

Approve Eight Lot Subdivision Former Superior Propane Site

Vaughan Township Planning Board August 8 recommended approval of rezoning to permit an eight-lot subdivision in Maple.

Presently zoned commercial and industrial, the land is the former site of the Superior Propane plant on the north side of Richmond Street, west of the railway tracks.

Developer John Sanelli was represented at the meeting by his solicitor C. L. Yoerger Q.C. Mr. Yoerger advised planning board that his client's title to part of the land was clouded as the township had, some years ago, conveyed part of a laneway to two different people, and asked that this be rectified.

Planning Director John Dewar advised the board that the staff and township solicitor were satisfied that an error had been made. The second conveyance by the township conveyed the entire width of a laneway to one property owner while the original transfer, made 10 years earlier, when the lane was closed, conveyed half the width of the lane to a different owner.

It is considered that residential development of the property would be more acceptable to neighboring residents than either commercial or industrial uses.

Cable TV For Hill?

Stewart Coxford of Radio Station CFGM appeared before Vaughan Township Planning Board August 8 concerning the installation of a cable TV antenna.

Proposed site of the antenna is north of Elgin Mills Sideroad, east of Bathurst Street, part of Lots 51 and 52, Concession 1, property owned by Mrs. M. C. McFee. Site for the antenna, which is to serve the Richmond Hill area, will be leased for five years with an option to renew for a further five years.

All property owners within 1,000 feet of the antenna will be polled and after this has been done, planning board will consider the application again at the August 22 meeting.

Police Accident Report

Third Drowning In Three Weeks Preston Lake, Near Vandorf

The third drowning in three weeks in Preston Lake, near Vandorf, occurred August 9, taking the life of John Kudelski, 42, of Alamosa Drive, Willowdale.

Kudelski, a non-swimmer, disappeared while picnicking near the lake with his wife. His body was later found 400 feet from shore in nine feet of water by other swimmers, who began a search for the man at his wife's request.

Kudelski had been missing for about two hours before his wife sought help in finding him. The drowning is being investigated by Coroner Dr. G. L. Blackwell of Bradford. No inquest has yet been decided upon, according to Whitechurch police.

On August 4, four-year-old Karen Geisler of Don Mills was drowned about 100 feet away from a red-off area, which is attended by a life-guard. The week before, on July 28, a 47-year-old Toronto man, William Solowinski, drowned in the middle of the lake after losing his grip on an inner tube. His death will be probed by an inquest August 29 in Whitechurch Council Chambers, Vandorf.

All three victims were non-swimmers, Whitechurch police point out. They describe the lake as being of varying depths and thick with weeds in parts. There is a roped-off area for children on the north beach, where there is a life-guard.

Constable Carl Hawthorn says he cannot recall a previous drowning in the lake since he joined Whitechurch Police Department five years ago when the station was established in Vandorf. Preston Lake has only been "opened up" for swimming in the past three years, he says.

A private swimming pool in Thornhill was the scene of another drowning tragedy on August 6. Mrs. Millie Albery, 47-year-old mother of two teenage boys, was found dead in 7 1/2 feet of water in a pool at 21 Thornebank Road by Mrs. Gladys Trow, the pool owner.

Mrs. Albery, of 33 Thornebank Road, had been invited by Mrs. Trow to use the pool at any time.

A post mortem established death as from drowning, Vaughan Township police say. Mrs. Albery was a non-swimmer.

Her husband, John, is a civil engineer working on a construction job north of Winnipeg.

A 47-year-old Richmond Hill woman, Marjorie Rosalee Hillaby, of 353 Markham Road, is in St. Michael's Hospital, Toronto, with serious head injuries and a broken leg, police report.

Mrs. Hillaby was hit by a 1966 Volkswagen fast-back driven by Beverly-Ann Everard, 19, of 241 Elka Drive, Richmond Hill, while crossing Newkirk Drive, near Centre Street East at about 3:30 pm August 7.

