The location of Duncan, Vancouver Island, British Columbia, is pointed out to (left to right) Melanie Thomas and Elizabeth Turton by Mike Gosling prior to their departure for that western city. One of the small bags which will identify the young people as Centennial Travellers also is in the picture.

**Westward Ho For Centennial Travellers**

Twenty-four grade 11 students from secondary schools in this area are now in British Columbia on a two-week adventure in Canadianism. They left Toronto Union Station Saturday.

Included in the group are Elizabeth Turton from Richmond Hill High School, Melanie Thomas and Mike Gosling from Bayview Secondary School, Carol Burleigh and Eric Harley from Thornhill Secondary School, Carolyn Kearns from Langstaff Secondary School,

which will be visiting other parts of Canada, to learn more about other Canadians, our vast country and the Canadian way of life.

Supervising will be Mr. and Mrs. Kelvin Tomner of Laverock Avenue. Mr. Tomner is a very popular member of the teaching staff of Langstaff Secondary School. He was the first manager of Richmond Hill Centennial Swimming Pool, a position he held during the difficult time of organization in 1965 and again in 1966, and for several years was a counsellor at Camp Richilda. Mrs. Tomner, a secretary at Weyerhaeuser Canada Ltd., also worked several seasons with the youngsters at Camp Richilda.

David Martin of Concord from St. Andrew's College, Janet Storer from Woodbridge High School, Henry Berbruggen and Pat Wassink from King City Secondary School. The other 14 students are from schools in the Borough of North York.

They left the Union Station at 4:35 July 29, returning August 12 and will be travelling by CNR.

**Will Live In Arlington, Mass. Following Wedding In Headford**

Sharon Jean Rumble, only daughter of Markham Township Reeve Stewart Rumble and Mrs. Rumble and Roger A. Brain, son of Mr. and Mrs. Gordon Brain, John Street, Thornhill, were united in marriage the evening of June 24 at seven o'clock. The ceremony took place in Headford United Church with Dr. A. F. Binning officiating. The Rumbles reside at Headford.

They are making their home in Arlington, Massachusetts. Preceding her marriage Sharon was entertained at showers. Her hostesses were Mrs. H. A. Brain, aunt of the groom; Miss Joy Davey, for Sharon's classmates at Margaret Addison Residence; Mrs. H. Haworth, aunt of the bride and Mrs. E. Leek for the community.

Mrs. Charles Nolan, Stouffville, played organ selections as the guests gathered in the church, announcing the wedding professional with "O Perfect Love."

Escorted by her father, the bride followed her four attendants wearing a beautiful ivory satin gown with overlay of lace and a shoulder length veil. The bridesmaids wore mint green shantung gowns, Empire style with bell sleeves and carried shasta daisies. Dyanne Snary, Richmond Hill, was maid of honor, Joy Davey, Ottawa and Mrs. Bruce Innes, Toronto, were bridesmaids and Susan Brain was junior bridesmaid.

John Rumble, brother of the bride stood with the groom and the ushers were Richard Elliott and Norman Lord, Thornhill.

The groom's mother wore a blue ensemble with white corsage and the bride's mother a pink suit dress with corsage. One hundred guests gathered in Victoria Square Community Hall for the reception and buffet supper.

A great deal of merriment accompanied the efforts of escorts to deliver feminine guests to their cars protected by umbrellas through the pouring rain, which in no way dampened the happy occasion.

Sharon is a graduate of Victoria University, Toronto and Roger a University of Toronto graduate chemical engineer.

**Mrs. Phyllis Mabley**

Mrs. Phyllis May Mabley, wife of the late Carl Mabley, of 190 Bayview Avenue, formerly of Hunt Avenue, passed away in York Central Hospital July 23 following a brief illness.

Mrs. Mabley was born in Aurora, the daughter of Mr. and Mrs. Frank Starkey, and was in her 60th year. She has been a resident of Richmond Hill for more than a quarter of a century and was a valued member of the Ladies' Orange Benevolent Association.

Surviving to mourn her loss are two sons, Harold and James of Richmond Hill and two daughters, Betty (Mrs. S. Ransom) of Goodwood and Jacqueline (Mrs. James Craydale) of Cooksville, 16 grandchildren and her mother, Mrs. Louise Starkey.

The funeral service was held July 26 from the Pipher Funeral Home with Canon A. A. Chote officiating. Interment followed in Aurora Cemetery. Pallbearers were Henry Starkey, Frank Starkey, Karl Szygwald, Clare Mabley, Cecil Mabley and Jim Mabley.

**Summer Scene**

By CATHY WILSON

With the weather as hot as it is these days, one of the coolest places to be in town is the Richmond Hill Centennial Pool. On warm days, hundreds of children come to cool off in the pool whose water is comfortably cool on hot days (and temptingly warm on cooler days thanks to a heating system!) And under the eyes of highly qualified lifeguards, the children participate in the sport which has become increasingly popular in Richmond Hill over the past three years.

The beginning of this week, I dropped in on Stephen Gentles during some of his off-duty minutes at the pool.

Steve, who was born in Liverpool, England in 1949, has lived in Richmond Hill for a little over eleven years. He is a graduate of Walter Scott Public School and will be entering grade 13 at Bayview Secondary School in September.

Steve started swimming when he was eight years old. His parents encouraged him in this sport as, because he wore glasses to correct an eye problem, he was unable to participate in "contact" sports such as hockey and football.

Steve's interest in swimming grew and he now possesses a very impressive number of awards including the Bronze Medallion, Leader Safety Patrol, Awards of Merit and Distinction, Red Cross Instructors' Certificate and Royal Life-saving Senior Artificial Respiration.

In his second year at the Centennial Pool, Steve instructs mainly at the beginner and junior Red Cross levels, teaches a diving course, guards during public swimming hours and assists Manager Paul Wilson in the organization and running of the Speed Swim Club, "for which," he says, "we need more people, especially older girls."

Previous to working at the Centennial Pool, Steve spent two summers counselling at Richilda Camp and instructing in North York for the YMCA.

When school starts, Steve's interest changes from the swimming pool to the stage. Here he is especially interested in set designing and building, and for the past two years he has been head of the set-building committee for Bayview's Gilbert and Sullivan productions "HMS Pinafore" and "The Mikado." Steve was also a representative on students' council and was active on the decorating committee for the school prom.

After high school Steve plans on going to Queen's University where he will take his Bachelor of Commerce . . . and after that he plans a career in chartered accounting.

As far as swimming goes, Steve says, "I intend to keep it as one of my main interests for quite a few years to come." Asked about the Red Cross swimming courses he said, "I consider the most important aspect of the instruction to be water safety." And this is particularly emphasized with all the children taking swimming courses, as each day, along with the actual swimming skills, they are drilled and tested in life-saving techniques and water safety rules.

All that's left to say now is: "Come on in! The water's fine!"

(Cathy Wilson is a secondary school student residing in Richmond Hill)
