

**Sport Spots**

By Fred Simpson

**LIFETIME LEARNING**

Retiring minor ball and hockey Coach Sil Stefan applies a certain philosophy to his handling of youngsters which, come to think of it, a lot of us could do worse than apply to ourselves.

His youngsters must enjoy the game, have fun, be prepared to do their best at all times, even at practice, and while on the ball field or hockey ice act in a proper and gentlemanly manner.

"I would place fun ahead of it all," he states. "If the kids on my teams aren't enjoying themselves they can just pack it up, forget about it. You can have fun and play hard at all times and if you combine the both you don't have to worry about a win, loss or draw. It happens or it doesn't happen."

Another strict rule insisted upon by Sil: "The youngsters on my teams are not allowed to address the umpire in a critical manner, nor ride the opposition, nor start fights during a game."

"There's absolutely no sense in teaching kids to be poor sports. They'll have an opportunity to pick up enough of this later on in their life. I want my teams to cheer their teammates on but not at the expense of the opposition."

"And there's no place for a fellow on my team who goes out and deliberately starts a fight or plays in a manner unbecoming a sportsman. But if someone else hits him first, well, that's different. I expect him to defend himself, to a certain extent. That's life. But to retaliate in a dirty manner, no."

The art of self control is something else Sil stresses when it comes to young people and the example set by the adults they look to for guidance. "A child has got to learn to take the game as it falls, win or lose. It's not easy. I've had to take a grip on myself after some losses before shrugging my shoulders and looking ahead to a better ending next time. But it's something as a coach you should get across to them. It'll help them later in life."

**Kent Juniors Down Unionville By 5-4, 20-4, In OASA Play**

Kent Clothes Juniors overwhelmed Unionville in straight games last week to win the Zone 3 OASA Playdowns by scores of 5-4 and 20-4.

Individual hero in both hitting and pitching capacities was Larry Moore.

The Clothiers now await the winner of Zone 4 which covers the area of Eastern Ontario. Their opponents could come from anyone of three teams representing Port Perry, Madoc or Verona.

The August 22 effort could have quite easily been tagged "Larry Moore Night" as far as Kents were concerned.

The brilliant Moore came as close as anyone could to performing as a one-man team.

He started his contribution from a hitting standpoint in the third inning when his single advanced Jim Henderson to third base after the latter had drawn a base on balls. Henderson then scored on Rodger Ball's sacrifice fly.

This gave the Kents a 2-1 lead as both had tallied single runs earlier. This lead held up until the sixth when Unionville managed to bunch three of their total of four hits for three runs and a 4-2 lead.

The hero, Moore, narrowed the margin to 4-3 with an inside-the-park linedrive homer.

The score stayed the same until the bottom of the ninth when Moore — playing the "Frank Merriwell" role to the full — came to bat with two out and Brian Clark on first base as a result of a Unionville error.

The count went to two strikes and no balls. Moore fouled off two or three pitches before clouting a mammoth shot high wide to deep left centre. The ball cleared the fence with plenty to spare and the Kent boys were 5-4 winners.

Moore's game contribution included pitching a four-hitter.

team to one further run, and striking out 15 batters.

Moore was again the pitcher of record as he gained his second win of the week. He relieved Rodger Ball with one out in the bottom of the first with the bases loaded as a result of three walks.

Moore had a rather shaky beginning as he hit the first baseman and walked the second to force in two runs. The third scored as shortstop Bob Grayer was forced to make the play to third base on a slow roller for the second out.

Moore then settled down and retired the side and went on to pitch a two-hitter. The only run scored against him was Kent's home run in the seventh. He struck out 14.

Although Ball was unable to find the plate with his pitches, he certainly brought his hitting shoes with him and led the Clothiers at bat with four hits good for six runs-batted-in. A homer and a double were included in his total.

