood Notes

Ricky and Randy Bennett of Chassie Court, Richmond Hill spent several days recently with their grandparents, Mr. and Mrs. Percy Bennett.

Mr. and Mrs. Don Pickering, and Mervyn, and Doug Johnson spent two weeks in Colorado.

Mr. and Mrs. Lawson Mumberson attended the Lions International Convention held in Chicago recently.

Birthday greetings to Marguerite Frisby, two years, July 28; Mrs. R. Perkins, August 1.

The many friends of Miss Mable Sanderson will be pleased to hear that she is able to be home again following her recent operation in the York Central Hospital, Richmond Hill.

Boys' Softball

The boys won their first game at Unionville in the York-Simcoe League and their second one against Markham at home 9-5.

Bruce Mortson was the winning pitcher.

The Markham team held Victoria Square to three runs until the seventh when the latter scored six runs on singles by Bob Loudon, Bob Howard, Dave Loudon, Mortson, John Rumble and Howard Hicks.

CFGM Radio Boosts Power To 50,000W

The Board of Broadcast Governors have approved a power boost to 50,000 watts for radio station CFGM in Richmond Hill, day and night. It now broadcasts at 10,000 watts day and 2,000 watts night.

Approval of the power increase and change in antenna site was linked with undertakings to ensure that CFGM would not try to move into the metropolitan market at the expense of service to its present suburban listeners.

The station promised one item of York County news in each hourly newscast plus a minimum of five minutes a day of county news. It has also undertaken to increase the stations public affairs programming to 7 1/2 hours a week with a minimum of two hours devoted to York County. It will also report once each quarter to the BGG on other public affairs programs aimed at rural and suburban audiences.

The application had been opposed by other stations on the ground there could be an invasion of the metropolitan markets.

The change now awaits federal government approval.

Arm Nearly Severed Motorist Is Charged

A motorist whose left arm was left hanging by a thread following a two-car crash south of Stouffville last June, has been charged by Markham Township Police with three counts under the Highway Traffic Act.

Bruno Joannette, 21, of Unionville, has been in Scarboro Hospital since the accident June 19, where doctors are still working to save his arm.

Joannette was the driver of a car, which was in collision with another automobile driven by William Brown, 21, of Stouffville, on Concession 9, near Highway 7.

Joannette has been charged with careless driving, failing to share one half of the road and operating a motor vehicle without a licence.

Joannette has been charged with careless driving, failing to share one half of the road and operating a motor vehicle without a licence.

Hicks and Wayne Mortson

also singled earlier in the game, while Richard Burton homered.

The undefeated Victoria Square boys played their next home game tonight (Thursday) against Aurora.

Neighborhood Notes

Mrs. R. Perkins, Mr. and Mrs. Don Pickering and family, Mr. and Mrs. Fraser Gee, and family, Mr. and Mrs. Jim Barker and Ross attended the Hemstad-Perkins wedding in the Richmond Hill United Church on Saturday afternoon, and the reception which followed at the Bayview Golf and Country Club.

Misses Margaret and Betty Sandle have been spending the past two weeks with their uncle and aunt, Mr. and Mrs. David Boynton at Hickson.

Mr. and Mrs. Lawson Mumberson attended the police games at Varsity Stadium on Saturday.

Miss Barbara Empringham is spending this week camping with her uncle and aunt and cousins, Mr. and Mrs. Ray Wilson and boys at Innisfil Park, Lake Simcoe.

Mr. and Mrs. Percy Bennett, Mr. and Mrs. Rolph Boynton enjoyed a picnic dinner with Mr. and Mrs. Andrew Forson and family at Cannington on Tuesday of last week. Later they called on Mr. and Mrs. Alan Smith and family at Sandford and had evening dinner with them.

Visitors at the home of Mr. and Mrs. Percy Bennett on Wednesday of last week were, Mrs. C. Clubine, Mr. and Mrs. Gil Clubine of Richmond Hill, Mr. and Mrs. D. Sheard of Oshawa, and Mr. and Mrs. Sheard Sr. of Devonshire, England.

Dr. and Mrs. Ralph Ellis and family of Georgia, are visiting with Mr. and Mrs. Jim Boynton and family, also calling on Mr. and Mrs. Stanley Boynton.

Use Care And Caution

Safety Devices Cut Farm Mishaps

Farm safety week is being held across Canada July 23 to 29—a time when all farmers should take a slow, careful look at their operations to remove hazards which will bring unwanted medical bills.

Today's farmer is as much aware of the dangers inherent in his work as the factory worker. Because he has no safety inspector looking over

his shoulder, he tends to forget in the rush of trying to get things done.

The extra minutes it takes to stop machinery before removing plugged straw or the few seconds it takes to read directions on a pesticide label are the most profitable moments a farmer can spend.

Familiarity with equipment breeds contempt and in this contempt lies danger. A mower knife can shear off fingers as easily as hay stalks; a baler can package a man as easily as straw; the sharp fingers of a shredder can chew an arm to ribbons as easily as a corn stalk.

Edna Kirbyson and Mrs. Norine Rodwell are the secretarial staff.

All farmers are invited to visit the staff in the new location.

A new program for 4-H members in the county started Monday at Newmarket. It is called the 4-H Farm School and will be held for three days.

Members of this group from all parts of the county will be bussed to Huron Heights Secondary School, where they will participate in well illustrated talks and demonstrations given in the morning by staff members from the Ontario Department of Agriculture. Emphasis will be placed on beef and dairy cattle management and farm mechanics.

