Await Completion New Arena
No Increase Minor Hockey Registration

Although minor hockey officials felt this year they could greatly increase the number of players in the house leagues because of additional ice time which would be available in the new arena, registrations, which closed last Saturday brought only approximately the same number of youthful players as last year to the old arena to pay their fees and sign registration forms.

Since it is now evident that ice time in the new arena will not be available until later in the season than originally planned and ice time in the old arena will be at a premium, it has been decided to organize house league teams out of those who have already registered and begin the season with these teams. When ice time becomes available in the new arena and pressure is eased, the lists will again be opened and it is expected that all boys who wish to play hockey can be accommodated. This includes experienced players who had failed to register again by the deadline and those who have not yet played organized hockey.

Ice time has been obtained at Bradford Arena for the OMHA teams and tryouts were held Friday and Sunday.

Sonny Kelleff will be coach of this year's entry in the novice division, succeeding Sil Steffan. Ray Brooks will continue as coach of the peewees; John Gropp succeeds Ken Ham as bantam coach; Peter Artemchuk returns to again show the mid-

York Central Will Join Unesco Student Project

York Central District High School Board at a recent meeting agreed that a school or schools in the system would take part in the UNESCO Associated School Project.

Participating schools receive various materials from UNESCO and a regular newsletter is published. In addition, various opportunities are provided from time to time for students from various countries to meet for workshops or seminars. There is a plan for a study visit to Paris, Geneva and London in March of 1968. A student delegate would go partly at UNESCO expense.

In addition, the British Council for Education in World Citizenship has invited 15 to 20 students from the Toronto area to attend a series of lectures in London the first two weeks of January. Students would be guests of British families during the two weeks they are there. This project has been going on for many years although no students have attended from Canada in the past.

Aims of the UNESCO Associated School Project are to increase the knowledge of youth about the world and its peoples; to enable young people to view other cultures without prejudice and to react to differences with friendship rather than hostility; to develop understanding of the need for international co-operation in the solution of world problems and to encourage respect for human rights, and the sense of moral and social responsibility for others.

York Central participation was raised by Richmond Hill High School Vice-Principal R. P. MacDonald. Superintendent S. L. G. Chapman reported that Mr. MacDonald had arranged a meeting with the Canadian co-ordinator of the project J. H. Stewart.

Mr. Stewart suggested that the aim of an associated school should be to experiment in and out of the classroom with projects designed to bring about in the minds of the students a

Civitan Football League

Stampede 18, Civitan 0

It was strictly a lost weekend for the Civitan bantam team with two severe whoppings being delivered via the air by the Ticats and the Stampede.

First game ended with an 18-0 score in favor of the Stampede with Bill Weber running wild and scoring all three touchdowns for the Stampede.

Second game had the luckless Civitans meeting a riled up Ticat outfit and when the final whistle wailed the scoreboard read, 43 - 0 for the yellow and black Tabbies.

Civitans have now played four games and scored nary a point while the opposition has racked up 111 tallies, an average of 18 per game. Help is needed to keep the Civitan team from scoring the first complete season without crossing the opposition's goal line, a feat which is not enviable regardless of the sport.

Last Saturday the Stampede exploited the helter-skelter defence used by Civitans to spring Bill Weber loose for three touchdowns on short pass plays.

To prove their pass defence wasn't the only thing lacking, the Civitans in the second match let the Ticats run wild with Wayne Donnelly scoring two TD's, and Ray Sullivan, Peter Coughlin, Gary Lewin, and Jim Peck scoring single touchdowns.

The first time Civitans had the ball they passed to the opposition and Gary Lewin sprang for a touchdown. The second chance with the pigskin Civitans fumbled and Jim Peck scooped up the ball and scored for the Ticats.

As usual the two outstanding players on the field for the losers were Steve Heley and Emile Lamoureux.

Steve Addeberry of the Stampede was on the injury list and his absence showed as the Stampede were unable to move the ball along the ground. Fortunately, their passing game was sufficient to secure the win.

REPORT

OAK RIDGES DETACHMENT

Margaret Burns, 19, of Scarborough, who suffered injuries after the car they were in was in collision with a truck on Highway 48, north of Old Junction Highway 48.

The car went out of control when a tire blew, sending it into the path of a truck driven by Dean Holburn, RR 1, Harriston, Ontario.

The box then knocked down traffic lights at Dufferin Street and then pulled down telephone wires further west.

It wasn't until the box crashed into the CNR overhead bridge at Concord did the driver, Bernard Devlin, 31, of 216 Elka Drive, Richmond Hill, know anything was wrong.

Damage to the truck, which was owned by Richvale Block Supply Company, Richvale, was \$9,000.

Undetermined damage was done to the bridge.

Five people, including a Richmond Hill couple, were injured in a head-on collision September 23 on Highway 7 in Markham Village.

George Donald Wilson, 72, of 8644 Yonge Street, driver of one of the cars, and his wife, Velma, suffered broken ribs, while Keith Farris, 32, of Fairport Beach, Ontario, driver of the other car, suffered lacerations to his knee.

His wife, Beatrice, 25, suffered severe facial lacerations, while their son, Glenn, 4, suffered a depressed skull fracture and brain lacerations.

All five were taken to Scarborough General Hospital, and then Glenn was removed to the Hospital for Sick Children in Toronto.

Damage to the cars was estimated at \$1,000.

Also taken to Scarborough Hospital were Monty Selby, 19, of Scarborough, and his passenger,
