

BRUCE KING

Hydro Promotion

Appointment of Bruce King, 44, to the position of operations supervisor for Ontario Hydro's Newmarket Area, effective January 1, has just been announced by M. E. Crompton, Newmarket, manager.

Mr. King, who is presently line foreman in the Richmond Hill Area, has had broad technical and administrative experience with the construction division and with regions since 1943. It was in April of that year, that Bruce King became a member of Ontario Hydro's staff on leaving high school. He started as a groundman.

Born at Cloyne, Mr. King was educated at Cloyne Public School and Flinton High School. During World War II, he served in the Royal Canadian Navy from 1944 to 1946.

On his return to Ontario Hydro he worked as a line-man, and then was foreman on line construction. Later he was an auxiliary crew foreman for line maintenance. He subsequently was made area foreman at Woodbridge.

Mr. King is married and he and his wife, Jean, have a daughter, Cheryl, and a son, Robert. The family lives at 9 Rockport Crescent in Richmond Hill.

1,300 Homes Possible

Cancel Meeting On Nobleton Subdivision

A scheduled meeting November 12 between Village of Nobleton Trustees, King Township Council, King Township Planning Board and Nobleton Developments Limited has been canceled at the request of the development company.

Reeve Gordon Cook said he has been advised the company is not prepared to produce its proposal at this time and the meeting will not be held until after the December 6 municipal elections.

The meeting was requested by the village trustees, who are seeking assurance that sewer and water services could be provided.

On November 4 Mr. Cook told council he is in favor of Nobleton being serviced.

The Police Association Postpones Fall Dance

The fall dance originally planned by the Richmond Hill Police Association has been postponed.

Constable Ken Paton, entertainment chairman, said there is not enough time to arrange as gala an affair as had been planned so his committee is directing all of its efforts to plan for another police association dance scheduled next spring.

"Next year we hope to have both the spring dance and a fall dance," he said.

The entertainment committee is also making preliminary plans for a police association-sponsored hockey spectacular, also to be held next spring.

Constable Paton said members of the police team are getting in shape for the contest which will feature a well-known team. Who the police opponents will be has not yet been decided, but the entertainment chairman promises it will be a top contender.

"If they go about getting services through proper channels," but the planning board has raised questions about allowing "massive development" in King Township.

"Until we have received the Official Plan, we don't know how far we can go in any direction without having the answers we need," said the reeve.

"We have been hearing about this proposal for eight months now, but never has the developer made a submission to council or the planning board. If this is so urgent, we will have to deal with it in the next couple of weeks, but we should have heard what is planned months ago," he added.

Deputy-reeve Ken Mactaggart observed that the village trustees are as concerned as township council.

"We wouldn't be so far off base in considering this," said Councillor Gordon Rowe.

"It isn't as if this development were in the middle of nowhere."

Mr. Rowe also questioned the authority of the planning board in asking that the proposal first come before the planners before going to council.

"The planning board can't decide who I should not meet," he told council.

Mr. Cook added that servicing the Nobleton area is now being studied by the Minister of Energy and Resources and until this study, along with approval of the Official Plan, is completed, council won't know where it's at.

"This is a project of immense magnitude and we have to explore every avenue to determine how much it is going to cost to provide services. These decisions are going to have to be made and we just can't sit on our hands and do nothing until after the election," said Councillor Ernie Crossland.

"This development would be a financial advantage whether we are sitting here or someone else is sitting here when it goes ahead," added Councillor Cyril Flinders.

"I agree with the concept of such a built up area and the only way we can get this is to have a principle of providing sewerage," added Mr. Rowe.

"Development has to be in built up areas and this is such a development," said Mr. Flinders.

"I think the statement that there will not be sewers in King is ludicrous," observed Mr. Crossland.

"The first thing that has to happen is an economic study on how this will affect the township by the planning consultant of the township and county," added Mr. Cook.

"We are not going to decide to go ahead with this right now, this would be a fact-finding meeting, but this is going to come someday and we have to be prepared," said Mr. Crossland.

"Yes, we have to have some kind of study to decide what impact 1,300 homes will have on the community. We'll set the meeting for November 12," said Mr. Cook.

"Council has questions which must be answered, let the developer give us some of the answers," added Mr. Mactaggart.

Sunday Sports Too Late King Ballot

A request by Dr. Hywel Jones, chairman of the Schomberg Arena Board, that allowing Sunday sports be included on the ballots for this year's municipal election on December 6 was "too late" King Township Council decided when it met November 4.

Clerk Harold Rose said the request would have to have been dealt with prior to November 1 to be valid.

"At this late date it is impossible to have the question of Sunday sports," observed Reeve Gordon Cook.

"We should write the arena board advising that if Sunday sports are desired in the future, they make a much earlier application to have the question included on the ballot," said Councillor Gordon Rowe.

Six Get Rabies Shots At Schomberg

Tisa Farrow, 18, the younger sister of film star Mia Farrow, former wife of Frank Sinatra, was forced to take the painful series of 14 anti-rabies shots along with two other members of the cast and crew of the motion picture "Homer" being shot in the Schomberg area.