Two eyewitnesses, Mrs. Anna Bucci, of 58 Crosby Avenue, Richmond Hill, and Mrs. Anna Parola, 161 Lawrence Avenue, Richmond Hill, say Mrs. Hillaby was half-way across Newkirk Drive when she looked north and saw the car coming. She then started to walk faster but strode right into the car as it swerved to avoid her, they say.

After she was struck she landed on her head.

The eyewitnesses, who both work at Texas Instruments Incorporated, Centre Street East, were standing on the corner of Centre Street, waiting to cross Newkirk Drive at the time.

Mrs. Hillaby was rushed to York Central Hospital, but after an examination there, she was taken to St. Michael's Hospital, where she underwent surgery for 10 hours, according to Constable Dick Witteman, who investigated the accident.

Her condition is described by the hospital as "unchanged and very serious."

Mrs. Hillaby has two daughters, Mrs. Sandra DiVicenzo, 21, of 132 Woodlane, Richmond Hill, and Barbara, 17, of 353 Markham Road.

Weekend traffic was heavy but not as constant as over July weekends, police in Richmond Hill and in surrounding townships say. Relatively few accidents occurred, none serious.

Vaughan Township police report a steady flow of cars over the weekend to Boyd Conservation Area Park, on Islington Avenue, north of Pine Grove, where the attractions are a swimming pool on the Humber river and wooded nature trails.

A charge of failing to remain at the scene of an accident has been laid against William Wallace, 19, of 21 Harriet Street, Toronto, by Markham police.

Wallace, driving a 1959 Ford, struck a 1963 Comet owned by John Strathern, Altona Avenue, Toronto, when pulling out of a service station on Don Mills Road, about half a mile south of Highway 7, August 11.

The left side of the Comet was demolished, says Constable Bob McCausland, who investigated the accident.

Wallace drove off, but was followed onto the Don Valley Parkway by a service station attendant, Richard Woodcock, of 42 Montford Drive, Willowdale, who was able to provide Markham police with the licence number of the fleeing car.

Two Metro cruisers spotted Wallace, gave chase and finally stopped him, but only after he had damaged both cruisers. He was subsequently charged with criminal negligence by Metro Police.

Wallace appeared in court in Toronto August 12 on both charges and was remanded.

Four Richmond Hill residents were slightly injured in a rear-end collision involving two cars at the intersection of Highway 7 and Concession 3, August 10, Markham police report.

Kenneth Archibald, 33, of 29 Elizabeth Street South, was making a left turn onto Concession 3 when hit from the rear by a car driven by Muriel Gannett, 50, 75 Rockport Crescent, causing \$600 damage to her car and \$200 damage to Archibald's car. She was taken to York Central Hospital with her passenger, William Burrows, 37, of 75 Rockport Crescent, with cuts and bruises. Mr. Archibald's wife Shirley was a passenger in his car.

Charges are pending.

Vaughan Township police investigated two minor accidents over the weekend. On August 10 a car driven by Frank Porter, 37, of 5 Orion Crescent, Richmond Hill, was southbound on Denham Drive, Richvale, when it rounded a curve and struck a parked car owned by David W. Clark, 68 Denham Drive. Total damage was \$300. Constable W. Hill investigated.

On August 11, Joseph Farrugia, 34, of 210 Sheppard Avenue East, Willowdale, was turning north onto Weston Road from the 400 Drive-In Theatre when he hit a car driven by Robert Dickie, 16, of 210 Empress Avenue, Willowdale.

Three Vaughan Township fire trucks raced to a house on Lot 58, Concession 1, near Yonge Street summit, on Monday afternoon, August 12, to put out a fire in the roof.

The fire was quickly extinguished by 13 firemen, but not in time to prevent the destruction of the roof. Damage is estimated at over \$2,000.

Mr. Dibb was burning brush at the back of the house, when sparks from the brush set fire to the roof shingles.
