Church News

It was an intrepid group of campers—the Brown's Corners Campers' Club and their families — at the Ponderosa Picnic Park near Mount Albert June 21.

The weather was damp and cold to begin, but by Sunday the weatherman relented and the sun shone warm and bright.

The Dugan gentlemen, Rev. Christopher and father James joined the group on Sunday for lunch and a worship service.

Among those attending with their families were Ken and Ellen Stiver; Garnet and Grace Stewart, who included Dawn Hood in their family group; Jim and Doris Grant, Richard and Carole Carr, Alan and Brenda Carr, Brian and Helen Colman, John and Barbara Mitchell, Jack and Dorothy Bishop.

On July 11 the club plans a barbecue and swimming party at Bruce's Mill Conservation Area. The distaff members and their families plan to arrive for afternoon activities about 2:30 pm and the men will join them for supper. All couples and families welcome.

For information please call Brenda Carr, 889-2495, or Dorothy Bishop, 297-1749.

WI Trip

June 1968 will go down in history for its rainy not its rare days, so picnic weather it was not.

However that detail did not deter 47 WI members and friends who sailed forth early Wednesday morning, June 26, for the annual picnic and mystery tour.

This year the trail led to parts unknown to most of the women—Picton and the Bay of Quinte area — a beautiful part of Central Ontario.

The weather improved as the Trailways bus travelled east, and at noon and the supper hour the hostesses served a sumptuous spread. A visit to the Black Diamond Cheese Plant at Belleville was also an interesting experience. To Mrs. Rose Baker, Misses Elizabeth French and Cora Brodie, thank you for a delightful day.

Neighborhood Notes

Joe and Helen Robinson left early last Wednesday morning with Rev. William Askew and Mrs. Askew for a trip to Western Canada. The Calgary Stampede will be one attraction they will visit.

To Charge \$10 Hour Cut Private Weeds In Mkm

It might pay some people to cut their weeds — especially this summer in Markham Township.

Conversely, it will cost them more if they don't cut the weeds, thanks to last week's decree by township council.

Last year the charge to the householder — if the municipality was forced to do the cutting — was \$6 per hour. This summer the hourly rate will be \$10.

Reason: At the \$6 hourly rate Markham Township ended up \$6,000 deficit in operating costs.

The \$4 an hour increase is to shave off some of the loss. Weed Inspector is Sidney Marchant.

The new rate was set in motion of Deputy-reeve S. J. Gadsby and Councillor Allan Sumner.

Council also moved to reduce speed on the gravel surfaced north and south roads. Over 50 percent of the township roads are still gravel surfaced. Speed limit is now 35 miles per hour.

Deputy-reeve Gadsby noted that the heavy summer traffic is underway which means "we work on the road weekdays and cars rip them up on the weekends."

He said he would like to see heavy traffic prohibited from all gravel concession roads "to cut down on the cost of maintenance".

Councillor Charles Hoover agreed.

"I observed the traffic last weekend," he said, "and it was very heavy on Concession 9 and portions of it were badly cut up."

Mr. Gadsby also remarked on the danger of travelling behind a car on a gravel road when the vehicle in front is proceeding at the 50 mile an hour speed limit.

Reeve Stewart Rumble said he understood the municipality could reduce the speed to 35 miles per hour but warned about enforcement.

"It is a good idea, but I have my doubts about whether it can be enforced. Our police force would have to be doubled."

The motion by Messrs. Gadsby and Hoover was approved and the next step will be to implement the bylaw.

Council also gave third reading to a bylaw to prohibit heavy traffic from using certain subdivision roads at Thornhill and Unionville.

Main effect of the bylaw will be to prevent trucks and other heavy vehicles from invading residential areas.

Only services such as fuel oil deliveries, store deliveries, fire, police and ambulances will be permitted.

The bylaw was introduced some weeks ago when residents at Varley Village, in Unionville complained that heavy vehicles travelling to and from building projects in the area were a hazard to their homes and families.