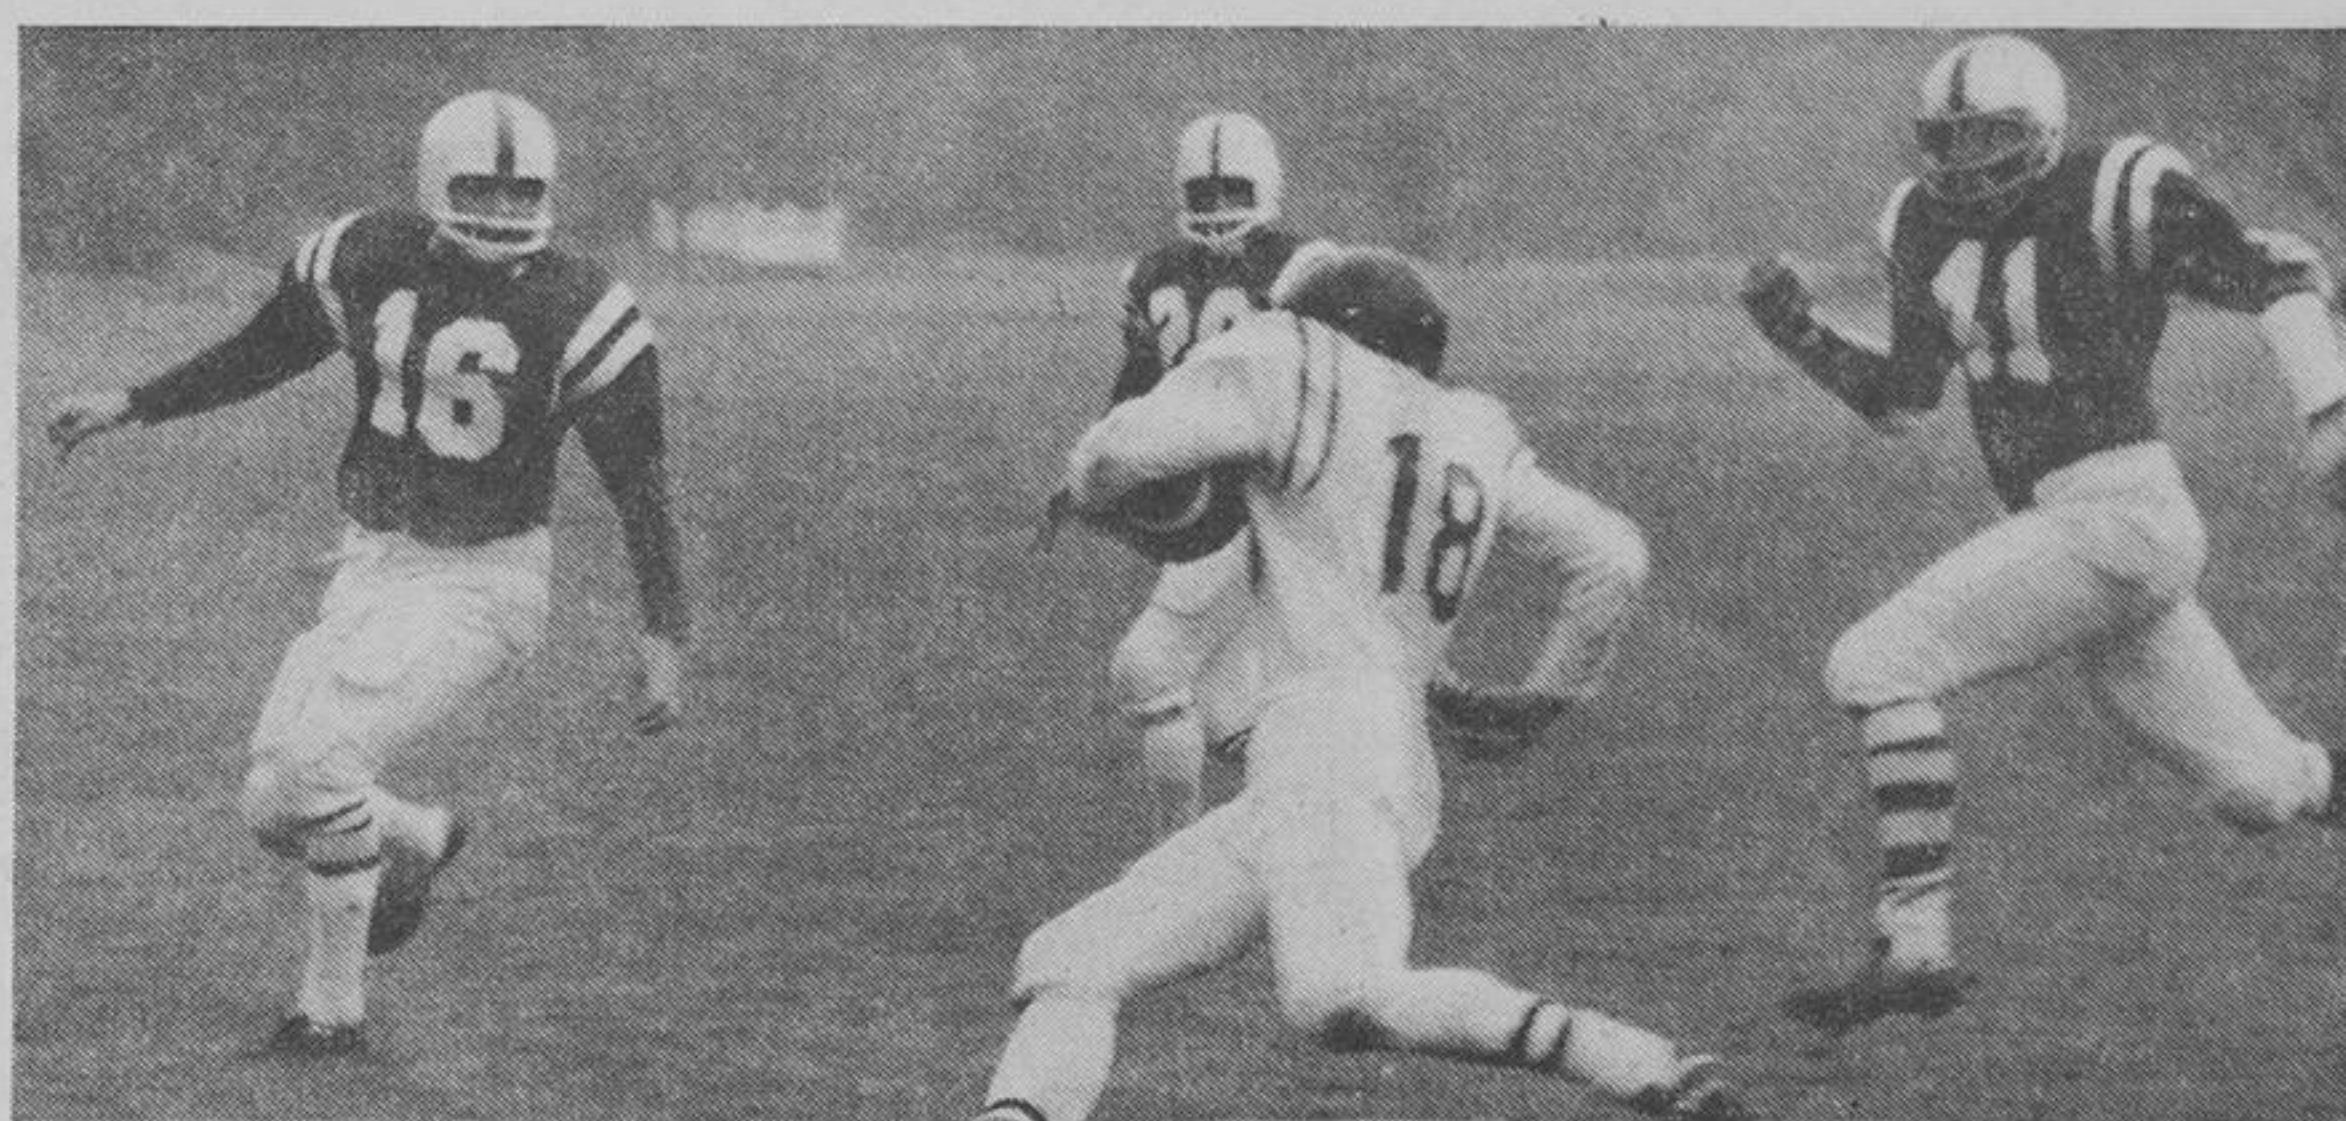

Next in line were Jim Donalds with three hits apiece with McDonalds being a home run. Larry Nelson had a triple and a single while Larry Moore managed only one hit but it was a tape measure home run. It was his third in two games.

Richard Burton began started for Unionville but was not effective this time and left early. He was followed to the mound by Earl James and Terry Blundell neither of which were able to stem the tide of Kent hitting.

Kents will begin their league playoff final series with Dobby's this week at Kinsman Park, North York. The second game of this series will be at the town park September 5 at 8:30 pm.

Richmond Hill Suburba Knights Wayne Mizzen (18) has the ball but he's not going anywhere as a hungry looking group of Weston Invictus players surround him as he cuts around end.

The picture told the story in Saturday's opener for the fledgling Richmond Hill team. Weston made more of the tackles winning 42-6 in a hard, bruising game.

**Suburba Knights Lose Opener 42-6**

By FRED SIMPSON

How can you go out and get walloped 42-6 in your first-ever football game and still not be beaten?

It's easy. That's if your name is Uly Curtis.

