### Neighborhood Notes

The concert of the York Chorals at Holy Trinity Church Hall was well attended and most enjoyable. Selections from "The King And I", "My Fair Lady" and some of the old songs were presented in the singers' usual delightful style. Several members of Nora Quinn's Studio performed the intricate steps of the Irish dances with charm and grace, appropriately dressed in green.

Angela Antonelli sang "Georgy Girl" and other members accompanied on the accordion by her husband Jerry Cingolani and on drums by their son, Mr. Cingolani then played "Spinning Wheel" and "Hey Jude" accompanied by his brother and son. As a finale the chorals rendered the "Hallelujah Chorus" from "The Messiah" accompanied by the accordion.

Richvale Lionettes' next euchre will be held Tuesday at the Lions Hall, Spruce Avenue at 8 pm with prizes and refreshments.

## Don Head Secondary School

### DON HEADLINES

Accompanied by Teachers Barry Bethune, Mrs. Jacklyn Marsh and Mrs. Ann Scott, students in horticulture and home management courses at Don Head Secondary School made a trip to the Home Show at the CNE grounds on April 3. The students found it a very worthwhile excursion. Their only criticism was that the time was too short.

### THE HOME SHOW

By Murray Rutherford and Lynn Midghall  
We left at 12:30 pm and got to the CNE Coliseum at 1:15. The first thing we saw was landscaping. We all thought it was beautifully arranged.

In the next section we saw the latest style of new home. There were two types — a two-story backsplit and a bungalow. The two houses were set up quite beautifully and very modern. Most of the articles were automatic.

After we left the condominium we were looking at several appliances: for instance the new way of washing your carpets and a new chair which massages your back till you fall asleep and then it would shut off automatically.

Then we came to the telephone room and saw an art display of telephones. We also saw the newest thing in garbage disposal. There was a rental store and you could rent anything from dishes to a lawn mower.

Then it was time to go. On the way out we saw a fashion show and then we had to leave.

### Neighborhood Notes

Birthday greetings to Ray Baker who will celebrate April 28.

The Stan Wood family was surprised on Tuesday last when Stan's niece, Isabel, her husband Alex and Carrie, Charlotte and George dropped in for the afternoon and evening. They had travelled from St. David's to attend the funeral of a close friend that day and drove out to Carrville.

The LOL euchre party held Friday evening at the home of Mrs. Carrie Read, Bathurst Street was most successful with visitors and friends enjoying the cards, social chatter and a delicious salad lunch.

Mrs. Carrie Read had a busy weekend with grandchildren Marie and Donnie Drury of Stouffville spending it with her, a visit from her nephew Howard Barnard of Kirkland Lake and guests Mr. and Mrs. Jack Caverly from Virginia Town, U.S.A.

The senior citizens will meet May 6 at 1:30 at the Lions Hall, 31 Spruce Avenue. April with five Wednesday is a little confusing for members who feel that it is a long time between meetings.

### Church News

There will be a special service at Carrville United on Sunday at 7:30 pm when Jim Bushell will receive his license to preach. Jim has expended many hours of study for this great occasion and the community congratulates him and his parents, Jack and Jean Bushell. Following the service there will be a social gathering with refreshments served in the church hall.

In preparation for this service the choir will hold a special practice Sunday morning following the service. All former members are urged to come out and join the choir on this occasion which is a great honor for Carrville United and the community.

**STOUFFVILLE:** Work has commenced on the new \$200,000 senior citizens apartment building on Elm Road. It will contain 22 suites serviced by a central elevator and will be electrically heated. The building should be completed by mid-fall.

## Mom...we're home!

Exuberant...noisy...hungry...demanding...children. You'd better believe it. And be prepared.

