

**Rabbits Beware!**

If you happen to be a rabbit or fox living south of Highway 7 in Markham Township — BEWARE!

One of these days in January you're going to be the target of eight guns.

Township council has given permission to Jim Hunt of Markham to hold a one-day hunt sometime in January.

Council made its decision to permit Mr. Hunt to hold the hunt at its December 15 session after hearing that farmers in the area had complained about the surplus rabbit population.

Mr. Hunt had obtained permission from area farmers to trespass on their property.

Council approval for the hunt was necessary since there is a bylaw which prohibits the discharge of firearms in that area. Police Chief Harvey Cox has also endorsed the hunt.

**Markham Council Briefs**

Value of building in Markham Township for the first 11 months of this year has been reported at \$12,660,995 down \$3,232,630 in comparison with the same period in 1968.

For November however, building permits issued had a value of \$703,000 one of the highest in the past seven years.

New single family detached dwellings accounted for \$405,000 of this amount and addition to dwellings \$5,900.

Value of additions to industrial buildings was estimated at \$216,000 and to commercial buildings at \$40,000. Permits were issued for three agricultural buildings at a total value of \$16,000.

A bylaw will be prepared for rezoning to commercial lands in Lot 11, concession 5 between the 5th Line and including White Rose Nurseries property for a depth of 400 feet.

The application for rezoning was presented to council by Cloverdale Campers Ltd. to permit sale of campers on the property.

Council decided at its meeting December 15 that the planning board would hold public meetings on the rezoning prior to council giving consideration of the bylaw.

Council has approved a planning board recommendation that zoning be changed to R2 on the east side of German Mills Road to the cul-de-sac and for the lots backing on to Milmar Court properties and lots north of the cul-de-sac to be unchanged.

Planning board had made its recommendation after receiving representations on behalf of certain residents of Milmar Court concerning the proposed draft of J. F. M. Developments Ltd.

Council passed a bylaw to amend Rural Bylaw 2325 to permit the construction of a 100-bed nursing home on 18th Avenue by Fedyna Construction Company of Markham Township.

Consideration will be given by council to the tender of Cafagna Bros. Construction Ltd. in the amount of \$1,059,949 for Phase 2 of the Don Mills Industrial servicing project. Ten tenders had been submitted for the work.

The area is bounded on the north and south by Steeles Avenue East and the CNR-Toronto bypass and east and west by the proposed Highway 404 and the hydro transmission line.

Installation of services on Pomander Road was approved by council and will be constructed under the Local Improvement Act.

Council approved the appointment of Mrs. Mildred Toogood, Unionville as its representative on the township library board for a three-year term.

A decision to appoint council representatives on the Metro Conservation Authority was deferred until some councillors have the opportunity to meet one of the current representatives, Everett Harper of Unionville, township gamekeeper. The other representative is Ward 1 Councillor Allan Sumner.

OPP District 5

**Fatalities Up 29% In First 10 Months**

A 29 percent increase in fatal accidents in Ontario Provincial Police District 5 was recorded in the period ranging from January 1, 1969 to October 1 of this year.

District 5 includes Downsview, Port Credit, Whitby, Brampton, Brechin and Oak Ridges Detachments.

Statistics over the same time span also revealed a 10.5 percent increase in personal injuries from accidents, a 10.8 increase in property damages.

District 5 handles 36 per cent of all motor vehicle activity in Ontario.