It's seconds after the team you coach by the name of the Richmond Hill Suburba Knights in 1967 have just been thumped by the champion Weston Invictus team you coached yourself in 1966.

It was the first game of the season and perhaps you were hoping for better things.

You call the boys into a huddle and say something like this:

"Don't worry about it. If the Chicago Bears can get beat 60-0 after being in the NFL for 60 years, why can't we get beat 42-6 in our first game."

This was the situation Saturday morning as the Suburba Knights Juniors, opened their season at St. Andrew's College, Aurora, against a tough, determined and fine Weston team.

"We'll come along," said Curtis. "We made some mistakes out there that hurt us bad and we weren't in the best of condition. But this team will be heard from before the season's over. We met just about the

best team right here."

Curtis was particularly enthused with his defensive team which seemed to be on the field for most of the first half and still managed to hold the opposition to 15 points.

The offence also showed periodic signs of life especially in the dying minutes of the first half when quarterback Dennis Lavery led the team to its only touchdown of the afternoon.

The brief rally came after Weston had moved into an early 15-0 lead on the strength of touchdowns by J. Reid and M. Pearlman plus two converts and a punt single by ace hooper Renata Sabadin.

Lavery led a passing and running attack (aided by a penalty which nullified an interception) down to the three-yard line where Wayne Mizzen bulled over for the six points. The convert attempt was wide.

The Suburba Knights kept trying in the final half but were just out-gunned by their more polished opponents who went on to rack up 27 points to win going away.

But the game wasn't as one-sided as the score might indicate.

Statistics show that both J. Loggan, R. Weir, R. Booth,

teams managed 12 first downs in the bruising game with Richmond Hill gaining 136 yards on the ground to Weston's 211.

The Suburba Knights gained 77 yards in the air via Lavery's 5 out of 12 passing completion record; compared to 95 yards for Weston on 8 out of 17 pass completions.

Big difference in the game were the fumbles committed by Richmond Hill.

The locals fumbled five times and Weston recovered all of them.

Weston also intercepted a pass which resulted in a long run for a touchdown by Sabadin.

Richmond Hill plays an away game this Saturday against Burlington but will be at home at St. Andrew's College for a Labor Day Game Monday against Lakeshore. Game time is 10:30 am.

Richmond Hill-Weston Summary
