

NORMAN BLACK
Realtor Norm Black
Director TREB Board

Prominent Richmond Hill realtor Norman Black of Norm Black Realty Limited was elected director of the Toronto Real Estate Board at its annual meeting, December 3.

The 5,500 member board is the largest of its kind in the world. This year it did \$425 million worth of business through its multiple listing service.

Elected president of the board was Douglas Albert Brownridge of E. T. Brownridge and Company, Toronto.

Mr. Brownridge told the board that its gravest challenge "is to build a quality society, one in which we manage not just to preserve the delicate balance between the needs of our people and the natural resources of our land, but actually to improve the heritage which has been handed to us."

Mr. Brownridge charged that urban expansion in the past had been "sprawling, space-consuming, unplanned and uneconomic."

He urged that realtors be invited to serve on planning authorities and other public bodies, boards and commissions.

Other officers elected at the meeting were Len Cassidy, Len Cassidy Realtor, C. M. Docherty, Mees & Docherty, Maurice Lamond, Mann & Martel, Paul McArthur, Paul McArthur Realtor, James Mizzi, James Mizzi Real Estate, Maurice Park, M. W. Park Realtor, Tuffy Zidner, Zidner Real Estate Limited, Mrs. Cherry Carnon, Mann & Martel, C. J. Hull, Robert Case Limited, and J. J. Barnicke, chairman of the investment-commercial-industrial division.

OIS Research In Hill Schools

Richmond Hill Public Schools will become a research laboratory again, the school board decided at its meeting December 4.

This time it will be the Ontario Institute of Studies which will be carrying on research on the theory of learning. Grade 7 pupils will be involved in learning vocabulary for 15 minutes per day for 15 days.

Internship Plan
The cost of the internship program in Richmond Hill Public Schools has been \$2,150 for each internship, plus the cost of the time of teachers and supervisory personnel involved. Superintendent Gordon McIntyre reported at the December 4 meeting of the school board.

In return for this investment, Richmond Hill and the teaching profession have gained the services of five persons of high qualifications who probably would not otherwise have become teachers.

The new York County Board of Education will have to approve the internship plan before April 1 next year, if any more teachers are to be trained in this manner. Recent development in teacher education and a growing number of students seeking qualification as teachers may make a considerable change in this program in the near future, Mr. McIntyre said.