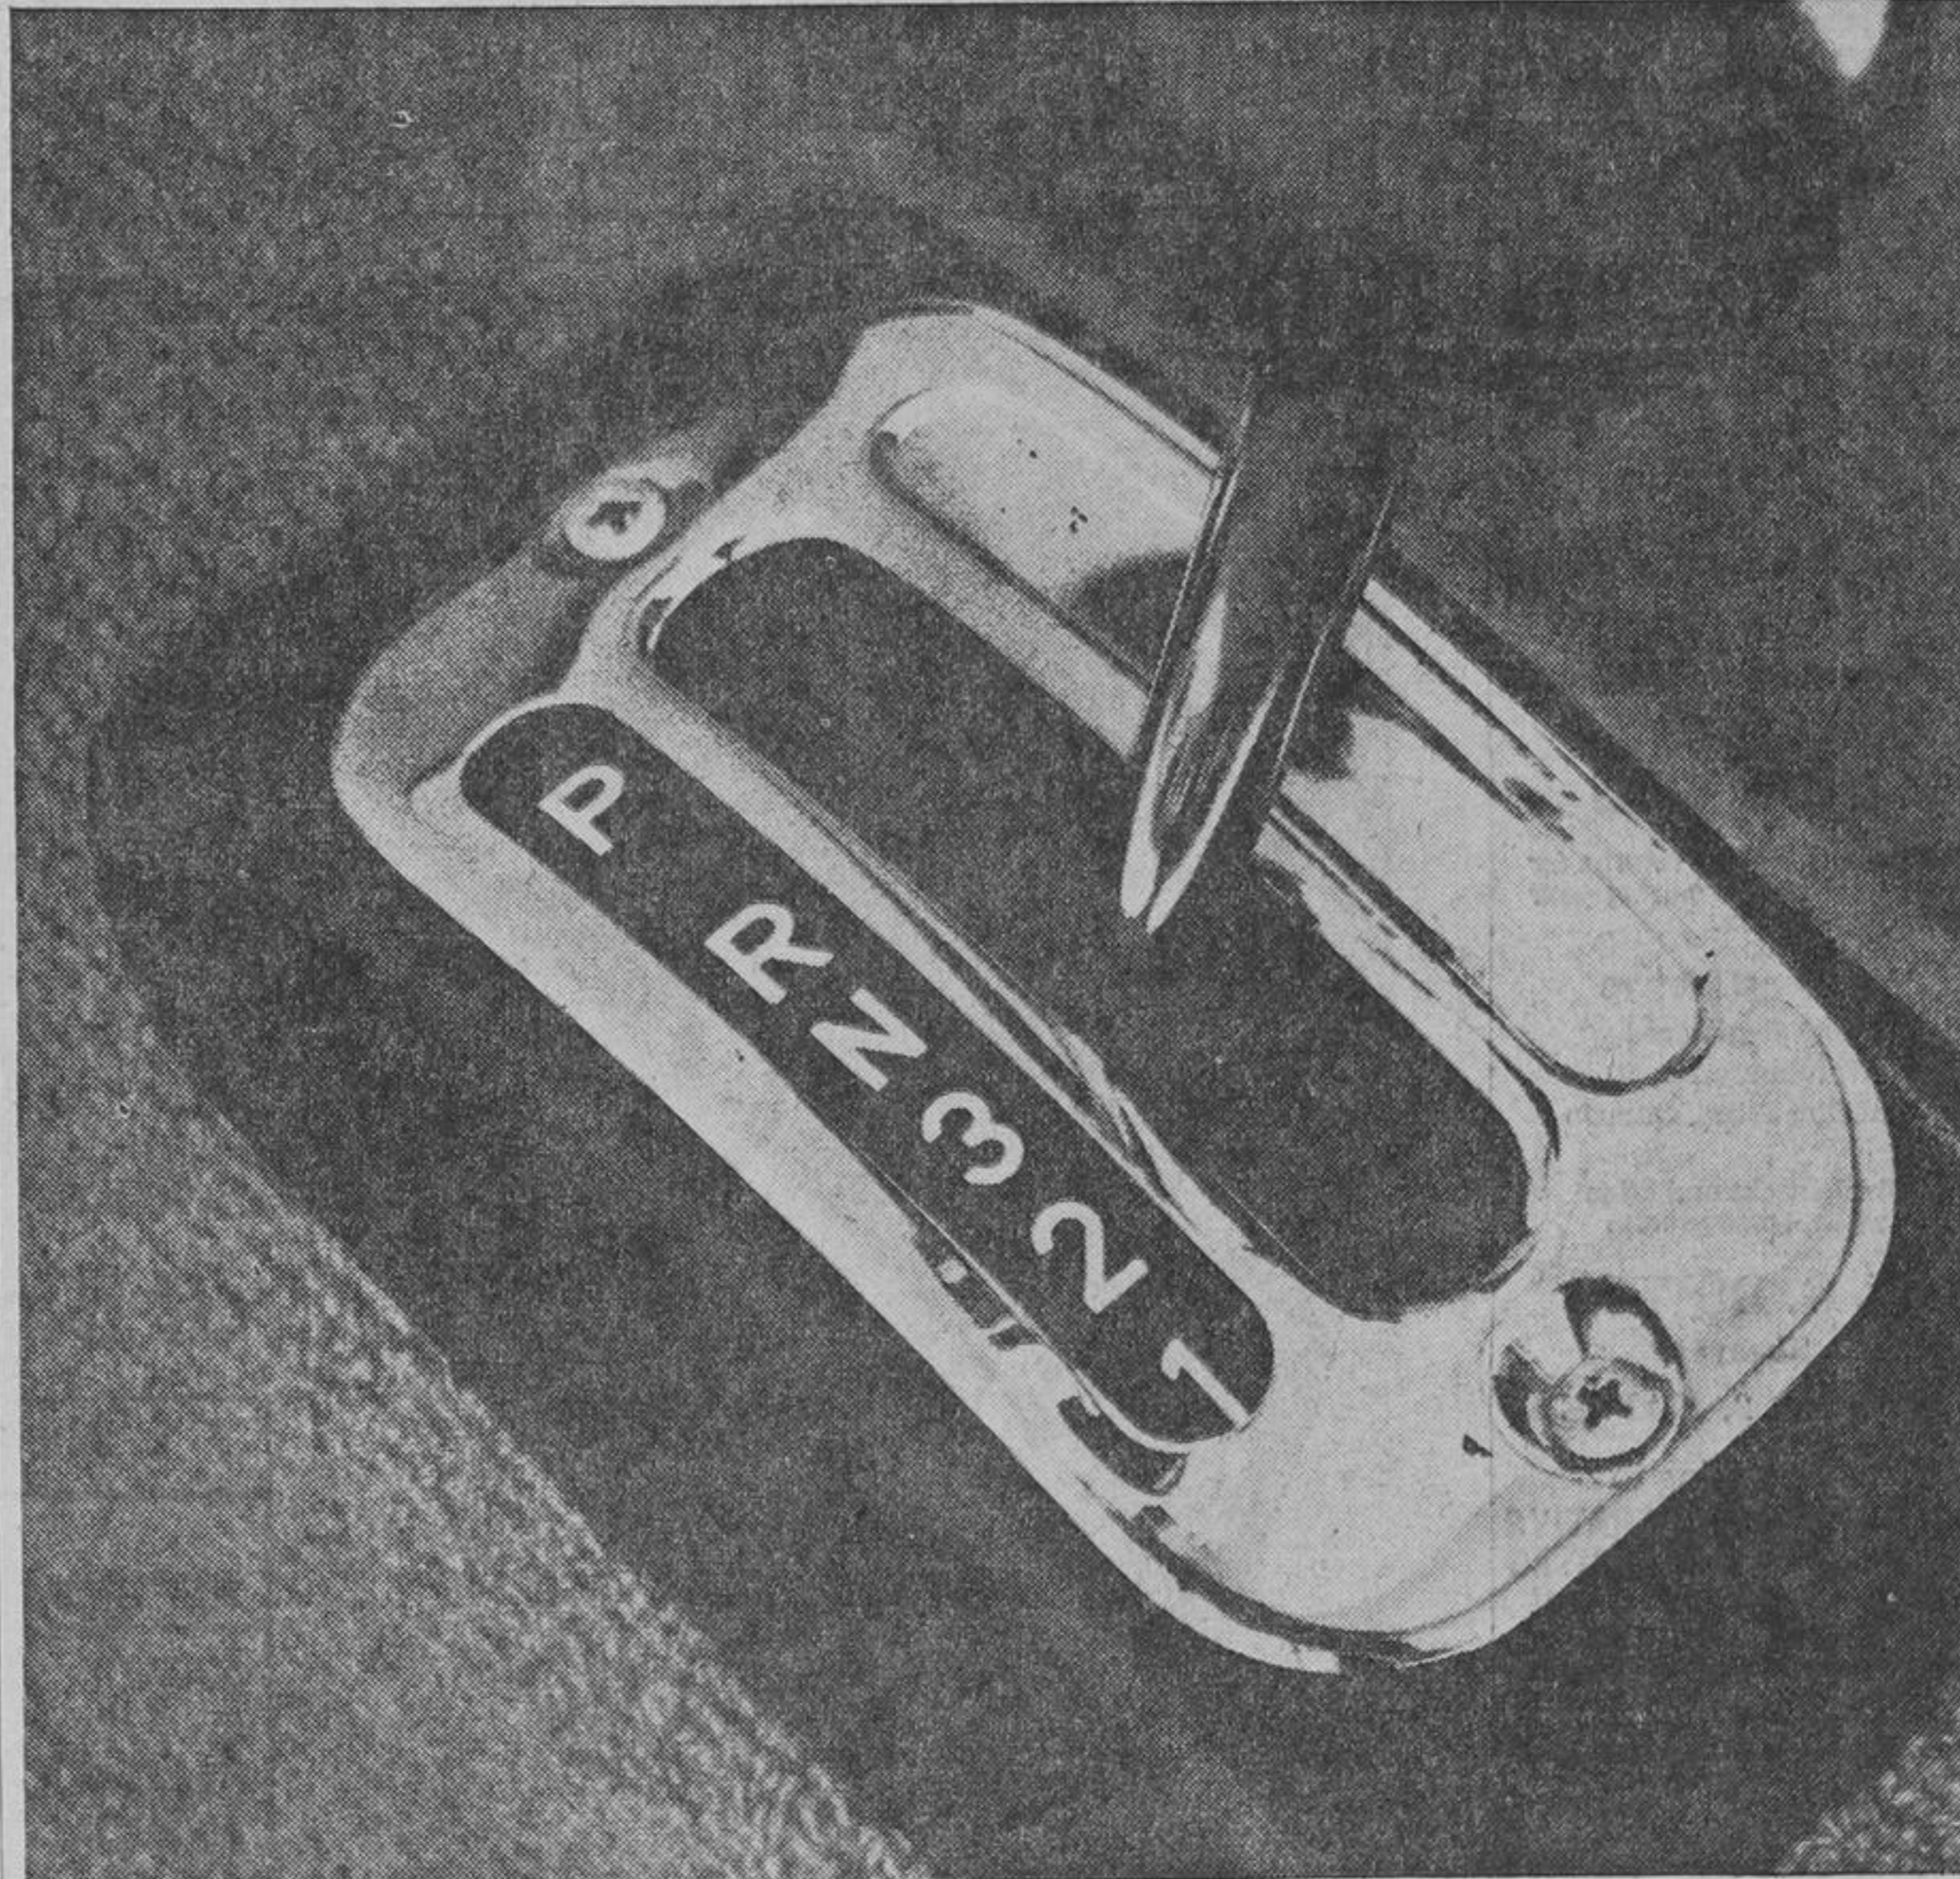

It pays, for instance, to have the full-time help of electricity on your side. A well-stocked, frost-free refrigerator-freezer. A modern electric range with time and temper-saving self-cleaning oven. Small electrical helpers for quick mixing, beating, frying, percolating, opening of cans. And with a dishwasher, there goes another big chore.

As for the laundry...you can forget it. An automatic washer and electric clothes dryer will take loads off your hands, anytime.

It pays, too, to have lots and lots of hot water always at the ready. (You can count on a Cascade electric water heater for that one.)

In fact, electrical help need never end — as long as your home has ample wiring, outlets and switches. If it hasn't, speak to a qualified contractor about Electrical Modernization. (And the Hydro Finance Plan.) Make it soon. You'll be so much happier when you hear that shout, "Mom...we're home!"

Full-time electrical help depends on up-to-date wiring

## How to get your wife into a Volkswagen.

Have you shied away from a Volkswagen because your wife shies away from a stickshift? Does she appreciate the economical idea of a VW, but not the way the idea looks? We are happy to be able to tell you that we have solved this age-old problem in the age-old manner: by giving Woman everything she wants.

The Volkswagen Squareback Sedan. The Squareback (along with our Fastback and Notchback Sedans) is available with fully automatic transmission. All she has to do is put it in Drive, and drive.

Of course, because the Squareback also comes with enough room to carry camping gear, lumber or lawnmowers, you'll probably want to borrow it a lot.

Which poses a whole new problem: Getting your wife out of a Volkswagen.

The Volkswagen Squareback.
