Ont. Hospital Patients Bowl Every Thursday

Through the generosity of Mr. and Mrs. Frank Price of ABC Bowl and Billiards, patients at the Ontario Hospital, Aurora, bowl every Thursday in Richmond Hill, the hospital care committee reported to the general monthly meeting of the York Central Association for the Mentally Retarded. The meeting was held February 17 at ARC Industries, 321 Enford Road.

Due to lack of funds this activity was available only every other week during part of 1969. The hospital care committee also gives a party, evening of entertainment or other social event for these patients every third Friday of the month.

Guest speaker was Administrator Bob McKenzie of the hospital. He stated the residents appreciate the efforts of the hospital care committee, whose program reaches all at some time or other.

Mr. McKenzie described some of the daily programs which began at the first of the year. In addition he described many changes which have occurred since he became administrator and others planned for the future.

He also described some features of the new Ontario Hospital, Aurora.

The next meeting of YCAMR will be held March 17 at Thornhaven School, 317 Centre Street East, Richmond Hill, at 8 pm. Please note time and change of place. Everyone is welcome to attend these meetings.

York County School Board Education Briefs

Don Head Secondary School on Vaughan Road, Richmond Hill, next to York Central Hospital, is having its official opening at 8.15 pm next Wednesday and the public is invited.

The students moved into the school, the first vocational school in the county, on January 5 after spending the fall term on a shift program at Richmond Hill High School.

Officials of York County Board of Education will be on hand for the ceremonies. Guest speaker will be Norman Siseo, director of Colleges of Applied Arts and Technology for the Department of Education.

Since all of the shops are not yet fully equipped, they will not be operating but visitors will have a chance to tour the school and will be invited to stay for refreshments prepared by students in the food services course at Don Head.

York County Board of Education, anticipating regional government for the county, sent two delegates with members of the Central Ontario Regional Development Corporation to a recent study session in Ottawa.

King Township Trustee David Bachly and Superintendent of Planning and Development Stephen Bacsalmasi reported back to the board on their impressions of the relationship between the Ottawa-Carleton Regional Government and its Board of Education.

They found there was little or no contact and no co-ordination of planning and development between the two bodies.

"It was clearly apparent that the Ottawa-Carleton Regional Government, at least at the present time, shows no interest concerning the problems of the school boards in borrowing capital for financing their building programs," they reported.

The visit, the delegates stated, had convinced them that the large civic government did not produce dramatic changes or shifts in the distribution of "basic interests" and boards of education should rely on their own ability to protect the interests of education in their own areas.

School boards have lost their preferred status in capital borrowing.

In a letter presented to the board at its meeting on February 9, the Ontario Education Capital Aid Corporation indicated that capital funds for the county school building program will be slower in coming and will be at a higher rate of interest than formerly.

While the corporation approved the purchase of \$657,000 worth of debentures by the board, it stated that rather than at the preferred rate formerly available to school boards, these debentures will be "at the effective rate of interest that is actually in effect at the date of purchase."

It also stated that the purchase of debentures will be delayed until the projects are substantially completed "or when budgeted funds are available to the corporation, whichever is the later."

The debentures are for an \$84,000 project in Markham Township; two in Aurora — one for \$105,000, the other for \$93,000; a \$350,000 complex in the BAIF Subdivision in Vaughan and \$25,000 for Markham District High School.
