

German Mills Community Centre Board

Appointed By Bylaw For 1969-70 Term

The new German Mills Community Centre now has a legally constituted board — for the balance of the year.

For nearly a month, appointment of a board of directors to administer the community centre, established in the former German Mills Public School, as been "hanging" as Ward I Councillor Al Sumner and Deputy-reeve Anthony Roman battled over who should serve.

Mr. Sumner, who finally won, maintained that for the remainder of this year the Markham Parks and Recreation Committee should serve as the new centre's board, while Mr. Roman opted for a board composed of residents living in the immediate area.

A council resolution submitted November 3 recommending that council adopt in principle that the members of the parks and recreation committee be appointed to the board touched off a new exchange between Messrs. Roman and Sumner.

Mr. Roman said that to appoint the members of the township parks and recreation committee and ignore local representation would be setting a precedent.

He was supported by Ward 2 Councillor James Jongeneel, who urged that Arthur Toogood of Unionville be dropped as a member of the German Mills Board and Mrs. Lionel Frost of Thornhill be appointed as a member.

Mr. Jongeneel presented a motion naming Mrs. Frost a member of the board and dropping Mr. Toogood, but the motion was defeated with Reeve Stewart Rumble and Councillors Sumner and Eldred King voting "nay" on a polled vote.

On a second recorded vote appointing the parks and recreation committee as members of the community centre board, only Messrs. Roman and Jongeneel were opposed.

Later, council gave third reading to Bylaw 2503 establishing the German Mills Community Centre and naming George Metcalf, George Greer, Zoltan Berta, Mrs. Kay Greenwood, Mr. Toogood and Councillors Sumner and Jongeneel as its board for the balance of the year.

"Next year, we should review this whole question of community centre boards," said Mr. Rumble during the discussion.

Your Help Is Needed

Miss Carol Fox, 126 Glen Cameron Road, who is teaching on the Poplar River Indian Reservation in Northern Manitoba, was flown home for treatment following an accident at that isolated point. She hopes to return to her teaching duties in a few days.

She reports that the many parcels mailed her to help clothe the students are beginning to arrive. The reservation can be reached only by plane and there is no regular mail service.

Many neighbors have contributed small games, dolls, toys and books, new mitts and toques, candy and hot chocolate to make it possible for Carol to treat her pupils to a real Christmas party this year. There are 195 children in the school.

She expressed heartfelt thanks to the CGIT, who each sent a gift to an Indian child. Her mother, Mrs. Rose Fox, is working steadily packing and mailing parcels as the donations come in.

While Carol was here, Mrs. Joy Gould, Morgan Avenue, held a meeting to plan future help and to find out what is the greatest need. Carol reports the children are desperately in need of warm clothing. Ideas to raise money for postage are also needed.

Sympathy
Former friends and neighbors of Sandy Hansen were saddened to hear of his sudden death November 5. Sympathy is extended to his wife Bette and children Laurel, John and Bob. Formerly of Woodward Avenue, they now reside in Maple.

Ninety-one members of the Toronto and District Liberal Women's Association travelled by train to the capital and watched Parliament in session as the Speech from the Throne was debated. They also toured the mint and some members visited the National Art Gallery.

Barney Danson MP, York North, invited the ladies from his riding to have dinner with him in the parliamentary dining room. Senator Arthur Dobbie joined them.

Birthdays
Belated birthday greetings are extended to Peter Wilson, 91 Morgan Avenue, who celebrated his fourth October 27; to Bruno Tomasso, Morgan Avenue, who was 11 October 28; and to Karin Dysart, 115 Morgan Avenue, who was 14 October 30.

Yield 9 1/2% Interest \$269,000 Debentures

In 1967 Vaughan Township issued debentures in the amount of \$209,000 to pay for the development of Carrville Well 2 \$100,000, purchase of a works building (Mirawall) \$80,000 and construction of Kleinburg Fire-hall \$29,000. The debentures were printed but were not sold because of unfavorable market conditions.

The principal and interest for the years 1968 and 1969 were paid from current funds — \$14,500 in 1968 and \$15,500 in 1969, leaving a balance of \$179,000.

Township council decided at its November 4 meeting to offer for sale these debentures which carry a 9 1/2% interest rate, along with \$90,000 debentures for construction of a hydro-electric substation on Bathurst Street dated December 15, 1969, bearing 9 1/2% interest.

Since the township will require considerable capital funds next year, it was reported that it was felt that now is the time to sell these debentures.

The sale will be handled by Harris & Partners and Burns Bros. & Denton Ltd. of Toronto. Offering price of the \$179,000 1967 issue is \$92.64 per \$100 debenture which will yield 9 1/2% interest. Less the commission of 50c, the net return to the township for each \$100 will be \$92.14. Offering price of the \$90,000 1969 debentures is \$100 which will yield 9 1/2%. Less the commission of 50c, the net return to the township will be \$99.50 per \$100.

drivers for the aged, volunteer drivers, recreational activities, or tutoring projects to contact them by writing to Help Mate, 9000 Bathurst Street, Thornhill.

Further to our item about Burlington Outdoor Resources Centre (BORC) in last week's issue, we have a few more interesting details.

The most expensive items in the school are probably the overhead projector, the 40 power stereoscopic microscope, a bioscope which enlarges microscopic images and projects them on the wall and a set of classroom binoculars. The library section has many books on birds, insects, surveys and fossils. There are dip nets for pond surveys, shovels for making soil profiles, measuring devices for everything and even a drawer full of mittens for children's emergency use, galoshes, sets of weatherproof hooded jackets, snow pants and hip waders and finally a variety of live traps for small mammals.

Behind the acquisition of almost every item lies an interesting story, since BORC was set up for less than \$3,000. The snowsuits were made from off-color runs of RCAF fabric by a Port Credit firm, a local firm supplied the plastic bags and another donated small specimen bottles. Ron Ritchie, a former Richmond Hill teacher is with BORC full time, Anne Wasserfall, a young teacher's aide has been involved with natural science all her life and the third member of the staff is Bert Howes, who lectures the youngsters on geographical, geological and industrial features of the landscapes.

On November 17 at 8 pm, the women of Christ the King Lutheran will meet at the church to continue learning new crafts and hobbies and exchange ideas for projects. The hobbycraft and bake sale will be held at the church November 22 from 11 to 3 pm. A special attraction this year in addition to the decorator treasures, Christmas gifts, etc. is a collector's item, unique stamps from foreign countries.

A young people's special program by the congregation and the community of Christ the King Lutheran will be presented November 16 from 7 to 9 pm, featuring Danny Goldring and His Swinging Guitar from Richmond Hill. Sing your favorite folk songs or bring your guitar and join Danny — admission is just 25 cents each.

Congratulations to the young people of Emmanuel Anglican, who have made such a good job of painting the church hall.

Pennies being collected each month are to go to the support of a foster child. It has been decided that a child in India will be the recipient of the help of Emmanuel's ACW.

The ACW are now selling tickets for the annual poinsettia tea and bazaar at Emmanuel Anglican to be held November 22 from 2 to 4 pm. Christmas decorations, hand-knit items, candy, aprons, white elephants, baked goodies and refreshments will all be available, but come early for best selection.
