4+2 BELT-O-GLASS

Missed out on our spectacular June Sale of 4 + 2 Belt O' Glass Tires?

Because we disappointed some of you with lack of stock in last month's sell-out success, Canadian Tire felt obligated to repeat the big offer. Be sure you catch it this time!

Check the list price—then what you actually pay for these super-strong tires. About half what you'd expect! Their almost truck-tire toughness make them a natural for station wagons or cars piling up big mileage!

If your need doesn't go beyond normal passenger car service, the Turnpike 2+2 Polyester Glass is your best bet. You could pay up to twice our Factory Door price elsewhere—and you wouldn't get a better tire.

*MANUFACTURER'S LIST PRICE

Each manufacturer publishes a list of prices. Grade for grade, these prices are similar. Other advertised tire sales offer a second tire at half price, or a fourth tire free—which is the same as 25% off list price. Canadian Tire prices are 25% off, and up to ANOTHER 25% off that! Compare for yourself!

BUILT for SPEED

Whippet—big 78 Series dimension. Tread-pattern and shape like a European radial. Double-ply, double-strength cushion-ride. Dupont Nylon runs cooler at tortuous speeds. But for gravel and backroad use—or if it's big mileage you're after—investigate 'double mileage' Glass Belted tires above at half the price you might expect to pay.
