the hostess and to those taking part in the program and a pleasant visit was enjoyed with regrets that due to illness and pressing engagements there were absentees. Mrs. G. Barker was welcomed back after being away in hospital.

A phrase in the communion service of the United Church never fails to attract my attention, "Hear these comfortable words," and we are aware of comfortable words each Sunday as we listen to Rev. Martin Jenkinson. Not comfortable in the sense of negative ease and complacency but a challenging directive for daily life. On Sunday he directed us to the terrible waste of potential usefulness and joy when we allow supposed or even intended snubs and slights to poison our disposition and in doing so to poison us physically.

Church News

Brown's Corners United is having an active season. The one-point flock with Rev. Christopher Dugan as its shepherd is surging forward, and the church is well filled every Sunday, to say nothing of the parking lot.

Last Sunday the Sacrament of Holy Communion was observed, and Mr. and Mrs. Brian Reynolds, newcomers to the community who live in the house formerly occupied by Harvey and Nancy Brown, on Don Mills Road south of the CNR By-pass, were received as new members.

Next Sunday at Brown's Corners is Singing Sunday with both choirs in attendance and some of the good old hymns. Mr. Dugan's topic for his message is "We Have a Singing Faith". There will be an opportunity to make a special donation to choir funds.

In the afternoon there will be a choir "At Home" at the home of Mrs. Fred Leaf on Don Mills Road. This is the house, one-quarter mile south of Highway 7, which early church members built for the first lay preacher in the area.

It was built on a half-acre of land donated by the James Dunn family, and served as the manse until the turn of the century. The congregation and friends are cordially invited.

Neighborhood Notes

Mrs. George Kelly, chairman of historical research for the WI recounted several items of note from the past, when members met Wednesday last week at the home of Miss Elizabeth French, Highway 7, Unionville.

This being Centennial year, Mrs. Kelly chose notes on early life: December 11, 1872, Buttonville School (the one-roomed portion of the present building) was opened, and Colonel William Button was elected chairman. Egerton Ryerson was the

guest speaker, and "Miss Pears executed several selections on the organ."

There was a picture of an early teacher, Mr. Brignall, who taught at the school from 1887, 8, and 9, with a letter of recommendation from Trustees William Brown, Charles Hunter and John Raymond when he left for greener fields.

Mrs. Kelly drew to the attention of the members the fact that when the township offices, Buttonville were opened May 1, 1954, the WI donated the flagpole, and served refreshments at the opening ceremonies.

Roll call was "Name An Old-Fashioned Remedy" and members recalled such things as a sock around the neck for a sore throat; goose grease and turpentine for a cold on the chest; sulphur and molasses for spring fever; and epsom salts???

Mrs. Lloyd Baker gave a reading "Can you quilt?" and the president Miss Cora Brodie conducted the meeting.

The Harvey Browns are enjoying their new home on Highway 48, north of Markham Village.

HIWAY-BYWAY

The Tire that Makes Fun of Winter Driving

CANADIAN TIRE

STILL ANOTHER BREAK THROUGH

NOW MADE WITH **POLYESTER**

The Miracle Tire Cord

Nearly two years ago, Canadian Tire introduced Polyester miracle-cord in their high performance summer tires. Come spring, most major rubber companies are expected to follow with Polyester in their most expensive summer tires. Right now, a year ahead of most others, as usual, another record falls to Canadian Tire. Polyester Winter Tires... here RIGHT NOW!

If you ever experienced the sheer delight of being behind the wheel of an automobile equipped with "Hiway-Byway" winter tires, you have doubtless told others about the fun of bulldozing through drifts and wheeling past cars struggling for traction. You've also taken for granted the confidence of being master on ice and hard-pack snow. Now with better-than-ever Polyester "Hiway Byways" you'll get more miles and an incredibly smoother ride — more like summer tires — be it at 7 or 70 mph. "Morning thump", even on the stiffest cold mornings, will be a thing of the past. Initially, of course, Polyesters do cost more; but, you'll soon agree they're worth every penny of it.
