

Public Schools Need More Teachers In Sept.

At a meeting April 21, York County Board of Education approved the employment of 1,198 teachers for county public schools for 1969-70, 34 more than are now employed. This includes 21 master and associate master teachers who will spend about 40% of their time teaching, and 15 teaching consultants who will spend all of their time teaching, as well as five special education consultants. It also includes principals, vice-principals, and special education teachers, with an overall ratio of one teacher to 25.6 pupils. Trustee Myrna Colbourne of the Town of Markham asked how many pupils this would mean to a classroom. Education Director Sam Chapman replied that class sizes varied from ten pupils in some special education classes to 35 pupils in some general classes.

York Home & School Has Annual Workshop

"The Year of Change" was the theme for the annual leadership conference of York County Council of the Ontario Federation of Home and School Associations. The conference was held April 14 at the Aurora Highlands Golf Club. Among those present were a representative from the York County Board of Education and several principals. Everyone present took part in group discussions on "Communication", "Interrelation Between Associations - County Boards and Councils", "Community Involvement" and other subjects. It proved to be a most informative workshop with a pleasant exchange of views. Conclusions and recommendations from the conference will be read at the annual dinner meeting of the association's council scheduled for May 27 at the Aurora Highlands Golf Club.

Board Reviews Effect Of Boundary Changes

York County Trustees want time to study staff recommendations for changes in school boundaries before approving them. They asked for more time to consider the effect of moving children from one school to another. Many transfers of pupils were recommended in the report in order to reduce the number of portables needed, and to equalize the size of classes. As it stands, adoption of the report which was presented to the board April 21, would result in closing of six one and two-room schools, and two four-room schools. Many of these would be accommodated in the new Nobleton Senior School and the Whitchurch Highlands School which is due to open in September.

Professional Engineers Will Meet On May 12

The final dinner meeting of the 1968-69 year of the York Chapter of the Association of Professional Engineers will be held May 12 at 6:30 pm at the Summit Golf and Country Club, Jefferson, approximately 3 1/2 miles north of Richmond Hill on Highway 11. There will be a guest speaker and the executive for 1969-70 will be elected. All members are requested to be present to participate in the business of their chapter.
