Yellow Roses For Sorority Dance

Preparations are just about completed for the Yellow Rose Ball sponsored annually by Delta Lambda Chapter of Beta Sigma Phi Sorority, and three members are pictured above as they work on decorations for the gala affair. Left to right are Nelly Williamson, Elaine Balogh, and Dorrie Huckfield as they put the finishing touches on table centre pieces. The dance will take place in the North Thornhill Community Centre, the old Heintzman House, on Royal Orchard Boulevard on February 21. Proceeds will go to cystic fibrosis research and to the ARC Industries sheltered workshop for retarded adults in Richmond Hill.

Barn Burns Near Maple

Friday 13th Came Early To Firemen

It almost seemed as if the fates had their weeks mixed up and brought Friday the 13th to Vaughan Township Fire Department exactly seven days early.

Friday, February 6 the department had almost as many calls as it had so far this year.

And one of those five calls was the worst fire so far this year. Calls followed each other in quick succession and equipment and men were moved from station to station.

A barn and contents were destroyed north of Teston on Concession 5.

The barn fire provided a long, dirty and difficult 6 1/2 hour fight. Windows and

strong winds combined to act like a blow torch, spewing flames at other buildings, some no further than 15 feet away. Fire Chief James Davidson at one point suffered a scorching and a small burn to his cheek.

Three fire pumps and two tank trucks were used at the fire. It lasted from 9:51 am to 4:09 pm. The damage was estimated at \$6,000 for the barn and \$500 for hay, straw and equipment in the barn.

Owners of the barn were Paul, Luigi, Sam and Frank Lantorno of 18 Drury Lane, Willowdale. The building was insured and had been owned by the family for three years. It was rented to a neighboring farmer, Don Williamson. No animals were in the barn.

Firemen hauled water about five miles from Maple to fight the flames. A nearby milk house, well house and shed were saved.

The fire was discovered by an unidentified passerby who warned Mr. Williamson. Cause of the fire is not known, but electric wiring in the building was very old, the fire chief said.

Just two minutes after fire-

Traffic Signals For Newkirk?

Installation of traffic signals at Markham Road and Newkirk, Newkirk and Centre Street, Newkirk and Crosby Avenue and Newkirk and Elgin Mills Road, will be sought by Richmond Hill Town Council.

Approval of the appropriate authorities will be sought, it was decided last week, on the recommendation of the fire, bylaws and traffic control committee.

The traffic lights at these locations are warranted according to a traffic study carried out by J. T. Hewton and Associates of Toronto during the past few months.

men reached the station after fighting the barn fire, another call came in.

There was a flash fire at the paint shop of Aerosol Packaging Ltd., 8001 Keele Street. Two pumps and a ladder truck rushed out. This time fire damage was slight.

Vaughan Firemen had been called to Aerosol Packaging Ltd. the day before that black Friday, at 10:54 am, to fight a truck fire. The engine of a company truck was burnt out, the fire being blamed on a flooded carburetor.

Other Friday calls included an 8:35 am call to rush an inhalator apparatus to a heart attack victim at 33 Goodman Crescent, Maple.

There was a false alarm at 9:43 am at an unoccupied office building at 55 Glencameron Road, Thornhill.

At 6:47 pm firemen were called to a grease fire in a stove at the home of David Cork, 154 Baythorn Drive, North Thornhill. Mrs. Eugenia Cork said she and her husband had the fire pretty well out when the firemen arrived and there wasn't much more than a smoke problem. Mrs. Cork said a leaking pan must have let some fat run down inside the stove and started a fire when the oven was hot.

There were two other minor calls for Vaughan Firemen during the week.

February 8 at 2:11 pm on Bathurst Street at Highway 7 a car belonging to George Williamson, address unknown, caught fire when the left rear tire blew out.

February 5 at 10:16 am firemen were called to the B-P Service Station at 8248 Yonge Street to wash down some gasoline that was spilled.

Richmond Hill Firemen had a quiet week. The only call was February 5 at 8:40 to the home of John Kennedy at 705 Yonge Street North. Some furnace pipes were on fire and smoke had filled the house.

Space Problems

Board Battles Bingo Players For Parking

Trustees and officials of York County Roman Catholic School board are having parking problems.

