High School Sports

Cheerleaders And Basketball The fight between the schools is still on!

The cheerleaders travel from school to school to cheer their team to victory. Sometimes they are successful and other times they are not.

On the basketball court the players are hot, wet with perspiration, and determined to win the game. On the sideline is the coach who is just as determined to see his team come through.

LANGSTAFF VS. THORNHILL On November 6 the Langstaff teams (Jr.,

Int., Sr.) met the three Thornhill teams.

The Langstaff Seniors suffered badly under Thornhill's relentless attacks on goal. Although Bob Arbuckle fought bravely and valiantly as a guard, the Thornhill sharp-shooters — especially Rich Burton - still managed to get the ball around him and into the basket.

The Thornhill boys were guarding so well that the Langstaff boys just couldn't get close enough to score often enough. The final score was 72-22 for Thornhill. The Langstaff Seniors are coached by Robert Mallette. So far the team has won one game and lost two.

The Thornhill boys are coached by Jay Hooper. The junior team was also defeated by Thornhill, but not quite as drastically. The final score was 27-23.

Thornhill's outstanding scorer in this game was Mark Coady. Glen Croater who is usually the leading scorer was absent from the game. The Thornhill team is coached by Peter Hiscott. The Langstaff team, which has won 1 game and lost 2, is coached by Doug Rutlidge.

The intermediate teams played the game as a race against time. The teams were about equally matched throughout the game. They took turns scoring and when time was up, the score was 31-30 for Thornhill, The Langstaff crew has won two games and lost one. The best player on the team is Doug Hancey who plays as a guard. The team is coached by Steve Herlihey. Dave Kirkland is Thornhill's outstanding intermediate player. James Gilchrist coaches this team.

By Pia Schenk

BAYVIEW

The senior team remains undefeated. On November 4 it met Richmond Hill High. The seniors chose to play a fast game again and Coach Dave Rutherford feels that the fast games are paying off for the team.

The intermediate team defeated the Richmond Hill team on the same day. The game was close, and at the end of the regular game the score was tied at 42-42. They played overtime and at the end of it Bayview was leading.

The Richmond Hill juniors defeated the Bayview juniors.

GIRLS' SPORTS

Most of the schools have just picked the basketball teams or are in the process of picking them. No games will be played until some time in January.

The Bayview archery team is also still practicing for the Georgian Bay meet. A full report will be given at the end of the meet.

* * * * * THORNLEA VS. WOODBRIDGE

The undefeated intermediate team was defeated in their fourth game of the season. I don't have any information on the game except that the team, coached by Bob McAlpine, was

defeated by Woodbridge. Woodbridge is now the undefeated team. They will meet Langstaff next week.

WRESTLING

Last week the Bayview wrestling team competed at Markham District High School. The competition was held more for fun than for real class competition. The boys, instead of being grouped in classes according to weight, wrestled with another boy who was approximately the same weight.

Bayview defeated Markham 38-36. The Bayview team is coached by Wayne Mortson. On December 11, they will compete against King City Secondary. On December 19, Bayview, King City and Markham District are going to compete in a tri-school meet at Bayview. It should prove to be quite an interesting meet.

THE SERVICE SE

TO THE RESIDENTS OF MARKHAM TOWNSHIP:

Being elected Deputy-reeve of Markham Township is an honour that I will always cherish. I shall endeavour to prove myself worthy of your confidence.

During my campaign I stressed the need for unification and co-operation for the well being of our Township. Recent comments by provincial authorities seem to indicate that regional or county governments are inevitable. If these changes are to be enforced then we must be prepared for them. Favourable results can only be achieved when we negotiate from a position of strength to effectively accomplish best results for the residents of Markham Township.

Will you do your part by keeping council aware of your interest and opinions? I personally would appreciate your views and ideas, as well as constructive criticism of my policies.

At this time, may I extend my sincere thanks to the many people who supported me. Further, may I express my gratitude to the many friends who helped throughout the campaign.

My family and I wish you a very Merry Christmas and a Happy and Prosperous New Year

Sincerely yours,

Anthony Roman
