Thornhill Recreation Expenses Match Population Upsurge

A story of increasing population and increasing operating costs was unfolded at the annual meeting of the Thornhill Area Recreation Committee held December 7. Speaker was Committee Chairman Dennis Moore who thanked the municipalities of Markham and Vaughan Township for their assistance as well as making a veiled request for added money — if possible.

"The population of our area", he said, at the meeting held in Woodland Senior School, "is expanding, the costs of operations are increasing and we request that the townships give our needs additional consideration when the time comes to compile their budgets."

Mr. Moore also thanked the Thornhill Lions Club for their donations to the cause of recreation and the "recreation committee will continue to try to spend in such a way as to achieve recreation for the maximum number of people."

The chairman perused generally over the varied activities of the year noting that "over 57,000 people went swimming last summer. Hundreds and hundreds enjoyed tennis, badminton, skiing, winter skating, basketball, playground summer programs in the park, hockey, winter swimming, synchronized and speed swimming at the House of Concord indoor pool and senior citizens activities."

Mr. Moore paid tribute to the persons who organized and helped run the various activities and also appealed to the general public "to help these dedicated people. We have many recreation ideas but nothing will happen unless people get out to help."

"We need help with the skiing in the Markham area, help to increase the summer playground activity, an art club, junior badminton, swim club, music appreciation, etc., etc."

"The committee has high hopes of increasing its recreation activities through a program in co-operation with school activities next year. The individual costs of these activities are not high, the individuals contributing are helping to develop and further recreation in the community. And it is your community."

Treasurer Derek Giles pointed to the pool operating statement — which saw receipts of \$21,509.29 and disbursements of \$21,193.81 for a surplus of \$315.48 — as revealing the effect of community growth.

"While the long, wet, and not so hot, summer discouraged general admissions the season ticket holders pushed attendance up some 15 per cent over last year."

"Expenses," he said, "were generally controlled. A chemical bill from 1966 and a currently outstanding credit of \$280 account for most of the increase in operating supplies — from \$1,094.78 in '66 to \$1,623.27 in '67."

"In balance, the current surplus with extra payments for insurance and reserve deposits (combined total \$1,107.24) compares favorably with the previous surplus without opening reserve withdrawal (\$1,205.31)."

Mr. Giles also pointed out that recreation grants and administration finds a current cash balance of \$3,595.23 "and along with the provincial grant in February of 1968 will meet all normal costs until summer."

The committee's 12 month balance on hand from October 31, 1966 to October 31, 1967 was \$345.76.

The Thornhill Minor Hockey Association operated four teams in the North York League and the OMHA Playoffs and had a successful season.

The Thornhill Peevees grabbed a good chunk of glory winning the Quebec International Peevee Tournament Class "C" although losing out in the finals to Dorset Park, Scarborough. This was the first in the history of the tournament that a "C" team had reached the finals.

The peevees won the Delhi and Goderich Tournaments, the Central Ontario Zone Little NHL Tournament and the All Ontario Peevee Championship series.

Thornhill Novices won the All Ontario Novice Championship and the hantams the Stoffville Tournament.

Additional costs are facing the association in the current season and at the present time the estimated expenses amount to \$7,458.60 with an expected income of \$6,682.58 leaving a deficit of \$776.02.

Association Member Bob Law said the hockey group "will endeavor to seek means of reducing some of this deficit but it is hoped that the recreation committee will be able to make a substantial grant towards this deficit."

He said the parents of the 76 boys playing in the association pay \$50 per boy and "consequently the association must find additional monies from other sources."

Mr. Law stated it was interesting to note that of the 76 boys registered with the association, 54 live in Markham Township and the rest in Vaughan.

Three new members were elected to the recreation committee executive to replace retiring members Mrs. Barbara Stubley, George Ackelhurst and Dennis Moore. They were Pete Ross, Bill Seeley and John Gambelin, all of Thornhill.

Other executive members are: Eric Cole, vice-chairman and Thornhill Trustees representative; Tom Jackson, Thornhill Lions; Mrs. Lynn Pattinson, Geoff Walker, Don Jackson, John McKay, past chairman; Mrs. Alice Gaston, secretary and Mr. Giles.