Miss Farrow, who is playing the lead female role, her actress friend Trudy Young, of Toronto, and a member of the filming crew had played with a cat on the Wilfred Fuller farm later found to be rabid after it attacked the family's pet dog.

Also forced to receive the shots was five-year-old Tracey Fuller. The Fuller farm is located on Concession 12 of King Township.

Quarantine restrictions have been placed on several farms in the Tottenham-Schomberg area as a result of the spread of rabies first detected in York County.

Harold Tomlinson and his son, Murray, of RR 3, Schomberg, are taking the shots after attending a cow that later died of rabies. His 80-head herd has been quarantined.

William Lipsett, of Schomberg, also has 63 of his 140 head of cattle under quarantine after los-

ing a cow while Stuart Cairns, of Tottenham, has had 35 head of cattle quarantined after losing a two-year-old heifer.

Greg O'Leary, of Tottenham, has 11 horses in quarantine after they were chased by a rabid fox. One of the horses was found to be rabid.

Skunks and foxes are being blamed for the increase in rabies and Dr. O. W. Kelton, veterinarian in charge of York County for the Ontario Department of Agriculture and Food, blames the increase in rabies on the unusual rise in the red fox population this summer.

Richmond Hill, Ont., November 7, 1969.
R. LYNETT
Returning Officer

AN INVITATION TO THE CITIZENS OF RICHMOND HILL TO ATTEND NOMINATION NIGHT

from William C. Lazenby, a candidate for the office of MAYOR for 1970-71

Civic meetings are rare occasions in the Town of Richmond Hill and although rare these meetings are usually poorly attended. I would like to request your attendance at nomination night this year which will be held at 7:30 p.m. Monday, November 24th in the auditorium of Richmond Hill High School on Wright Street.

This meeting will give each citizen the opportunity to hear the candidates contesting the various seats in the December 6th elections for Council and for the Hydro Commission and to question the candidates personally afterwards.

I am standing this year as a candidate for the office of Mayor of your municipality. I feel that those citizens interested should be afforded the opportunity to learn about the changes which the provincial government wishes to make in the structure and boundaries of the local and county levels of government. I feel that your local representatives on this Council should be ready to present and discuss plans and data with the provincial representatives and be able to procure by negotiation and compromise where necessary, an expanded area of local administration and (where possible) retain as many local areas of responsibility as feasible.

In this term there will also be other major concerns — Yonge Street Reconstruction, its physical, commercial and traffic problems and the initiation of a youth programme which will assist the bewildered youth of this town to find a solution to their problems and to find their individual goals in this community and their future.

I have served on your local council for the past six years — 2 one year terms and two 2 year terms — as a Councillor representing Ward II. During these years I have served on various committees — Finance, of which I have been vice-chairman for six years; Personnel, which I have chaired for five years; Industrial, which I chaired in my initial year; and the Police & Fire Committee and Transportation & Parking Committees.

I have served as Council representative on the Arena Board for six years; on the York Central Hospital Board for three years; on the Victorian Order of Nurses Board and on the Day Care Centre Committee. I was also involved with the initial stages of establishing senior citizens apartments and acted as secretary of the Building Committee for the new arena. Prior to being elected to Council I served four years on the Committee of Adjustments, the last year as Chairman.

Outside of the political arena I have served as rector's warden to the Church of St. Gabriel (Anglican); as president of the York County & Area Pharmacists' Association; and at present as chairman of the newly established executive committee of the Order of St. John York Central Branch.

On the personal side, I was born in Kingston, Ontario, brought up and educated in Belleville, Ontario, attended the University of Toronto and graduated from the Faculty of Pharmacy in 1957 with the degree of Bachelor of Science in Pharmacy. Evelyn, whom I married in 1952, and I moved to Richmond Hill in August of 1957. I have owned and operated Allencourt Pharmacy Limited since its establishment in 1959. Through this pharmacy I have sponsored bowling teams, minor hockey teams and have financially assisted local football and have served personally on the Richmond Hill Road Races Committee.

The pharmacy also co-operates with the local Red Cross in the operation of a loan cupboard for hospital appliances, etc. At present besides myself my pharmacy employs twelve residents of Richmond Hill and seven high school students on a part-time and summer basis.

My wife and I resided for the past twelve years at 433 North Taylor Mills Drive and just recently moved to 24 Knollside Drive. We have three children, Carolynne 12, Christine nearly 9 and Bill Jr. nearly 5 — a cat, six guinea pigs and a few tropical fish.

May I suggest that when you feel in the future that you have a civic complaint about your municipal administration, you ask yourself these questions:

- Did I exercise my franchise to vote at the last municipal election?
- Do I know who is representing me at the municipal level?
- Have I listened to the views of the candidates who wished to represent me?
- Be able to answer all of these questions with an affirmative "Yes".
- Be present at nomination night Monday, November 24th.
- Vote for the candidates of your choice Saturday, December 6th.

Sincere thanks for your indulgence.
WILLIAM C. LAZENBY

ELKS NOW IN OUR 42nd YEAR

Knits by Aristocrat
