

High School Sports

Bryan Hills

Bryan Hills, 17, of 261 Carrville Road in Richvale, is a grade 11 student at Langstaff Secondary. This young man is a second year intermediate for the school's very fine track team. He has proven over and over that he is one of the zone's top runners.

BRYAN HILLS
Langstaff Track Star

Bryan has competed in track for three years — i.e. since grade 9. He states that the only reason that he started off in running was because he "wanted to participate in school sports". He not only runs for the school, but he also runs for the Etobicoke Track Club. Bryan has chosen to specialize in the 440 and 880 yard runs. Of these he prefers the half-mile because it is more exciting and offers a greater challenge.

Although he is frequently a half-mile man on the relay teams, his coach, Doug McCammon, seems to feel that Bryan runs a better individual race. However, Bryan does not mind running on the relay teams. His reason? "I like to run." This young man is not only a star during track season, but also during cross-country in the fall. Apparently Bryan really enjoys cross-country running. (I can't say that I blame him.) He does feel that it is hard — most races for his age group are around three miles — but because it's running, he doesn't mind the length of the race. Cross-country is also excellent training for an 880 man. Although speed is not emphasized, endurance is. Now I'm not saying that Bryan is good at the 880 because he runs cross-country. I am saying, however, that through cross-country, he and other runners are building up endurance — resistance to fatigue.

An 880 runner must give all he can throughout the entire race, and this is when the training he has obtained in cross-country is used to its fullest capacity and to his best advantage.

Bryan is definitely not a one-sport man. He played basketball for the football team, plays basketball, ice hockey, participates in swimming and just about every other sport, including KARATE. So far Bryan has won a hockey trophy and a cross-country trophy plus 23 ribbons for track. I'd say that he was doing all right for himself. Doug McCammon feels that Bryan has a lot of potential. According to him, Bryan is "co-operative, coachable, dedicated, and hard-working. Because of these fine qualities he could develop into a very good runner."

Langstaff's young athlete is pretty well satisfied with high school sports. The only thing he would like to see is "a few more meets because there is some great potential in the high schools of this area."

Bryan recently ran in the Georgian Bay Track Meet and he qualified for the All-Ontario Track Meet, in the 400 metre run. On behalf of the Zone 6 coaches and athletes, I wish Bryan the best of luck in this upcoming race, and every other race he runs in the future.

Girls' GBSSA Results

Congratulations are extended to the Langstaff girls who recently obtained the Georgian Bay Track Championship. Langstaff won with a total of 55 points. Second was Newmarket with 41 points. Other Zone 6 results are: Richmond Hill, 26 points; Bayview, 17 points; Thornhill, 13 points; Thornlea, 11 points; and Woodbridge, 4 points. All point awards were based on the 5-3-2-1 system.

The following ledger will be used for the results of the Zone 6 point winners: Lang — Langstaff, RH — Richmond Hill, TH — Thornhill, Bay — Bayview, Wood — Woodbridge, TL — Thornlea, N.R. — new record and T.R. — tied previous record.

In all of the results, the number before the girl's name is the position in which she finished. The number after the name is the time, distance or height.

Neighborhood News

Arrangements have been finalized for the visit of Jamaican students to the Jefferson community. The plane will arrive at Toronto International Airport, Malton, at 9 pm Sunday evening and the children will travel directly to the homes where they are staying. It is hoped that the RCMP officers on duty at the airport at that time will be allowed to wear their dress uniforms, scarlet tunics and gold striped riding breeks.

Monday the Jamaican children will spend the day at Jefferson School and in the evening the whole community is invited to a box lunch at the school. The operetta, "The Gallant Tailor" will be performed.

The visitors from the Caribbean will spend Tuesday at the Toronto-Dominion Centre, then on to Queen's Park where they will meet Education Minister William Davis. Wednesday they will have an opportunity to enjoy swimming, boating and a barbecue, Canadian style, at the Smith's cottage at Honey Harbor on Georgian Bay. They will also visit the reconstructed St. Marie among the Hurons at Midland.

Thursday will bring another morning at school until noon. From 1:30 to 2:30 the Double-Rink Arenas, Jane Street, at Highway 7 has been booked for a hockey demonstration by the boys of the school and with an array of skates it is hoped to fit the Jamaican youngsters so they can try this winter sport. Then they will return to the Phillips' residence on Yonge Street (south of St. John's Church) for a barbecue. After 7 pm the Caribbean Melodians Band will be in attendance.