In the afternoons the young people will visit farms which illustrate practical and up-to-date farming methods.

This school is part of a revised 4-H program for York and is supported by the agricultural committee of county council.

An obvious alternative is haylage, which isn't by any means foolproof but is more reliable to some degree.

Another alternative is to switch some of the hay acreage to a crop which stores more easily, such as corn or oat silage.

There is no way to handle the livestock business other than to specialize in one line, Mr. Wall concludes, but a year like this puts a big question mark on the specializing in one crop as well.

After 20 years on Bolsford Street, the agricultural offices have been moved to the Newmarket Plaza on the second floor at the west end, to give more space for this important work. Located in the new offices besides Mr. Wall will be Home Economist Donna Stewart, Vegetable Specialist Conny Filman, Engineering Specialist Ralph Gregg and his assistant Ralph Elliott, Assistant Agricultural Representative Jack Westlake, Dairy Specialists Vic Jensen and Doug Hazlett, Mrs.

Mkm Twp Wavers On Tax Rebates

Markham Township Council last week gave first and second reading to a bylaw to provide tax rebate for property owners over 65 years of age, but the third reading may be a while in coming about.

A maximum credit of \$150 has been authorized by the provincial government, with the municipalities to be reimbursed by the province.

The rebates will be deferrals only and will become liens on the properties involved until they change hands or the owners die.

Although agreeing that it was a good thing for elderly people, Councillor Anthony Roman was concerned about the administrative costs to the township.

"What compensation do we get from the province?" asked Mr. Roman. "There's no reason why the municipality should pick up the costs for implementing this legislation."

He said that, as the majority of people in the township were under 65, the province should come up with some other form of tax relief.

In reply to his question as to what the municipality got back for its efforts, Reeve Stewart Rumble said the township was "only getting back what we don't get."

Mr. Rumble suggested Markham make some regulations for charges against the province.

BUTTONVILLE NEWS

R.R. 2, Gormley Phone 297-1741
CORRESPONDENT: MRS. F. H. LEAF

Neighborhood News

Dr. and Mrs. George Kelly accompanied Mr. and Mrs. Gordon Risebrough of Willowdale on a trip to Ottawa, Quebec City and Burlington, Vermont, last week returning by Ganaquo.

Mr. and Mrs. John Mitchell who occupy the Brooks home south of Highway 7 have returned from a trip to California. Mike and Debbie are vacationing at Lake Dalrymple while John Jr. and Andy remained home with a housekeeper.

Mr. and Mrs. Roy Boyington have sold their home on old Highway 7 but will be able to remain in the house until late fall.

Real estate agents are active again plying farm property owners with interesting offers. The asking price now is close to \$4,000 an acre.

Local friends will be interested to learn that the 400 acre Rowntree Farm at Woodbridge was sold within the last week or two. Mrs. Rowntree is the former Myrtle Burr, a sister of Newton and Russell.

And speaking of property, have you noticed the attractive new addition being built at Cliff Moss's B & M Motors service centre south of Highway 7 on Don Mills Road where enlarged service and restaurant facilities are being constructed.

Mrs. Dick Jones and her sister Mrs. Vivian Carson of Toronto flew to Regina last week on business.

The Jim Hoods spent their vacation near Kincardine this year, and the Bill Hoods chose a leisurely boat trip along the Trent Canal.

Mr. and Mrs. Harold Wright and their family are back in the district after several years in Ottawa. Harold, who supervises color TV for CBC, was moved back to Toronto early this year, and the family is living on the Farquharson Farm north of Victoria Square.

Have you noticed the valley improvement at Buttonville where the new golf course is taking shape along the river?

Mr. and Mrs. Vincent Holland plan to return to their Buttonville home, so the Supersad Singh family is looking for new quarters.

WI Spend Day at Brantford
The City of Brantford, one of Ontario's richest cities historically speaking, was the destination of the local WI members

on their annual picnicking jaunt this year.

Early last Wednesday morning a Trailways Bus collected 50 members and friends.

The first stop was the Adelaide Hunter Hoodless home which the FWIO has established as a memorial to the founder of the association and furnished according to the mode of the early 1900's.

Following luncheon, served in the basement of the old house when rain made outdoor eating impossible, the tour continued to Brantford proper for visits to the Brant Historical Museum, the Brant Memorial, the Bell Memorial and Homestead where Alexander Graham Bell discovered that the human voice could be transmitted; and the Mohawk Chapel which was built for the Six Nations Indians by George III and is probably the first church built in Ontario—certainly first Protestant chapel.

Hostesses for the day were Mrs. Russell Boyington, Mrs. Lloyd Baker and Miss Cora Brodie, with Mrs. Jim Grant, a former resident of Brantford acting as guide.

Enclosing a copy of its letter to the Board of Transport Commissioners in Ottawa the CPR gave a lengthy preamble about the establishment of a customer service centre in Toronto that will be open seven days a week, 24 hours a day, before asking for the removal of the caretaker.

Two years ago, the CPR requested the closing of the Locust Station, and the CNR the closing of the Unionville Station, however, in a subsequent hearing in which council and local businessmen protested the proposed closings, they were allowed to remain open.

Ward 2 Councillor Roman said that council should write the CPR and "remind them of their decision two years ago."

Said Deputy-reeve S. J. Gadsby: "Maybe we should ask the people in the area to see what they want."

A motion by Mr. Roman to write the CPR opposing the closing, was agreed to by council.
