How can you save on car insurance?

START RIGHT HERE!

Put your teenager behind the wheel and car insurance costs go up. However, appreciable savings are available from Economical for the under-25 driver who has completed an accredited driving course. Driver education schools develop safe driving habits and good road skills. Graduates become better insurance risks.

If a young driver is about to be introduced to the family car, ask your Economical Agent about Driver Education Courses in your community. He has the experience and training to help keep your car insurance costs to a minimum.

DUNSEITH—In ever loving memory of my dear brother Kenneth, aged 18, who died suddenly June 14, 1957. I will always remember the way he looked. The way he spoke and smiled.