The board meets on Tuesday evenings in the administration offices on Dufferin Street in Richmond Hill, directly to the east of St. Mary Immaculate Roman Catholic Church.

The church parking lot adjoins the board's parking lot, and there is bingo at the church on Tuesday night. Chairman Eugene Jacobs reported he had talked with church officials, and the bingo night cannot be changed. "It is an unwritten law that when you have a bingo you do not have it on the same night as another local bingo. If you change the night there is an immediate drop in attendance."

A suggestion that the board change its meeting night was also rejected, as trustees and officials had all arranged their own personal schedules a year ago when the board came into

being and had agreed that Tuesday was the most suitable night for the majority. One trustee suggested their hour of meeting be put forward from 8 pm to 7:30 pm, but Superintendent Joe Hodge assured him the board players have the lot pretty well filled by 7 pm. He admitted that his own car was across the road in the parking lot belonging to a business and professional building.

On the other hand, he said, both church and board parking lots are frequently filled during the day with cars belonging to people from adjacent to business. Trustees frequently have to leave a meeting to move a car that is blocking a bingo player homeward bound, or cars have to be left on the street.

The board agreed with Mr. Jacobs that "some kind of policing seems to be the logical answer." Regular open meetings of the board are on the first and third Tuesday of each month.

SCOUT-GUIDE WEEK

PARTNERS IN ACTION

FEB. 15 to FEB. 22

The Boy Scouts and Girl Guides of Canada will jointly observe a memorial to the founders of the movement during the week of February 15-22. By a happy coincidence, February 22 is the birth date of both Lord and Lady Baden-Powell.

The Scouts of York Summit District, which includes Richmond Hill, Oak Ridges, Jefferson, Unionville, Markham,

Need 11 Acres Markham Fire Tax Exemption

To be exempt from 90% fire protection taxes a Markham Township farm must now be at least 11 acres in size instead of five acres.

The exemption does not apply to buildings on the land.

This change came at last week's township council meeting.

When the tax exemption matter came up, Councillor Eldred King said there were many residential holdings of 10 acres in the township. Excluding them from taxes meant the exemption bylaw was defeating its own purpose, he said.

Councillor James Jongeneel said he urged a 25-acre minimum last year. A barn full of hay and other flammables was more of a fire hazard than a residence, he said.

Councillor King proposed an 11 acre minimum. This was the figure being used by a provincial committee studying farm assessment, he said.

Councillor Jongeneel said he thought the minimum should be higher, but that he would go along with Councillor King's figure, since half a loaf was better than none.

Deputy-reeve Anthony Roman voted against the raising of the minimum. Reeve Stewart Rumble supported the change.

Richvale, Langstaff and Thornhill, will, in commemoration, hold their 10th annual hobby and handicraft show February 23 at Bayview Secondary School, Richmond Hill.

A most important and interesting feature of this event will be the participation of the Girl Guides, who will present a display of their movement, under the direction of Area Commissioner Mrs. Marion Currie for York Area Guides.

The hobby show committee, under the chairmanship of Bill Harper, and including Norm Perry and Terry Bullen, has worked long and hard to ensure the success of this important event. The parents and interested friends of Scouting and Guiding are cordially invited to attend the show, between the hours of 1 and 7 pm. Your support will be appreciated.

York Summit District is a large one, comprising 22 groups. A group may consist of a Cub pack or packs, Scout troop or troops, a Venturer company and a Rover

crew. The total registration is 1,500 boys and leaders who operate under group committees, council executive and unit-formed staff.

Scout entries for the show will be grouped into 23 classifications, including Scoutcraft, woodwork, art, photography and nature collections. Cub entries will be grouped in 37 classifications, including nature, stamp and coin collections, bird houses and feeding stations and a variety of baking.

The judges are secured from various area clubs, school teachers, businessmen and hobbyists who possess the qualifications necessary.

Typical movies will be shown at intervals during the afternoon and a refreshment booth will be available.

Interest has increased each year among the Cubs, Scouts and Venturers and in 1969 more than 1,500 entries were listed.

Support Guiding and Scouting and enjoy the district hobby show, February 28.
