Markham Township children who have been attending summer playgrounds at four locations in the township raised approximately \$75 August 5 at "Penny Carnivals". The money will be used to purchase sports equipment and games for the Crippled Children's Centre in

The playgrounds have been held at Woodland, Bayview Glen and Baythorn Public Schools in the Thornhill area and at Crosby Park in Unionville.

The carnivals featured guessing contests, baseball throws, auction sales, booths for white elephants, baking, freshie, a fish pond, computers. Probably the most popular event was hitting the group leaders with a sponge in a target game.

In the picture above, one of several youngsters who served as auctioneers, holds the interest of his customers as he offers articles for sale to the highest bidder in pennies at Baythorn Public School.

The second season of playground programs in Markham Township ended on August 13 when the children entertained their parents at an evening program. Reports are that 1969 was a most successful season.
